Now you can  
**save at least 20%**  
and combine  
**all your essential home insurance in a single, simplified policy**

**Brand-new idea in insurance!** The new Homeowners Policy of the North America Companies protects you against loss caused by fire, theft, lightning, wind, explosion, hail, riot, vehicle and aircraft damage, vandalism and smoke. It covers your house and other structures on grounds... your household goods and personal property... your personal liability... and your additional living expenses caused by any of the above perils.

**Think of it!** All your essential home insurance in a single, convenient, money-saving policy developed by the nation's oldest and largest stock fire and marine insurance company, the Insurance Company of North America. And you get all this protection for a single, low premium—which is at least 20% lower, in fact, than what you'd have to pay if you bought separate policies.

**Why wait?** Stop buying your insurance piecemeal. Stop paying that extra 20%! Stop cluttering up your desk with a separate policy for almost every coverage. Simplify your insurance—know what you have—get superior coverage at the least cost—all with North America's new Homeowners Policy. And you don't have to wait until your present insurance expires.

**See your North America Agent or Broker!** Insist on North America's Homeowners Policy which is now available in most states and Provinces of Canada. If you like, he'll arrange payment on the easy, convenient annual plan so you can budget the cost of your Homeowners Policy. But don't put it off. You need the protection the Homeowners Policy gives you... and you can now have it at an almost unbelievably low, money-saving price!

**Insist on North America's Package Policy—the original, and it's different!**
