

FREAKS OF A TORNAO.

Strange Phenomena Occur in a Florida Town.

A Horse, Buggy and Boy Lined Into the Air and Blown 200 Feet Away, Killing the Lad.

Freight Car Turned Over Twice and Thrown a Distance of Sixty Feet—Great Damage Done to a Hotel.

JACKSONVILLE, Fla., Sept. 24.—A tornado passed over Pablo Beach, sixteen miles from here, at six o'clock last evening and did great damage to Murray Hall, an immense beach hotel. The tin roof was torn off, the windows and doors burst in and the building left in a generally shattered condition. The servants' quarters and carpenter shop near the hotel was completely demolished. Prince O'Neil, a boy thirteen years old, was standing by the horse and buggy of Lawrence Hayes, near the dancing pavilion, awaiting the arrival of the evening train. The horse, vehicle and boy were lifted into the air and blown nearly 200 feet to the beach. The boy was killed outright.

A freight car on a side track was lifted in the air, turned over twice and landed on the north side of the main track, sixty feet distant. A passenger train due at six o'clock was half an hour late, owing to obstructions on the track. Had it arrived on time a hundred cottagers returning from the city would doubtless have been killed, or seriously injured. The force of the wind was such that pieces of timber were driven through the two-inch plank flooring of the railroad station and were with great difficulty extricated for the passage of the train. The cottagers escaped with little or no damage, and no serious injury to persons is reported beyond the death of the O'Neil boy.

The damage to Murray Hall and surroundings is estimated at \$10,000. It is closed for the season last Wednesday. It is owned and managed by John G. Christopher, of this city. Great excitement prevails among the cottagers, but the weather is again perfectly calm. The tornado covered an area of not over seventy-five feet in its revolutions and buildings and persons outside of this circle were uninjured. The tornado was less than three minutes in duration and passed off toward the northwest.

VON DER AHE'S FINE STANDS.

The "Boss President" Must Pay \$1,500 for Refusing to Play a Game With Brooklyn, But One of the Games Forfeited to Brooklyn Will be Counted for St. Louis.

CINCINNATI, Sept. 24.—Messrs. Von Der Ahe and Byrne, each with a contingent of interested parties, arrived here yesterday morning to attend the meeting of the American Association at the Grand Hotel to investigate the Brooklyn-St. Louis squabble, caused by the latter club leaving the Brooklyn grounds on account of alleged unfair umpiring, and to inquire into the action of the St. Louis club at Brooklyn in absenting itself from the grounds after 20,000 people had assembled to witness the game. At eleven o'clock the board of directors went into secret session to consider the matter.

The directors of the Association decided that the first of the disputed games be given to St. Louis by a score of 4 to 2 and awarded the second game, at which the St. Louis club failed to appear, to the Brooklyn club by a score of 9 to 0. The fine of \$1,500 against the St. Louis club for failing to play this game must stand. The directors also censured the players of both clubs for their conduct in endeavoring to delay the first game and also recommend the dismissal of umpire Goldsmith for incompetency.

Supposed to be the Robbers. NEAGUES, Mich., Sept. 24.—Saturday before the news of the bank robbery at Hurley had reached here, four freshly dressed strangers arrived in this city by the east-bound train of the Duluth, South Shore & Atlantic road. They took dinner at the Breitung House, where their appearance and actions excited suspicion. The spokesman of the party carried a grip and took it into the dining room at dinner time. The others had no baggage whatever. No one here had ever seen the men before. After dinner they inquired about the trains, and left on the first passenger train for Chicago.

He is a "Summer Candidate." WASHINGTON, Sept. 24.—Civil Service Commissioner Rowser has returned from his vacation, which he spent in Idaho bag and deer hunting. He said in regard to the newspaper talk about his being a candidate for the Senate from North Dakota that there was nothing in it, and the first he had heard of it was when he came east. "I may be what in New York is called a 'summer candidate'—a 'summer candidate' is one who is run in the newspapers and is almost elected by his friends, but when the real election comes on in the fall, is never heard of. No, I'm not a candidate."

