—Capt. F. A. Wetmore was called to Buffalo last week to look after the interests of the Steamer S. C. Reynolds. It is probable the Wash boats will not commence the season's business until the first and possibly not until the fifteenth of April. By an item in the Marine Record it is learned that an effort is being made to have the various steamer lines enter into an agreement not to start the season until May 15, as it is believed the business will be better by so doing.

—Allie Manahan, who was suspected of being implicated in the Fines robbery, is becoming quite notorious. He was arrested in Toledo for stealing a gold watch from a female friend, but was afterward released upon returning the watch and the girl withdrawing suit. It is regretted that Perrysburg is to be made a stopping place for all the trash that is run out of Toledo.

—Rev. G. A. Adams has placed on our desk a large orange weighing one and a quarter pounds, which was sent him from Florida. It was raised by Charlie Adams in his orange grove in that State, and it is calculated to make such oranges as are usually seen in the northern markets, take a back seat. He also presented us with a Cumquod, or a small ornamental orange, such as are raised for beauty only. It is about the size of a quail's egg and has the appearance of being a genuine orange, but it is only a snide.

**Death of Mrs. Snyder.**  
On Sunday, March 8, 1891, occurred the death of Mrs. Margaret Snyder, at the home of her son, in Perrysburg to rnsnip, of old age. She was born in Canton Berne, Switzerland, April 26, 1811, and came to America in 1854, and settled in Wood county, and has since remained a resident of this county until her death, at the age of 79 years, 10 months and 12 days. She leaves two children, Fred Snyder and Mrs. Stephen Wheeler. She was a good christian mother and neighbor and a member of the Evangelical church. The funeral services were conducted at the Evangelical church in Perrysburg by Rev. Fitterer, of Perrysburg and the remains were placed in the city vault.

**Small Profits.**  
There are many people who are inclined to think that every merchant or "store keeper" is making money, and just because he has a large store room filled with goods, which they suppose he sells at fabulous profits, they are inclined to think he can afford to wait, wait, wait until they (the customers) get a good ready to pay their bills, and get cranky if the merchant sends his monthly statements. The JOURNAL made inquiry concerning a few of the profits and was somewhat surprised to find there was so little in it even when cash is paid. Below we give a few articles and the profits made on them:

Canned peaches, pears, plums, etc. (California fruit) about 2 cents per can.

Canned fish, about 3 cents.

Dried fruits, (California) about 5c. per pound.

Coffees (Arbuckles and Lion) 1 1/2c per pound.

Sugars (no profit.)

There are hundreds of other lines of articles sold at about the same rate, and when the losses from unsaleable goods and hundreds of other causes are taken into consideration, it don't take many "bad debts" to eat up the entire profit of a season's business. It is true that even at these low rates of profit, dealers would make some money if everybody would pay cash, but this present system of credit and never pay ruins business and causes merchants to either commit suicide or "fail."

**Death of Mrs. Schroeder.**

ED. JOURNAL.—It becomes my sad duty to announce the death of another of Perrysburg townships estimable women. Anna Maria Elizabeth Schroeder wife of Henry Schroeder and daughter of Phil. and Anna Maria Clara Hartman, who died on the morning of the 5th inst. at 5:20 a. m. About a year ago Mrs. Schroeder was prostrated with la grippe, which terminated in that dread disease consumption, from which she never recovered. Deceased was born Dec. 7th, 1852, in Troy Twp., Wood Co., Ohio, and was at time of death 38 years 2 months and 28 days old. She was married to Henry Schroeder June 28th, 1877, and leaves a kind and true husband, two children, and hosts of friends to mourn her sad taking off.

Deceased was confirmed in the Lutheran church in her childhood days, and although she had to pass through many of the hardships incident to Wood county life, she never for a moment, swerved from her christian integrity but lived a faithful christian life to the day of her death.

The funeral services were held at the christian Lutheran church of this place, and were conducted by Rev. Schmidt, assisted by Rev. Born, of Stony Ridge, Rev. Schmidt preaching in German and Rev. Born preaching in English. The large church was filled to its utmost capacity and many were unable to gain admittance, which fact shows with what high esteem deceased was held by the community at large.

After services at the church the remains were followed by the large crowd to their last resting place in new Belleville Ridge cemetery, where the last obsequies were performed in a very impressive manner.

Mr. Schroeder desires to express his heartfelt thanks to the kind friends and neighbors who came to his assistance, at the time of his sore affliction. His many friends and neighbors join in their expressions of sympathy to him in his sad bereavement.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

—People don't hang around the post-office very long now-a-days. The deputy P. M. traded a Waterbury watch for a guitar, and the people in the neighborhood are now enjoying the ching-ling-ling of that melodious Spanish instrument, while the P. M. says it's just one degree worse than the hay fever.

**Breakfast.**  
It is very common now-a-days for many families to have their dish of "avena" or "rolled oats" for breakfast. It is a nice food easily prepared, palatable and wholesome, cooked in 20 minutes, while the oatmeal or grits need two or three hours. And do they try wheat prepared in the same way, "rolled wheat" equally good, some like it better and all like a change. Rightly prepared none can fail to like it. It is nutritious and health-giving. Kingsbury keeps it.

**Far Seeing People**  
Are mostly successful. Their perception of opportunities, where others see nothing, is the secret of their success. Those who travel the Buckeye Route in their journeys to and from home find much to surprise and please, and their far seeing propensities in securing this "popular line" saves them many a penny in the purchase of tickets.  
Thousands of people travel the Buckeye Route every year in preference to all others. The question arises why? Because the equipment and road bed of the Buckeye Route is unequalled. Because every possible comfort is offered the traveling public enroute to Chicago, Detroit, Toledo, Piquette, and Athens and all points in the North West South and East. Any Agent of the Buckeye Route will be pleased to give you information concerning routes, time of trains, price of tickets, etc. If you will write or call upon them. W. H.
