REPORTED FOR THE DAILY EMPIRE

NIGHT DISPATCHES.

FROM NEW ORLEANS.

NEW YORK, Feb. 14—The steamer Empire City, from New Orleans on the 4th, arrived this evening.

The force of Banks, after a month's drilling, were in condition to take the field.

It was thought a forward movement would be made at once to clear out the whole of the Lafourche.

On the night of the 3d, a fishing smack was seized on the lake. It was bound to Ponchartrain, and had on board a large quantity of medicines for the rebels and also letters from forty or fifty leading citizens of New Orleans to persons high in authority in the Confederate Government. The three Jews that were in the boat were tried on 4th, before Judge Peabody, but the sentence was withheld until the parties who had written the letters had been arrested, which General Banks had ordered done at once.

The weather was very cold in New Orleans.

It was believed at New Orleans that Gen. Butler would return to the city, if not made Secretary of War.

The Jews in New Orleans, and all the South ought to be extermined, they run the blockade, are always found to be at the bottom of every new villainy.

Rev. Dr. Lecock, Fulton, Goodrich, the Jeff Davis' praying parsons had reached New Orleans on 3d inst.

They refused to take the oath of allegiance and General Banks would not allow them to land.

The water flows through Williams cut in front of Vicksburg, and a small steamer had passed through the canal. If it deepens and widens our fleet can pass down leaving Vicksburg four miles distant. This intelligence frightens the rebels.

FROM WASHINGTON.

WASHINGTON, February 15.—The Postmaster General has issued orders to the Postmaster at New York, to send the mails direct from his office to St. Paul, Mineappolis and St. Anthony, Minnesota, which saves twenty four hours in transmission.

Another order has been issued to the Postmasters of the principal cities directing them to send their mails by the way of Parkersburg, over the Marietta & Cincinnati Railroad, which will expedite them some forty-eight hours over the former time.

Much speculation is based on the supposed views of the Secretary of the Treasury, but the following statement, the result of inquiry, is designed to remove all doubts whatever upon the subject.

The Secretary regards the passage of the uniform currency and bank bill as absolutely essential to the working of the finances.

He therefore regards the banking bill as virtually necessary to the support of the Government, and as a consequence to the most successful prosecution of the war.

From information received from the army of the Potomac, it appears the rebels are throwing up breastworks and rifle pits north of Fredericksburg.

It must not be inferred, from the absence of interesting news from the Rappahannock, that the army is in a condition of idleness.

The abolition of the Grand Division has thrown many weighty matters upon the commanding General.

TURNING THE SCREWS.

HEADQUARTERS ARMY OF THE POTOMAC, February 15.

In consequence of the recent publications injurious to the Union cause measures have been taken to arrest and punish correspondents who have been guilty of making such developments, and plans have been adopted to prevent their recurrence.

LATEST NEWS.

AFTERNOON DESPATCHES.

FROM WASHINGTON.

WASHINGTON, Feb. 15.—The Timps' special says Lieut. Colonel Doon, of Foster's staff, arrived to-day, direct from Port Royal with dispatch for Government. He utterly denies the recent sensation reports in regard to Generals Hunter and Foster. The same denial is made by the President, and no reason exists to believe anything received likely to impair the department of the South.

Two refugees who left Richmond last Wednesday, state that five brigades of troops from the Confederate army at Fredericksburg passed through Richmond last Sunday, apparently on the way to Charleston.

Thursday morning a body of rebel stretched along the railroad between Sidton's Junction and Fredericksburg. They estimated their forces at 40,000 to 45,000.

Great anxiety is felt at Richmond in regard to the anticipated attack of our forces on Charleston. The rebels greatly dred our iron clads.

The Army of the Rappahannock is very poorly supplied with clothing, and have not been paid off for some months. A great deal dissatisfaction exists in consequence. The supply of provisions is ample.

The Committee of Ways and Means were said to stand Saturday three for to five against the reduction of paper duty. Since then it is said Thad Stevens and another member indicated a disposition to remove the duty for one year.

Gen Shields is ordered to the department of the Pacific.

The President telegraphed Gen. Cameron to report at an early day at Washington. It is claimed he desires the resignation of Cameron as minister to Russia.

FROM THE MISSISSIPPI.

NEW YORK, Feb. 16. The World says of the operations at Vicksburg that it is reported McArther's division moved up to Lake Providence, La. Here it appears the Mississippi, is not far removed from two streams, the bayous Macon and Quenoes, to the parent stream. Thence they continue down in tortuous path until they reach Red River. It is deemed possible, with little excavation and clearing, to turn so much of the river into the new channel as to make it navigable, to the left. Should this succeed we might expect to see half our army advancing in a fleet of transports to assist Gen. Banks at Port Hudson. Preparations for a grand attack upon Vicksburg is being made by the combined armies.

SOUTHERN NEWS.

NEW YORK, Feb. 16.—The Alabama sailed from Kingston, Jamaica, on the night of January 25th.

News from Roanoke Island states the rebels have 125 small boats secreted in the bayous and creeks of Tywell and Hyde counties, by means of which they expect to cross to the Island and capture the garrison.

The steamer Swan, from Key West, for New Orleans was lost, with seven of her crew, and passengers.

