The recall of the empire would be all right in cases where his decisions were most favorable to the opposing team.

A Norwegian claims to have invented a boat that even a boat rocker cannot upset. What's the use? Only leaves more work for the fool killer.

The government contemplates making money shorter, which may appeal to those who are long on cash, but at the present time our money is altogether too short for comfort.

During the past few days of pleasant weather it is a question in the mind of the man who has plenty of time on his hands whether he will go fishing or watch the work on the Main street improvement.

When we observe the ruthless manner in which many people cut and mutilate old shade trees, we conclude those people have a very low estimate of the real value of a tree that has been forty or fifty years growing.

Urban users of the new parcels post system to be started January 1 are likely to receive noisy mail when the delivery begins, of live chickens, rabbits and other country products. Fresh eggs and country butter will also be handled through the parcels post. This is no dream of cheaper cost of living, but will be a reality under the new law, which is designed to put the producer into direct communication with the consumer. It will cut out the grocer's profit, but will not reduce the price to the consumer, who will find himself paying the same old price no matter where he may make his purchase. General farm and garden produce comes under the law. The government not only will carry these things but an indemnity will be provided for their loss or damage in transit.

The big papers say that Anna Gould (Princess De Sagan) is feeling very sad over the fact that her last baby by her last husband is not and never will be a prince, and that she has just learned that the title her latest husband is supposed to bear has long since ceased to exist. We are very sorry, Anna, but cheer up, the difficulty is easily remedied. You are still rich and sufficiently young to overcome such trifles. All you need do is get another divorce, get another husband and get another baby. You have the money and the youth, and while it may take a little time and effort, it will keep you busy and you should not begrudge the time.

THREE TONS OF MONEY. The Dice of God are Always Loaded—State Fair Sets New High Water Mark.

The world applauds the winner and the record-breaker. The State Fair is both. By leaps and bounds it grows. In popularity it gains. In attendance it went beyond expectations. In quantity and quality of exhibits it surpassed all predecessors. The present grounds are no longer adequate. Over 500 cars were used in bringing exhibits. The President and the private citizen touched elbows within its gates.

Over 6,000 pounds of silver were paid in admissions. Receipts from all sources total \$20,000 more than ever before. Good humor prevailed. Everybody was satisfied. The man in the moon worked nights. Every department was complete. The vast crowds were orderly. Every officer was on duty at proper time and place. Unpleasant incidents did not happen. Words of praise were heard on every side.

The State Fair advertising brought larger crowds to Columbus than ever before. There was no confusion. The Fair started on time. Every detail of the program was kept to the minute. Doing away with the free-pass curse has won respect and support. An increase of over 20 per cent in both attendance and exhibits is the story. Demands for exhibit space next year have already been made. This is a new indication of the growth and success of Ohio's Big Exposition. Thanks.

FROM A STRICTLY SANITARY POINT.

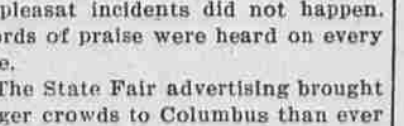

You will do well to send your family wash to us. Consider these reasons:

First, we laundry your clothes in clean, sanitary surroundings. Second, we laundry them by a process that is scientifically perfect. It really disinfects as well as cleanses your clothes. Third, you know when your clothes are sent to us they are not being worn by any one. Fourth, the cost is not what it would be to have a wash woman come to your home and do it. TRY US.

Look for our auto every Tuesday and Friday, or better yet phone Berry's restaurant, they will take your order and we will make the call. HOME STEAM LAUNDRY. Bowling Green, Ohio.
