**DR. GOODES'
CELEBRATED FEMALE PILLS.**

These Pills are strongly recommended to the ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of Exercise, or general Debility of the System, Obstructions, Suppressions, and Irregularity of the Menstrual Discharge, at the same time strengthening, cleansing, and giving tone to the Stomach and Bowels, and producing a new and healthy action throughout the system generally. They create Appetite, correct Indigestion, remove Giddiness and Nervous Headaches, and are eminently useful in those Flatulent Complaints which distress Females so much as the *Toux* or *Lrys*. They obviate Constiveness, and counteract all Hysterical and Nervous Affections, likewise afford soothing and permanent relief in Fluor Albus, or Whites, and in the most obstinate cases of Chlorosis, or Green Sickness, they invariably restore the pallid and delicate female to health and vigour.

These Pills have gained the sanction and approbation of the most eminent Physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. To married females, whose expectations of the tenderest and most blissful happiness have been disappointed, these Pills may be truly esteemed a blessing from Heaven. They soon renovate all functional debility, and if taken, according to directions, obviate all morbid action. A medium thus safe and efficacious, will be found in
Dr. Goode's Celebrated Female Pills.

CERTIFICATES.

A Letter from the Hon. Abraham M'Clellan, Sullivan County, East Tennessee, Member of Congress.

WASHINGTON, July 3d, 1838.
Sir—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell County, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A. Garden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston Tazewell, East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like to agent at Blountville, Sullivan county East Tenn. I can get some of the merchants to act for you, as I live near there.

ABRAHAM M'CLELLAN, of Tenn.

To Dr. Wm. Evans, 100 Chatham St. N. Y.

ABRAHAM J. CREMER, residing at 66 West Street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking in the stomach, furrowed tongue, nausea; with restlessness. These had continued upwards of twelve months, when on consulting Dr. Wm. Evans, 100 Chatham Street, and submitting to his over successful and agreeably mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.

Dr. Wm. EVANS' Medical Office, 100 Chatham Street, New York.

THE FOLLOWING CERTIFICATE was handed to us by Mr. Van Schick, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted:
Mr. Stephen Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, went of appetite &c. After expending curing his confinement, nearly three hundred dollars without obtaining any permanent relief, he by accident noticed an advertisement of Dr. W. Evans, Camomile and Aperient Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out; in four months he could attend to business, and considered his disease entirely removed. The above information was given to the subscriber by Mr. Kendall himself; there can, therefore be no deception.

STEPHEN VAN SCHAICK.

Another very severe of Inflammatory Rheumatism cured by Dr. Wm. Evans' Medicine.—Mr. John A. Carroll, of the county of Westchester, town of North Castle, New York, had been severely afflicted with inflammatory rheumatism for fourteen months with violent pains in his limbs, great heat, excessive thirst, dryness of skin, limbs much swollen, was not able without assistance to turn in bed for six weeks. Had tried various remedies to no effect. Was advised by a friend of his to procure some of Dr. W. Evans' medicine of 100 Chatham Street, New York, which he immediately sent for; and after taking the first dose found great relief, and in continuing its use according to the directions for ten days, was perfectly cured. Allow me to refer any person to him for the truth of the above statement.

**THE OHIO STATESMAN.
SESSION PAPER.**

According to custom, we again present to the people of Ohio our prospectus for a paper during the session of the Legislature. Many persons who do not find it convenient to subscribe for a whole year, do so during the sitting of the Legislature, being desirous of seeing what is done by those in whose keeping they have entrusted the affairs of the State. To accommodate this just desire in the people to be thoroughly acquainted with every thing pertaining to their happiness and welfare, we have in this prospectus extended facilities and favors beyond what has been customary. We shall issue during the session a weekly paper (free of advertisements), at fifty cents—a semi-weekly at one dollar—a tri-weekly at two dollars, and a daily at three dollars. By this arrangement we will be able to accommodate every portion of the State by all the mails, and we hope our friends will not be remiss in availing themselves of these means of information. It is almost certain that every freeman should be fully acquainted with every question touching the welfare of the State and nation. The approaching session of the Ohio Legislature will be a most important one. No previous one has ever had the same number of delicate and exciting questions to meet and act upon—questions which cannot be avoided, nor disposed of in a moment. Among these are our Internal Improvements, and the expenditures under them. The condition of our Banks, and the banking system under the second suspension. The apportionment of the State into Senatorial and Representative districts, and a more just and equitable taxation by a re-valuation of property will be discussed. All these questions have been confided, by the overwhelming voice of intelligent freemen to the care and keeping of the democratic party, and it is important that that party should meet them in sober earnestness, and in that spirit of candor and patriotism which they will bring together, for the public good.

