PERRYSBURG, WOOD CO., O., FRIDAY, FEBRUARY 20, 1914.

\$1.00 IN ADVANCE—NO. 52

DEATH OF MRS. SHERWOOD

Brilliant and Charming Lady Passes Away at Washington.

The announcement of the death of Mrs. Kate Brownlee Sherwood, wife of Congressman I. R. Sherwood, was received with deep regret by many thousands of people in all parts of this State who have long known her and had come to regard her as one of the most brilliant as well as charming ladies of the State.

She had been sick for several months at her home in Washington and death was caused by paralysis.

In her death her family sustained a great loss. She was a power of strength in all that was good and beneficial to humanity.

REBUILD RIVER ROAD

Conference Will be Held Thursday at Bowling Green.

For the purpose of considering plans for rebuilding the public highway between Toledo and Perrysburg, on the east side of the river, a conference of the state highway commission, the commissioners of Wood county and others interested in the project, will be held at Bowling Green on Thursday. It is expected the good roads committee of the Commerce Club of Toledo will send a delegate.

The Toledo-Perrysburg highway is in bad condition, and it is generally conceded that improvement is necessary. Some of the citizens of Wood county are advocating a brick pavement all the way from the Toledo corporation line in East Toledo to Perrysburg.

LIBRARY BOARD.

The following are the committee for the year appointed by the President, D. K. Hollenbeck:

Finance—T. M. Franey, W. H. Roose, C. Finkbeiner.
Library & Books—F. C. Averill, E. L. Clay, D. K. Hollenbeck.
Rules & Regulations—E. L. Blue, C. Finkbeiner, T. M. Franey.
Buildings & Grounds—E. L. Clay, C. Finkbeiner, W. H. Roose.

C. M. B. A. SOCIAL.

On Tuesday evening Feb. 24th the C. M. B. A. will hold a card party and social at their hall in the Munger block. Everyone is invited and will be welcome. A good time is assured.

FEEL MISERABLE?

Out of sorts, depressed, pain in the back—Electric Bitters renews your health and strength. A guaranteed Liver and Kidney remedy. Money back if not satisfied. It completely cured Robert Madsen, of West Burlington, Iowa, who suffered from virulent liver trouble for eight months. After four doctors gave him up, he took Electric Bitters and is now a well man. Get a bottle today; it will do the same for you. Keep in the house for all liver and kidney complaints. Perfectly safe and dependable. Its results will surprise you. 50c and \$1.00. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

Office up stairs corner Second and Main Streets.
Phone Main 14.

POSTMASTER WETZEL

His Appointment Recommended by Congressman Sherwood Last Week.

Philip Wetzel received word from Washington last Saturday announcing the fact that his appointment as Postmaster for Perrysburg had been recommended to the President.

The appointment when made will probably take effect about the middle of March at which time Postmaster Yeager's appointment expires.

The appointment of Mr. Wetzel will no doubt prove very satisfactory, as he is worthy and capable, courteous and accommodating in every respect and will give excellent service.

Mr. Yeager has served faithfully for about 14 years, and in his retirement has the best wishes of the many hundreds of people whom he has served for so long a term.

As yet Mr. Wetzel has not indicated whom he would appoint as his deputy, but it will be difficult for him to find one who will render more efficient or faithful service than Miss Pierce who has been in the office for a long term.

PROFIT SHARING

Perrysburg Tile and Brick Co. Will Reward Faithful Employees.

The Perrysburg Tile and Brick Company has decided to adopt a profit sharing plan, and on the 5th day of January, 1915, the company will divide 10 per cent of their net gain of 1914, between all their regular steady employees who have been in the employ of the company for nine months or from April first to January first, 1915.

Improvements made by the company recently include doubling their drying capacity, and have installed an electric clay digging machine that will load one yard of clay per minute, working automatically, and Aloysius Wilson now claims that digging clay is easier than eating his dinner.