Searching for a Villain. YONKONOS, O., Sept. 24.—Officers from Meadville, Pa., are searching for Gas Williams, who formerly resided here, but for two years past has been in the laundry business in Meadville. Williams, who is the head of a family, betrayed Julia Carmon, aged seventeen, and afterwards secured the services of a Mohican physician and an abortion was performed, from the effects of which the girl died last Wednesday. Williams left town before the officers arrived.

Cleveland Races. CLEVELAND, O., Sept. 24.—The fall meeting of the Ohio Trotting Horse Breeders' Association opened yesterday with a small attendance. The first race, for two-year-olds, was won by Oak Leaf. In the three-year-old class San Mato had a walk-over. Time, 2:30 1/2. The four-year-old race was won by Clonmore. Best time, 2:30 1/2. Hick-thrift won the fourth and last race, 2:30 class, Melrose second. Best time, 2:30 1/2.

Will Not Permit Discrimination. CHEYENNE, Wyo., Sept. 24.—The constitutional convention yesterday commenced what is intended to be the final work of the session by adopting several chapters. The legislative apportionment was determined. A board of arbitration will settle all strikes. Foreign police are excluded. Railways are to transport only employees and their families free of charge and must not discriminate in making rates.

It May Be Another Haybrick Case. LONDON, Sept. 24.—A post-mortem examination of the body of Mr. Weldon, the wealthy merchant whose death occurred last week under suspicious circumstances and whose remains were exhumed on Sunday, was held yesterday and the coroner will begin an inquest to-day. The dead man's brothers are confident that he was poisoned by his wife.

Examination of Cronin's Jervis Contention. CINCINNATI, Sept. 24.—Serfentom testimony was given by the witness in the Cronin trial yesterday. Two were temporarily passed by the State, one of them being partially examined by the defense when the court adjourned for the day. The State used two peremptory challenges.

THE MISSING PORTER

Of the C. H. & D. Road Tells About the Famous Trip

Made by Ives, Stayner and Woodruff from Cincinnati with the Transfer Books of the Company.

The Defense Reits Its Case and the Jury is Addressed by Ives' Counsel—The Case Will Probably be Decided To-day.

New York, Sept. 24.—The case of Henry S. Ives was resumed yesterday morning in General Sessions. James H. Wilson, sworn of the C. H. & D. private car, was porteur for the defense. The witness testified that he left Cincinnati for this city on Friday night last. He remembered the date of Ives and Stayner's departure from Cincinnati in 1886, because there was an election of officers held the same day. He knew Woodruff, Stayner, Mrs. Stayner, and Ives very well. When the car left Cincinnati the party stopped at Dayton, where Mr. Ives met a friend. Woodruff had told him that he would have come books and papers to take care of, and he had previously gone to the office in Cincinnati and was handed these books and seal by somebody whom he could not remember. "I took the books to the car and locked them up. When the party arrived in New York Mr. and Mrs. Stayner and Miss Stayner took a carriage and Ives and Woodruff got in a cab and went to their office; I brought over the baggage of the party from Jersey City."

The witness went on to tell how he immediately returned to the car in Jersey City, took out the books and seal from the locker and brought them over to No. 25 Nassau street, this city. Ives and Woodruff were there, witnesses waited until they arrived. The cross-examination at this point switched off on the subject of the detention of the witness by the authorities of the road, as charged by lawyer Brooks, and several telegrams were read by both sides. One read: New York, Sept. 24.—Your seal lies at the point of death. Come here immediately. W. B. Wilson.

This was alleged by Colonel Fellows to be a ruse resorted to by the defense for the purpose of securing the attendance of the witnesses. The prosecution then brought out the fact that Wilson did not see the contents of the package at all, although he had seen the seal unopened. They only looked and felt like books, and that was as far as his knowledge went. Then, to the surprise of all, the defense announced that it had finished. Lawyer Brooks then moved that the recorder instruct the jury to acquit the defendant. After some wrangling over a legal point the recorder denied the motion. Lawyer Brooks then proceeded to make his closing speech to the jurors.

Mr. Brooks finished his address to the jury at four o'clock, when the court adjourned until this morning, when the District Attorney will sum up the case for the prosecution. Mr. Brooks in his speech claimed that Russell Sage and Sidney Dillon were at the bottom of the prosecution of Ives.

SINGULAR ACCIDENT.

A Huge Stone Crashes Through the Roof of a Passenger Coach, Severely Injuring Three Persons.