We shall also give such sketches of the doings of Congress as we conceive of immediate interest to the State, by the earliest aid of correspondents. By the aid of a daily and tri-weekly paper, we shall be able to throw out the earliest eastern news, foreign and domestic, which we hope will not be overlooked by those desiring such information, and with the aid of a power-press, on a new and improved model, we expect to add greatly to the facility of preparing our papers for the mails, without the loss even of an hour. We ask only such support as corresponds with our exertions to make our paper useful to the public.

**DR WILLIAM EVANS'S
SOOTHING SYRUP.
FOR CHILDREN TEETHING.
PREPARED BY HIMSELF.**

To Mothers and Nurses.

The passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this period. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms of peculiar parts; the child is irritable with extreme violence, and thrusts its fingers into its mouth. If these presymptomatic symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms would apply Dr. William Evans' Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocuous, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the syrup should be used on the gums to open the pores. Parents should never be without the syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and heals the gums, thereby preventing Convulsions, Fevers, &c.

Entered according to Act of Congress. Be particular that the label on the box expresses such. The genuine is vended by Agents only.

A severe case of Piles cured at 100 Chatham Street. Mr. Daniel Spining of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Had recourse to medicines of almost every description, also the advice of several eminent Physicians, but never found the slightest relief from any source whatsoever until he called on Dr. Evans, of 100 Chatham Street, New York, and procured some medicine from him, from which he found immediate relief, and subsequently a perfect cure.

Extract of a letter of Jonas Snyder, Post Master, Kornsville, Pa., to Dr. William Evans.

Among several cases, the following is found: An elderly lady, who had been 25 years so afflicted with nervous hydrochondria, debility, &c. that for the last 3 years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially with weakness in her head, on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health, which for the last ten years has not enjoyed.

(Signed,) JONAS SNYDER.
September 7, 1838.

Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicine.—DYSPEPSIA, TEN YEARS STANDING.—Mr. J. McKenzie, 176 Stanton Street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were.—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emaciation, depression of spirits, disturbed rest, sometimes a bilious vomiting, and pain in the right side, an extreme degree of languor and faintness;—any endeavour to pursue his business causing immediate exhaustion and weariness.

Mr. McKenzie is daily attending to his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He resorted to myriads of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

The above Medicine can be procured of all Dr. Wm. Evans' advertised agents in the United States, and throughout the World.
Dr. Evans, in order to prevent the patrons of his Medicines being imposed upon by counterfeiters, has had the labels of all his medicines entered according to act of Congress. He requests them therefore, to be particular in seeing that the labels contain the following notice:—
"Entered according to act of Congress by W. Evans, in the year 1839, in the Clerk's Office of the Southern District Court of New-York."

**DR. HUNT'S PILLS.
For Consumption, Dyspepsia, and Liver Complaint.**

Reader, are you afflicted with Indigestion, Costiveness, Sour Eructations, Loss of Appetite, Water Rash, Pain or Distress at the Stomach, Sickness after Eating, Languor, Palpitation of the Heart, Lowness of Spirits, Pain in the Head, Breast, Back, and Limbs, Dizziness and Confusion of Sight, a Fear of some impending Evil, Restlessness, a Dislike for Food, with other Nervous Symptoms, bring before you the Picture of the Dyspeptic, and Consumptive Patient. Having resolved to remedy them procure immediately a box of DR. HUNT'S PILLS, a never failing and efficacious remedy for those dreaded foes of human happiness, Dyspepsia, Consumption and Liver Complaint, and the whole train of melancholy affections arising from diseases of the Stomach, Liver, Bowels and Lungs.

