An Important Element
Of the success of Hood's Sarsaparilla is
the fact that every purchaser receives a
fair equivalent for his money. The fam-
iliar headline "100 doses \$1" stolen by
imitators is original and true only of
Hood's Sarsaparilla. This can easily be
proven by any one who desires to test the
matter. For real economy buy Hood's
Sarsaparilla. Sold by all druggists.

To My Friends.
As you are well aware that I would not
recommend that which I did not believe
to be good I desire to say to all who need
a good reliable family medicine that I
believe one bottle of Sulphur Bitters will
do you more good than any other remedy
I ever saw.—Rev. Cephas Soule.

If You Wish
To enjoy good health, and prevent the
seeds of disease from ripening in your
system, you should use the best medicine
in the world, Sulphur Bitters, which will
prevent your system from being all run
down by making it strong and vigorous.—
Rev. W. R. Snow.

Are you weak and weary, overworked
and tired? Hood's Sarsaparilla is just the
medicine to purify your blood and give
you strength.

THAT HACKING COUGH can be
quickly cured by Shiloh's Cure. We
guarantee it.

A LINGERING DEATH.

Experts say that the Electrical Machine
Which is Proposed to Use in Executing
Murderers in New York is an Instrument
of Cruelty.

NEW YORK, July 16.—At the Kemmler
residence yesterday David L. Gibbons, one
of the electrical commissioners, was the
first witness called. His testimony was
against the use of electricity for capital
punishment. John W. Noble, an electrician
who for some years has been connected with
the Westinghouse company, testified to the
experiments conducted by a former wit-
ness, Brown, upon dogs at Edison's works.

He described their sufferings as something
terrible to look at and emphatically said
that the animals were not killed outright,
but suffered a lingering death.

Alex McAddie, who described himself as
an expert on atmospheric electricity, stated
that he doubted if the machine proposed
to be used by the State would kill a man.
Science had not as yet demonstrated
the fact that a current can, with any cer-
tainty, be driven through the vital part of a
man's anatomy. Continuing he said that,
assuming the man was not killed, the effect
would be a slow carbonizing of the victim.

McAddie had known cases where people had
been struck by lightning and thought dead,
but recovered. In all cases where death had
not occurred the suffering was intense.

SIGNING THE TREATY.

**Work of the Sioux Commission Likely to
be Successful—Only a Few Hostile Reds
Hold Out.**

FORT BERNETT, Dak., July 16.—General
Crook, speaking of the outlook of the Sioux
Commission, expressed his belief that the
 requisite number of names would be secured.
The commission, he said, had been on the
reservation thirty-eight days, and had ac-
cured nearly 5,000 signatures and only about
1,200 more are needed. Of the 100 Indians
who have not yet signed only a few hundred
are reported hostile, and information from
Rosebud, Pine Ridge, Lower Brule and Crow
Creeks is to the effect that additional signa-
tures are being secured every day.

The agents at each place are rounding up
the scattering ones and they only lack a few
hundred of having the necessary three thou-
sand, and they will more than get these at
Crow Creek. The commission fully ex-
pects to succeed, and is determined to push
the work thoroughly to the end and go over
the ground again if necessary. It expects
to have the required three-fourth of sixty
days from the time it had its first council,
unless it strikes an unexpected snag.

Charles Quazell Settled.

NEW YORK, July 16.—The Catholic News
has received the following from Rome: The
Propaganda has rendered a decision in the
controversy between Bishop McQuaid, of
Rochester, and Father Lambert. It is de-
cided that Father Lambert is still connected
with the diocese of Rochester. This is a
point against the Bishop. It is further de-
cided that Father Lambert, by his acts,
justly deserved suspension. As to the fu-
ture course of priest and prelate, it recom-
mends that Father Lambert seek reconcilia-
tion with his superior, who in turn must
provide a place for him in his diocese.

Thieving Elopers Arrested.

PHILADELPHIA, July 16.—Robert Smith-
waite, aged twenty-two years, and Anna
Stevens, aged fifteen, of Steubenville, O.,
were arrested here Monday on a telegram
from the mayor of that place. The couple
stole \$500 from the girl's father Saturday
night and came to Philadelphia. When
searched over \$400 of the money was found
on them. The girl confessed taking the
money from her father and said they were
on their way to Trenton, N. J., where Smith-
waite proposed to work in the pottery. They
will be held to await the arrival of the
Steubenville officers.

\$4,000,000 at Stake.

SAN FRANCISCO, July 16.—The contest
over the property of the late Thomas H.
Blythe was commenced in court yesterday.
It promises to be one of the most celebrated
cases ever brought to the attention of the
courts on the Pacific coast, as the property
involved is valued at \$4,000,000 and the
claimants number over 300 persons. The
most prominent of these is Florence Blythe,
who avers that she is the illegitimate child
of the deceased millionaire, and Alice P.
Dickerson, who claims that Blythe recog-
nized her as his wife.

Served Him Right.

NEW BRUNSWICK, N. J., July 16.—John
Bennett, son of a wealthy farmer of James-
burg, and a married man, recently became
infatuated with an Irish girl named Hullah,
and is alleged to have paid his wife to leave
him. He continued his improper relations
with the girl and gave her deeds of prop-
erty worth \$12,000. The girl then left him
and married her cousin, a man named Jobba.
Bennett is said to be losing his mind.

An Emphatic Denial.

BAR HARBOR, Me., July 16.—The reported
resignation of Secretary Blaine is positive-
ly and emphatically denied by Walker
Blaine, who is here to consult the Secre-
tary upon matters pertaining to the State
Department. Mr. Blaine's health is said to
be good by friends who see him daily.

Road Reported as Unsafe.

COLUMBUS, O., July 2.—Speaking of the
wreck on the Ohio & Northwestern railroad
near Cincinnati last Friday, when a passen-
ger train went through a trestle, a gentle-
man who seems to know says the road has
been reported several times to the Railroad
Commissioner by State Inspector Larsen
as being in an unsafe condition. The report
can not be verified as Railroad Commis-
sioner Cappeller is out of the city.

Will Serve One Year for Forgery.

CLEVELAND, July 2.—Charles Albright, a
United States prisoner, who was brought
from Toledo Sunday night and lodged in
jail by United States Marshal Wade, was
taken to the workhouse Monday morning,
where he will serve one year for forgery.
Albright was recently convicted at Toledo
of forging a pension voucher and Judge
Hammond sentenced him to a year in the
Cleveland workhouse.

Death Cause Not Truly.

SIDNEY, O., July 2.—Louis Macchiet, a
young man twenty-six years of age, worked
until noon putting up a picket fence. He
started home to dinner with his brother,
but they separated. After going a short dis-
tance Louis was seized with a hemorrhage
of the lungs. He called for help and his
father ran to him. The young man was not
able to speak and died in the road in his
father's arms.