SPRINGFIELD, Mass., Sept. 24.—While a two-ton stone was being swung into place yesterday by Norcross Bros' workmen it struck train No. 49 on the New York, New Haven & Hartford railroad, just as it was crossing Main street, and it crashed into one of the cars. Three of the passengers were severely injured. Daniel Callahan, of Hartford, had two ribs broken and suffered a dislocation of the shoulder. Mrs. Abbie Callahan, his wife, had her left shoulder bruised and received a wound on the head. Kate Dannehay, of Holyoke, received a wound in the temple, which resulted in a concussion of the brain.

The accident could not have been averted, the stone getting beyond control of the workmen.

Mahone's Greatest Effort.

ARLINGTON, Va., Sept. 24.—General Mahone arrived here yesterday and was greeted by a large crowd at the depot. A procession was formed and the General was escorted to his hotel in triumph. At the Republican rally he made what his supporters declared to be the best effort of his life in the way of speech making. The crowd that listened to General Mahone was not confined to his own political party, scores of men cheering for McKinney, without, however, seeming to annoy the General very much.

Locomotive Engineer Killed.

TRERAC, N. Y., Sept. 24.—The Delaware, Lackawanna & Western train due here at 5:40 last evening, met with an accident as it was descending the heavy grade by which the road reaches this city. A spreading of the rails threw the locomotive from the track and down a steep embankment. The locomotive was completely wrecked and engineer Orlando Seely was instantly killed. All of the coaches remained on the track and none of the passengers were injured.

Collision Between Lake Steamers.

SAND BEACH, Mich., Sept. 24.—The steam barge R. L. Fryer came in the harbor of refuge yesterday, towing the Oceanica. The two steamers had collided off Port Aux Barques and the Oceanica was taking in water in spite of her pumps. Her sides and decks were badly sprung, but the principal damage seemed to be below the water line and can not be estimated except by a diver. The Fryer was not hurt. Both captains are reticent about the cause of the accident.

The Confession is False.

CAMDEN, N. J., Sept. 24.—Prosecutor Jenkins denies the alleged confession made by the negro Murray in the Laconey murder case. He said: "Some of the facts are true and have been published before, but as an entirety it is untrue. The statement that the State had information about a will left by Richard Laconey in which the bulk of the property was left to Annie Laconey is positively without foundation."

Indicted for Murder.

CHICAGO, Sept. 24.—The grand jury yesterday returned an indictment for murder against W. E. Purdy, the traveling companion of Samuel E. Reisinger, who was found dead near Calumet. An officer has left for Mansfield, O., where Purdy is held under arrest, to bring him to this city.

Miss Fatalities.

ISPRINGMICH, Sept. 24.—Michael Carina, an Italian miner, forty years old, was killed by a fall of rock in the Calumet and Hecla mine yesterday morning. He leaves a widow and three children. Hans Britton stole a ride on a ship in the Alloway copper mine when he fell off, dropping 600 feet. He leaves a wife and four children.

Dropped Dead.

NEW YORK, Sept. 24.—Miss Elizabeth McDermott, an elderly lady of No. 73 West Forty-fifth street, dropped dead while walking on Fifth avenue Sunday evening in company with another lady and Rev. Parker Morgan, of whose church she was a member. The cause of her sudden death is not yet known.

FAILED FOR \$400,000.

The Extensive Publishing House of Belford, Clarke & Co. Passes Into the Hands of a Receiver.

CHICAGO, Sept. 24.—The mammoth publishing house of Belford, Clarke & Co. which has a large establishment here and branches in New York and San Francisco, failed Monday afternoon. The assets are estimated at between \$300,000 and \$500,000 and the liabilities are at least \$400,000. The heaviest creditors are in New York and San Francisco. A receiver has been appointed who will continue to publish Belford's Monthly, a magazine which the firm has been publishing for some time and which has a subscription list of over 25,000.

New York, Sept. 24.—The sheriff yesterday took possession of Belford, Clarke & Co.'s place of business in this city, on an attachment for \$25,000 obtained by G. F. Shepard, as assignee of the claim of the First National Bank of Chicago. The Brooklyn branch was seized. Bradstreet's says that the business was started in 1879. The house has a credit of \$1,800,000, but came out all right both times and was extending its business largely until a fire in 1886 somewhat crippled it, and it has since been reducing its expenses. It did business largely on borrowed capital.

