On Saturday last the paint and repair shop of F. E. Wimber was discovered to be on fire. The alarm was given by the firemen, but the heavy smoke caused the stygian mode of the fire apparatus almost impossible and the department was then directed in reaching the seat—"Fire aid" of a very efficient character was created by use of the fire fighting apparatus of the Chas. F. Bach lumber company, by which means the fire was kept under some control and was finally extinguished when the firemen were able to gain the place. The hose was not great although it will be necessary to put in a new one on the building and the contents were badly damaged.

**Indigestion**

**Do you know** that indigestion can be cured, permanently cured, so that it can be cured? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Ponnilli, Stillwater, Minn., who had spent over $3,000 in medical treatment was permanently cured by these tablets.