**DR. HUNT'S
CELEBRATED PILLS,
FOR
CONSUMPTION, DISPEPSIA, AND LIVER COMPLAINT, &c.**

As the enjoyment of health depends on preserving the functions of the Stomach, Liver, Intestines and Lungs, in a healthy and vigorous state, through the operations of which the body receives its growth, its nutrition, its support, it can no longer be astonishing that when these viscera are deranged, and cannot perform their proper functions, the whole system suffers and becomes disordered. Knowing this to be a sound and demonstrated fact, in science and experience, Doctor Hunt's SYSTEM OF PRACTICE is in faithful accordance with it. He aims to keep the Stomach, Lungs and the Liver, in vigorous and healthy action, as the three great fountains of health and life. For this purpose his pills are compounded of herbs, which strengthen and equalize the action of the heart, and give an impulse or strength to the arterial system, at the same time quicken the action of the absorbent and discharging vessels; and as all the secretions are drawn from the blood, any morbid actions which may have taken place is removed, all obstructions are overcome, the blood is purified, and the body assumes a healthy state. These pills give tone to the stomach, increase the appetite, and eminently expel all acid or morbid matter through the excretory ducts into the passage of the bowels. In all cases of Consumption, Indigestion or Dyspepsia, Bilious Affections, or Liver Complaints, Heartburn, Sourness or Acidity in the Stomach, Tightness at the Chest, Loss of Appetite, Sick Head Ache, Pain in the Head, Back, Limbs and Side, Flatulency, Typhus and Scarlet Fever, Putrid Sore Throat, Fever and Ague, or Intermittent Fevers, Gout, Rheumatism, Lumbago, Sciatica, Spasmodic Affections, and Tic Douloureux, Convulsions of Children, Measles, Small Pox, Hooping Cough, Rickets, Teething, Worms, Female Obstructions, Chlorosis or Green Sickness, and Rejections of Food, and Costiveness, Colic, whether flatulent or Bilious, follow the DIRECTIONS.

DOSE.—Take from three to ten pills, till they operate, two or three times daily. The use of the pills must be persevered in till a cure is effected.

INTERESTING AND APPLICABLE TO THE AFFLICTED

DISEASES OF THE STOMACH, OR NERVES!
Such as DYSPEPSIA, either Chronic or casual, under the worst symptoms of restlessness, Lowness of Spirits and General Emaciation; CONSTIPATION, whether of the Lungs or Liver; LIVER AFFECTIONS, JAUNDICE, both Bilial and Spasmodic; Costiveness; Worms of every variety; Rheumatism, whether Acute or chronic; together with GOUT, Sciatica, Pains in the Head, Back, Limbs, and Side, Typhus Fever, SCARLET FEVER, Putrid Sore Throat, FEVER and AGUE, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysteria, Tic Douloureux Cramp, Female Obstructions, Heartburn, Headache, Cough, the Common or humid, and the Dry or the Whooping ASTHMA, Gravel and Dropsy.

The Blood has hitherto been considered by Empiricks and others, as the great regulator of the human system, and such is the voracity of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health and vigour emanate, and *vice versa*, pain, sickness, disease and death. Not so will DR. HUNT whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflecting will convince any reasoning mind of the correctness of his views—that the stomach, liver and the associated organs are the primary and great regulators of health, and that the blood in very many instances is totally disconnected with the first and succeeding stages of disease, and that unless a medicine reaches the root of the disease, the superficial agency usually prescribed, serve but as fails to cover the ravages of deep-rooted maladies. Under these convictions, at the expense of years to close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a firm conviction of its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to ascribe to

HUNT'S PILLS

supernatural agency, although from positive proofs within the knowledge of hundreds, he is prepared to show, that when every other earthly remedy has failed,
HUNT'S PILLS
have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART.