J. H. Wilson, the manager, says business is better under the new tariff as the farmers find it necessary to use more tile in order to raise bigger crops to compete with foreign products, thus proving that competition is the life of trade.

DEATH OF VETERAN.

James Streetsbury, a veteran of the Civil War passed away at his home in Weston on Sunday afternoon at 4:00 o'clock. He had been in feeble health for several months but one week ago was taken ill with pneumonia which caused his death. He served four years in Co. K, 40th regiment, O. V. I.

HOW IS YOUR BOILER?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach, Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by all dealers.—Adv.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

"Fellow citizens," said the colored orator, "What an education." "Education am de palladium of our liberties and de grand pandemonium of civilization."

He must have had reference to a bunch of "Rah, Rah" college boys celebrating a foot ball game.

There will be a special meeting of the Civic Association on Monday evening, February 23. It is important every member should attend.

A gentleman who was making a canvas of his district for the purpose of ascertaining how many women favored woman suffrage, called at the home of a lady and said: "Madam, are you a woman suffragist?" "No sir, I haven't time to be." "Haven't time! Well if you had the privilege of voting, whom would you support?" "The same man I've supported for ten years." "And who is that?" "My husband."

"BE ONE OF US AND BOOST your own town," is the sign that will greet you as you enter the business houses of Perrysburg. This card is published by the Perrysburg Civic Association and is intended to be a personal invitation to every person who may see it, to consider himself invited to join the association and become a Perrysburg Booster.

Put your dollar in the Treasury and your shoulder to the wheel and let everybody know that you live in Perrysburg; that you love the town; that you believe in it; that you know it's future looks bright; that you are determined to help make that future a grand and glorious success. Get all this in your system, and when a stranger or anybody from another town asks you where you reside, just look him square in the eye, and with a voice that can be heard a mile away shout—
PERRYSBURG.

A man dropped his wig on the street and a boy picked it up and handed it to him. "Thanks, my boy," said the owner of the wig. "You are the first genuine hair restorer I have ever seen."

"You'll be done better in Toledo" is the way the circus performers who came to Toledo to put on the Mid-winter Circus benefit of the Womens building fund speak it. The circus was a financial failure and salaries were not paid. The newspapers say the women are not responsible and the stranded actors have taken the case to court to ascertain who shall pay their salaries. It looks like a mighty cheap game to play on the actors who did their work expecting they were dealing with people who would play the game on the square. Evidently they were "Done well in Toledo."

We don't suppose the sale of a Titan portrait for \$400,000 the other day has had anything to do with the price of eggs.

The "quick as a flash" retort usually shows evidence of the careful thought bestowed upon it.

A physician says brunettes eat more than blondes. Sure; there are more of them.

DON'T YOU BELIEVE IT.

Some say that chronic constipation cannot be cured. Don't you believe it. Chamberlain's Tablets have cured others—why not you? Give them a trial. They cost only a quarter. For sale by all dealers.—Adv.

ESCAPE FROM DEATH

Seems Miraculous When Car is Cut in Two.

That none of the passengers were killed seems almost a miracle, when the Maumee Valley passenger car was struck by an engine on the Terminal road at the crossing north of Maumee on Thursday night last.

The Valley car left Toledo at 9:36 p. m., for Maumee and Perrysburg and reached the Terminal crossing about 10:00 p. m. and as the car was passing over the railroad track an engine with six cars which was coming toward the river struck the electric car in the middle lifting it up and carrying it about 75 feet from the Valley tracks and throwing it about 45 feet from the railroad tracks, leaving it setting on its trucks.

The passengers (three men and two women) and the crew of conductor and motorman all escaped with their lives but were badly bruised.

The passengers were: Edmund Brown of Perrysburg, Manager of the Edward Ford Plate Glass company. Mr. Brown received a severe cut on the head and was otherwise bruised and scratched. He was unconscious when picked up and after being brought to his home in Perrysburg, Dr. W. H. Rheinfrank was called and found it necessary to take several stitches to close the wound on his head. Mr. Brown is now able to be about.

