REPORTED FOR THE DAILY EMPIRE

NIGHT DISPATCHES.

REBEL INVASION.

LOUISVILLE, March 27—The Frankfort train last night was delayed by a locomotive off the track.

The train brought news of the retreat of the rebels from Danville towards Summerset.

Danville refugees are coming in, and some excitement exists at Lexington.

But popular opinion gains ground that the recent invasion of Kentucky was merely a cavalry raid.

LATER

The Fradkfort train is in. Passengers disagree in their reports concerning the evacuation of Danville.

A special dispatch to the Journal says:

Eighty men of the 9th Kentucky Cavalry surprised the rebels pickets in the vincinity of Danville, who retreated to Danville in great disorder.

The rebel force in Danville was 25,000, including the 1st Georgia Regiment. This proves that the rumor of the revel abandonment of Danville is incorrect.

LEXINGTON, March 27.—Train passengers ay our forces had recrossed Duck River in pursuit of the rebels, other accounts insist that the rebels have left Danville.

THE WATER LET IN THE NEW CHANNEL AT VICKSBURG.

CHICAGO, March 23.—The Tribune's special from Lake Providence 16th says:

Contrary to belief expressed in a former dispatch, the authorities concluded to let in the water at sundown to-day, the water was pouring in threatening friend and foe alike.—Aperture twenty feet wide already visibly wieening at the mouth. By morning the greater part of the town of Lake Providence will be submerged.

SOUTHERN NEWS.

HEADQUARTERS ARMY OF THE POTOMAC, March 27.—Richmond papers of the 25th and 26th contain the following:

Mobile, March 23.—The Appeal of the 21st says the steamer Natchez with 1,300 bales of cotton, was destroyed by fire on the 13th, on her trip up the Yazoo.

The Hartford and Monongahela were allowed to approch within 400 yards of our batteries at Gran Gulf, when they opened fire upon them. The vessels replied with broadsides several times.

A dozen shots struck the vessels and parties were seen carrying the wounded below. No damage on our side.

The Natches Courier says, the Hartford, with Com Farragut on board, anchored in front of that city on Tuesday evening, the 16, and sent a small boat with a flag of truce ashore, with a note addressed to the mayor statting that if the United States gunboats were fired upon by the people of Natches or by guerrillas he would bombard the city.

The Hartford remained all night, and left with the Monongahela in the morning.

LATEST NEWS.

AFTERNOON DESPATCHES.

THE REBELS AT BULL RUN.

NEW YORK, March 28—Asia, from Liverpool, with dates 15th, below, prize steamer, Peterhof, arrived.

Washington specials say there are rumors that Stonewall Jackson is working up the Shenandoah. If true, this would account for movements of the enemy at Banks and U S Fords to prevent the crossing of any portion of Hookers army, also for continued presence of rebel cavalry along the lines of defences of Washington to prevent scouting.

Intelligence received to-night of the appearance of rebels in the vicinity of Vienna.

Official and private advices received here from the city of Mexico to 2d of March, week later than last mail. All letters written in best spirits and speak with unabated confidence of certainty of success against French invaders. Facts which they communicate tend to show on justice of their anticipations. So far from having taken the city of Mexico, as rebel journals asserted, an advanced within eleven leagues of Gen Forry, they had fallen back 20 miles. On 25th he was within 15 miles of Puebla but on 2d inst he was 35 miles distant. It was however anticipated Puebla would be attacked by 15th inst.

NEWS FROM VICKSBURG.

NEW YORK, March 28.—The *Tribune* dispatch from Washington states, late last night that the Government had received information from the Mississippi that the only vessel of Farragut's fleet which has been heard of by our forces opposite Vicksburg is the Hartford. Rebel telegrams from Vicksburg, however, say the Monongahela passed Port Hudson in her company.

Coogressman Casey arrived from Kentucky to-day and expresses the opinion that the rebels really meditat an invasion of his State in force. Their sympathisers are expecting them and loudly boast that they will occupy and hold the whole Kentucky. The invasion is a necessity with them, in Casey's opinion, now that they have lost the Mississippi; (That they have lost it he cousiders almost certain) it being impossible for them to subvert the garrisons of Port Hudson and Vicksburg unless they can draw supplies from the West side of the river which our fleet commands, the move easily and thoroughly now while the water is so high.

Information received of the presence of a small body of rebel Cavalry in the vicinity of Bull Run this morning.

Dr. S. F. COMPTON

WOULD call special attention to his plan and style of making artificial teeth, which for use, beauty, and durability excels everything else made by the profession. The vulcanized rubber work he has greatly improved, by setting the teeth and making gums to suit each case, which renders them far more beautiful, than teeth made in the common moulds at the teeth manufactory, which is the kind in general use. These he makes for those wishing cheap dentistry, or temporary teeth. But teeth put on platina plate with continuous gums, he can warrant to be the purest, healthiest, and in every respect far superior to anything made, and used as substitutes for natural teeth. Having had more than eleven years experience in making it, and the testimony of hundreds, who are using this kind of teeth with entire satisfaction, consequently can recommend it to everybody. All other dental operations attended to promptly, carefully and thoroughly. Office on the corner of second and Main streets, opposite the Franklin House, Dayton, Ohio. ja22d6m