A Medicine that will perform what it promises, is a public benefactor, such DR. HUNT'S Celebrated Pills have proved themselves to be, by having been successfully tried in all parts of the country. A Medicine so compounded, that it produces a free circulation in the vessels on the surface of the body, cleanses and strengthens the Stomach, Liver, and Lungs, gives a healthy tone to all the Viscera, and by promoting the insensible, removes all febrile or inflammatory action, and imparts muscular strength, energy and vigorous health to the whole frame, most consequentially be esteemed a public benefactor. They do not exhaust the digestive organs, still their action is more universal, and they may be often repeated, not merely with safety, but with much benefit. This becomes essential in cases of long standing, for in them temporary impressions rendered by violent medicines, shroud if ever do good, and tend to impair constitution. Dyspepsia, both chronic and dily-

ent, under the worst symptoms, lowness of spirits, depression after eating, watchfulness, loss of appetite, general debility, and emaciation, in a season removed by the use of the above Pills. CONSUMPTION, that insidious destroyer of the human family, and its attendant train of horrors, greenish and bloody spittle, clammy night sweats, general emaciation, prostration of strength, all will be relieved by the timely administration of Dr. Hunt's Pills, and, if taken according to directions, completely removed. In Liver Complaint, Jaundice, both bilious and spasmodic, their influence is truly astonishing. In all cases of Hypochondriacal Low Spirits, Palpitations of the Heart, Nervous Irritability, Nervous Weakness, Flator Albus, Seminal Weakness, Indigestion, Flatulency, Heartburn, Bodily Weakness, Chlorosis or Green Sickness, Flatulent or Hysterical Faintings, Hysterics, Head Ache, Sea Sickness, Nightmare, Gout, Rheumatism, Asthma, Tic Douloureux, Spasmodic Affections, Nausea, Vomiting, Pain in the Side, Limbs, Head, Stomach or Back, Dimness or Confusion of Sight, Noises in the Inside, alternate Flushings of Heat and Chillsiness, Tremors, Watchings, Agitation, Anxiety, Bad Dreams, Spasms, all may be completely removed by the use of the above Pills.

**PROSPECTUS OF THE
Ohio Democrat
AND
DOVER ADVERTISER.**

Assured that, in adopting the measure, we are but meeting the obvious wants of the community, the subscribers will offer to the approbation and support of their fellow citizens a weekly newspaper to be published in the town of Canal Dover, Ohio, bearing the name of the "Ohio Democrat and Dover Advertiser". Although the limits of a Prospectus do not admit of extended expositions and minute details in regard to this enterprise, somewhat of our principles and purposes will be properly demanded by the public, and as far as is fitting to the occasion, we proceed briefly to declare them.

The political columns of our paper will be found, therefore, to espouse the doctrines of a strict construction of the Federal Constitution, will advocate the principles of the present Administration, and will maintain the doctrine of the Demo Party in that political reform which has been so repeatedly indicated by the general suffrage. As conductors of a public Journal whose object is the diffusion of light and knowledge, our columns will be open to full and free discussion on all matters that interest the Public. We shall be equally gratified if we may be instrumental in refuting the opinions of those who differ from us, or, if wrong ourselves, that our errors be corrected. We earnestly desire to establish an INDEPENDENT and FAIR PRESS, in the liberal sense of the terms. Not independent, as it may be above patronage and reckless of opinion, not free as its conductors may publish what they please and withhold what they please—so free that it shall be accessible to the efforts of all who honestly seek the enlightened efforts of the public mind, and the common good of our common country.

A portion of the paper will be devoted to the improvement of Agriculture, and the lovers of Literature shall have spread before them many of the most interesting selections. Together with the most interesting portions of Foreign and Domestic news, we will give a weekly report of the Market Prices, and desire to make our paper profitable to the whole community through which it may circulate.

Terms of Publication.—The "Democrat and Advertiser" will be published weekly at \$2.00 per annum, if not paid within six Months, after the first number is Published, and \$2.50 at the end of the year.