William Charles of Perrysburg, was also badly bruised and shaken up, and was unable to leave the house for several days.

Mrs. Coates, Traveling Inspector for the Miami childrens' Home was so severely injured that for a few days her recovery was in doubt. She was conveyed to the Home, about a half mile distant, and Drs. W. H. and W. L. Rhonehouse of Maumee were called and worked with her until morning before she was in condition to realize her situation.

The others were more or less bruised.

It is stated that the conductor and motorman escaped with but slight injuries.

The conductor was Harold Lees of Maumee, and the motorman was E. C. Pontias, of Perrysburg.

The car was a complete wreck and those who saw it state that it is almost miraculous that any person could have been in the car when the engine struck it and have come out of it alive.

Every seat in the car was ripped loose from the floor; every window was broken; and in every respect it was one of the most complete wrecks possible to imagine.

The question of how it was possible that such an accident should occur at that point is one that is deeply interesting every person who uses the Valley line.

It was a bright moonlight night, with nothing to interfere with observing the approaching train if the usual rules governing the crossing had been observed.

The rules of the Valley line, we are informed, provide that cars approaching a railroad crossing should come (Continued on Eighth Page.)

A WINTER COUGH

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all Druggists, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

REV. ZACHMAN KILLED

His Automobile Turned Turtle and His Skull was Fractured.

An accident occurred near Bradner last Friday afternoon in which Rev. Zachman, formerly of this place, was killed.

Rev. Zachman, accompanied by three ladies, who had taken dinner at his residence a short time previous, were driving into the country to attend a prayer meeting. As they were driving along the road a large dog ran out into the road and in order to avoid striking the dog, Rev. Zachman turned the machine to one side, when it skidded and turned over into the ditch, pinning him under the machine.

The ladies were badly bruised, but none fatally injured.

Help was secured from a neighboring farm house, and the injured man was removed from the wreck. He was taken to Bradner from whence he was conveyed to the Toledo hospital. Dr. W. H. Rheinfrank of Perrysburg was called to operate in the hope of saving his life, but the injuries were so great that nothing could be done to relieve him, and he died shortly after reaching the hospital.

Rev. Zachman was well known here where he was pastor of the Evangelical church for several years. He leaves a widow and several children.

The funeral services were held on Thursday at the church in Bradner and the remains will be taken to Marion, Ohio, for interment.

PIONEER LADY DIES

Mrs. Laura Knaggs Keyser.

The body of Laura Knaggs Keyser, 83, who died Saturday at the historic homestead on the River Road, will be placed in the Modern Mausoleum at Ft. Meigs cemetery, Perrysburg, Wednesday. The entombment was made in the presence of relatives and friends surrounded by scores of floral offerings, a silent tribute to the high esteem of all who knew her.

She is survived by one daughter, Miss Antoinette Knaggs, and one sister.

Mrs. Keyser was born in Genesee county, N. Y., in 1831. She was the daughter of Mr. and Mrs. John Bosley and when a child her family moved to Perrysburg.

In 1850 she was married to George B. Knaggs, a descendant of George B. Knaggs, who came to Miami more than 150 years ago, and a grandson of Whitmore Knaggs, the great Indian fighter, who took such a prominent part in the war of 1812.

After the death of Mr. Knaggs, she was married in 1867 to C. I. Keyser, who was one of the first wholesale dealers in coal in Toledo.

The Knaggs home is the oldest in the Maumee Valley. It was built in 1818 by Captain Whitmore Knaggs, and in former years was noted for the hospitality of the cultured woman who presided over it. The funeral was held Wednesday in the afternoon in the old home.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thousands rely on Dr. Thomas' Eclectic Oil. Your druggist sells it. 25c and 50c.—Adv.

WORKING COMMITTEES

Appointed by Civic Association for the Year 1914.
