NOTICE.—Is hereby given, that a protest,

signed by a large number of free-holders of the county of Lucas, in the state of Ohio, has been filed in the office of the clerk of the court of common pleas of said county, remonstrating against the decision of the commissioners appointed by the general assembly of the state of Ohio, to locate the seat of justice of said county and setting forth that the commissioners, aforesaid, have overlooked the true and permanent interests of the county—that they have rejected propositions the most favorable to the county, whereby the good people thereof would be greatly relieved from a heavy taxation, their public grounds secured upon the agreeable site, and their public buildings erected free of any cost to them. That they have chosen a point far removed from the centre of the county—possessing no advantages necessary to be possessed by a point chosen for such purpose—inconvenient to the great body of the people of the county, and highly detrimental to their interests. And further: Notice is hereby given that an application will be made at the ensuing session of the general assembly, for a review of the said decision, and for the appointment of commissioners to relocate the seat of justice aforesaid, on an alligible and proper site.