The Tribune's special Washington of the 15th says an important but vague report comes through rebel channels that Banks has fought a battle seven miles below Port Hudson, which resulted in the rebels falling back to Port Hudson, while he retired to his camp.

It is understood Gov. Stanley's resignation was accepted to-day.

About 45 of the 5th Michigan out on picket were surprised last night near Annodale by a superior force of the enemy. The fight which followed cost us twelve killed and missing, and a few wounded. Our men were forced to give way.

A Key West letter gives us the particulars of the chase of the Florida by the Sonoma off the Bahamas Banks, while the wind was light and the sea smooth. The Sonoma gained on the pirate, but on reaching the open sea and the wind freshening, the Florida drew rapidly away and night coming on she was lost sight of.

Some disarrangement of the Sonomas machinery interfered in the rebels favor.

FROM NEW YORK.

NEW YORK, Feb. 16.—The gunboat Penobscott has arrived. Every thing is quiet at Newburn and Beufort. The gunboat Paunee towed the iron clad Patapsco out to Beaufort on the 9th; destination unknown.

The Times says McClellan has applied for active service.

Washington specials state that the Senate will take up the conscription bill to day with the understanding it is to be pressed to a final vote.

A resolution will be introduced in the House at an early day next week, referring the Senate Bill to the Judiciary Committee, that they may examine first how far the Senate's bill conflicts with the rights of the States to regulate their own financial affairs.

2d, How far it conflicts with the vested rights under valid and constitutional State laws.

3d. Whether or not the time which the bill is to go into operation ought not be to enable States to accommodate loyal institutions to its provisions. It is supposed that the passage of the bill may thus be prevented by delay, if in no other way.

METROPOLITAN HOTEL.

NEW YORK, February 7, 1863.

As it has been published in most of the papers throughout the country that our prices have been advanced to three dollars per day, we wish to state that the charges at the Metropolitan Hotel will remain the same as heretofore, $2 50 per day. We can pay expenses at that price, and are willing to work for nothing in war times.

feb11d3 SIMEON LELAND & CO.

Dr. S. F. COMPTON

WOULD call special attention to his plan and style of making artificial teeth, which for use, beauty, and durability excels everything else made by the profession. The vulcanized rubber work he has greatly improved, by setting the teeth and making gums to suit each case, which renders them far more beautiful, than teeth made in the common moulds at the teeth manufactory, which is the kind in general use. These he makes for those wishing cheap dentistry, or temporary teeth. But teeth put on platina plate with continuous gums, he can warrant to be the purest, healthiest, and in every respect far superior to anything made, and used as substitutes for natural teeth. Having had more than eleven years experience in making it, and the testimony of hundreds, who are using this kind of teeth with entire satisfaction, consequently can recommend it to everybody. All other dental operations attended to promptly, carefully and thoroughly. Office on the corner of second and Main streets, opposite the Franklin House, Dayton, Ohio. ja2ddem

BOILED AND BROWNED

RYE COFFEE.

IT may be interesting to many of our readers to know that we have in our midst a manufacturer of

BOILED & BROWNED RYE COFFEE,

Who is really noted for manufacturing the purest, the freest from dirt and the most evenly browned, which is of vast importance in the flavor. The manner in which it is prepared is sufficient; every grain is subject to a water bath. It is allowed to germinate, then put into large quantities of water and

ALL THE DIRT IS TAKEN OUT;

It is allowed to dry, and from thence taken to the browning apparatus where it is subjected to an even heat of 2¼ hours. The

BROWNING APPARATUS

Is so arranged that all the fine dirt, should there any remain, is blown out by the steam accumulating in the cylinders. There are

Hundreds in the City who Can Testify

To the above fact. The article can be afforded from 10 to 15c per bushel cheaper if the Rye is put into the cylinders and merely browned, but to prepare it in the manner above described it cannot sell lower than present prices. All wishing to use this

Cheap Substitute for Coffee,

Can rely upon getting a pure article of J. O. ARNOLD, south side of Market. All sacks are branded so that no mistake can be made.
It is sold at wholesale prices by

All diseases of a private nature treated with unparalleled success, male or female.

Dr. Bonaparte's great work on private diseases, the Private Guide to Health, is beneficial to all, male and female, old and young, should read this book. It will enlighten those who grope in darkness. Price 25 cents, sent by mail.

Dr. Bonaparte's French Patent Male Safe! It is perfectly safe, and never fails to give satisfaction. It is the only safe and sure preventive against disease. Price of the French Patent Male Safe, $1 the single one, $4 per half dozen, $7 per dozen, sent by mail.

Madame LOZIER'S Female Monthly Pills is a safe and reliable remedy for suppressions and all female diseases. Ladies should not use them during pregnancy, as they will produce miscarriage. Price $1 00 per box—extra fine $5—sent to any address by mail.

Drs. B. & R. are the men to consult; they are unquestionably acknowledged to be the champions and Kings of venereal diseases, and the only Doctors who receive monthly reports from the old world; they have been accustomed from an early age of youth to witness the various diseases which afflict mankind, and to watch the progress through a long career of professional study. In every sphere of life, from the humble abode of poverty to the mansion of the wealthy, and having ascertained beyond a doubt the vast suffering of humanity, they determined to select the generative system as their particular study, and to devote their whole attention to the alleviation of the diseases of these important functions. No letters will be answered unless they contain a remittance or a postage stamp. Call or address,