WON THE \$10,000 RACE.

The Greatest Trotting Event of the Year Results in a Victory for Nelson.

Boston, Sept. 24.—The great stallion trotting race for the Balch stakes of \$10,000 was trotted yesterday at Beacon Park before 15,000 persons. The weather was perfect and the track was in very good condition for fast time. Nelson and Alcyon were greeted with long continued applause when they appeared. The betting just before the race was \$100 to \$50 on Nelson against Alcyon, and \$15 to \$10 against the field. At the last moment Mr. Nelson, the owner of the fleet Maine stallion, decided to hold the reins himself. Summary: Nelson 1 1 1 Pilot Knox 3 4 2 Alcyon 2 2 3 Juneymont 4 3 3 Granby 11 3 4 Time, 2:18 1/2, 2:17 1/2, 2:18 1/2.

Caused by a Misplaced Switch.

CHICAGO, Sept. 24.—The limited passenger train on the Northwestern railroad that left this city Sunday night was wrecked at Blackberry, a station about sixty miles from Chicago. An unknown train was killed, but no one else was seriously injured. Three passengers were slightly bruised and one suffered a scalp wound, but all were able to continue their journey. The accident occurred at the end of the double track and the freight train was at a standstill. The limited, which was running slowly, ran into them owing to a misplaced switch which had carried the freight train on the wrong track.

The Brotherhood's Offer.

MINNEAPOLIS, Minn., Sept. 24.—Overtures have been made to sever the crack players of the Western Association by members of the Brotherhood to join the Co-operative League. Duke, Hengle and Foster, of Minneapolis; Nichols, Clark and Nagle, of Omaha; Wilder, of St. Joe; Burdick, Crotty and Sewell, of Sioux City, are among those mentioned. The Minneapolis players do not deny having received offers, but have not yet accepted. The managers do not think anything will result.

Cattlemen Murdered and Robbed.

WICHITA, Kan., Sept. 24.—George Latham, a leading cattlemen of the State, was found dead Sunday twenty-five miles northwest of here. The body was close to a bridge, well covered with grass. Latham was here last Tuesday, and left for home late. He was known to have considerable money and a magnificent watch. The cash and time-piece are missing. It is believed he was murdered.

Heaviest Rainfall on Record.

JACKSONVILLE, Fla., Sept. 24.—Torrents of rain fell all day Monday and late in the afternoon there was an unprecedented electrical disturbance, followed by a hurricane and cloud burst which passed over the city to the northeast. The streets were flooded, sewers burst and pavements were washed out. The rainfall was the heaviest on record here for the same length of time.

Collided With a Steamer.

VINEYARD HAVEN, Mass., Sept. 24.—The schooner C. E. Schmidt, of Bridgeton, N. J., loaded from Gardner for Philadelphia, was in collision with the steamer Reading off Cross Rip yesterday. The schooner was cut below the water's edge on the starboard quarter and immediately filled.

VANDALISM CHARGED.

People at Lorain Claim That the Bodies of the Victims of the Yacht Disaster Were Robbed of a Large Amount of Money. CLEVELAND, Sept. 24.—More or less talk has been indulged in at Lorain since the burial of the Leo's victims in regard to the scarcity of money found on bodies recovered. John R. Tunte, whose body was found at the foot of Lawrence street and brought in by undertaker Heffron's men, assisted by an employe of the Otis Steel Works, was the only one whose funds were found intact. He had \$12.50 on his person, which is said to be the least amount carried by any of the excursionists, none of whom started away without some money. Surprise was manifested by employes of Hogan & Harris' morgue when Con Ritter's clothing was searched and found to contain no money, as men in the saloon business are usually in the habit of carrying considerable cash with them. Mr. Ritter is said, by Lorain parties, to have had at least \$150 on his person at the time of the disaster. Irvin D. Lawler's pocket-book was found to contain two promissory notes of a total face value of \$255, but the bills which were said to have been in the same wallet as well as a handful of small change, which he carried in his pants pockets, were missing when the body was removed from the water. Benjamin Klein had a twenty-dollar bill and gold watch on his person before leaving Lorain, but neither could be found when his clothing was searched.
