By Telegraph.

REPORTED FOR THE DAILY EMPIRE

NIGHT DISPATCHES.

A BATTLE IN GEORGIA.

HEADQUARTERS ARMY OF THE CUMBERLAND, CRAWFISH SPRINGS, GA., September 19.—A desperate engagement commenced this morning at eleven o'clock. The rebels made a heavy attack on the corps of General Thomas, forming the left wing of our army; and at the same time, they attacked the right wing, which was thought to be a feint. General McCook's and General Crittenden's troops were thrown into the engagement as convenience offered, the main portions of their force being on the march at the time.

The fight on the left was of a very desperate character. Enemy was repulsed, but on being reinforced, regained their position, from which they were subsequently driven, after a severe engagement of an hour and a half. General Thomas' forces then charged the rebels for nearly a mile and a half, punishing them badly. At 1 o'clock in the afternoon the rebels made a fierce dash on our center, composed of the divisions of Generals Van Cleve and Reynolds. General Van Cleve's forces were struck on the right flank, and being vigorously pushed by the rebels, fell back until Carter's line was broken, and the troops became much scattered. General Thomas, on the left, and General Davis on the right, pushed forward their forces vigorously toward the gap, and after a hard fight recovered the ground which had been lost on the extreme right.

The fight disclosed the intention of the enemy which evidently was to get between us and Chattanooga. The general engagement which commenced at eleven o'clock A. M. ended at about six o'clock P. M.

General Palmer who had gathered together our scattered forces, and General Negley, who had been sent from the right flank to feel the center, pushed forward and re-established our line as it had been before the battle began along the Chickamanga Creek.

The country where the battle was fought is as level, but thickly overgrown with small trees and brush wood, and is very unfavorable for the use of artillery, very little of which was used.

The casualties in wounded are heavy, but extremely light in killed, for so heavy, a musketry engagement. The fight on the left was one continuous roll of musketry for an hour or more. No general officers on our side were injured. Colonel Heg and Colonel Bradly, commanding brigades, were wounded. Colonel W. G. Jones, of the Tirty-sith Ohio and Col. Caroll and Major Vannetta, of the Tenth Indiana regiment, were also wounded. Lieutenant Jones, of Company B, Tenth Indiana, was killed: Lieutenant Colonel Hunt of the Fourth Kentucky, and Lieutenant-Colonel Maxwell, of the Second Ohio, were wounded; Lieutenant Degraw, Lieutenant Ludlow, and Lieutenant Fessenden of Battery H, Fifth Artillery were wounded; Lieutenant Floyd, of Battery I Fourth Artillery, and Captain Brown of the Thirty-first Illinois were wounded; Captain Sertles, Assistant Adjutant-General of Starkweather's brigade was killed. A battery of the Fifth United States Artillery regiment was lost and afterwards recaptured by by the Seventh Indiana reg'm

RUMORS FROM RICHMOND.

BALTIMORE, September 20.—The *Americans* special Fortress Monroe correspondent says there is a rumor here which obtains belief with many, that Richmond is being evacuated.

FROM WASHINGTON.

WASHINGTON, September 20.—The *Herald's* special says recent official advices state that one of the rebel rams was ready to sail from England, and was supposed to be awaiting a favorable opportunity.

Gov. Cortes, of Sonora, waited upon Secretary Seward to-day. Rumor says his object is to establish, if possible, an alliance with the United States against the French invasion of Mexico.

General Butler is about to re-enter the field.

LATEST NEWS.

AFTERNOON DESPATCHES.

REPORTED DEFEAT OF GEN. ROSECRANS.

LOUISVILLE, September 21.—Our army under General Rosecrans has been badly beaten and compelled to retreat to Chattanoogs, by General Bragg, with heavy reinforcements from Lee, Beauregard and Joe Johnson. The military occupation of the wires will prevent the transmission of further particulars to-night.

EUROPEAN NEWS.

NEW YORK, September 21.—The steamship Hecter from Liverpool the 8th and Queenstown 9th arrived.

London Market—Wheat 1s@2s dearer for English, foreign firm at extreme rates. Sugars quiet and unchanged.

Liverpool, 8.—Cotton very buoyant and excited; prices generally called ¼@½ above last Friday.

The latest news *via* Husenstown is as follows:

Liverpool, 9.—Cotton—The sales to-day reached 30 000 bales, including 10,000 bales to speculators and exporters. The market is excited.

Breadstuffs firm; provisions and produce steady.

London 9th—Consols closed at 93½ for money.

American Stocks—Illinois central shares 4@5½ discount. Erie Railroad 84½@85½.

The *Morning Post* believes, there is little donbt the two iron rams at Liverpool will be detained by the Government under the foreign enlistment act. It is, nevertheless, contended they were built to the order of a French house, under contract for the late Pasha of Egypt, but the present Pasha repudiates the contract. The accusation is they are intended for hostilities against a friendly power, and a court of low must decide upon their detention or release.

The Union and Emancipation Society addressed a memorial to Lord Russell on a subject similar to that of the Emancipation Society, urging prompt investigation.

The news that the rebel Government had resolved to call out negroes is received with distrust; some regard it, if true, as a confession of weakness by the South, others as a masterly stroke of policy.

The *Daily News* says it will prove conclusively not only that the cause is hopeless, but the leaders know it to be so.

The *Morning Post* looks on it as a master piece of policy, giving at once immense reinforcements and exercising and advantageous moral influences in Europe.

LATE SOUTHERN NEWS.

NEW YORK, Sept. 21.—A person who left Richmond a few days since, furnishes the *Herald* with the facts relative to the South. He states that but one division of troops has been taken from Lee's army, which latter is located near Hanover, about 20,000 being fit for duty. It is understood that if Meade advances Lee will fall back on Richmond, an evacuation of which is not thought of by the rebels.

The defences of Richmond are complete. The rebel force in Western Virginia is very small, including Imboden and Jackson's forces. The rebels have plenty to eat. The starvation stories are simply absurd.

This informant was in Charleston when Gilmore bombarded it. One of the shells struck within half a mile of each other. They produced the utmost consternation. The city is nearly deserted now, and the place will be destroyed before surrendering.

Beauregard's force is about 2,000. It was swelled to about 14,000 by Jenkin's division, from Lees army. Beauregard lost much of his popularity when our forces captured Morris Island.

STEPHENS MISSION.

NEW YORK, Sept. 21.—A Washington correspondent to the *Herald* has a statement to the effect that Stephen's mission to Washington, was to consult with the Federal authorities as to whether satisfactory terms for a compromise might be arranged so the Confederacy might be saved of a disgrace by inviting foreign aid. Said aid to be an arrangement with France. She to assist the rebels with fleets and armies in exchange for the possession of Texas. It is alleged that Stephens is now in Paris effecting this arrangement.

FROM THE POTOMAC ARMY.

HEADQUARTERS ARMY POTOMAC, Sept. 19.—A dispatch to the *Herald* says seven deserters were shot on the 18th.

The Rapidan has risen several feet.

Considerable heavy firing at Raccoon Ford on the 18th, result unknown.

A dispatch of the 20th says the roads are improving.

We have lost in skirmishing last week, ninety-three men, and five officers.

The troops are in fine condition.

The enemies left is ascertained to be on Crooked Run.

It is said to be definitely ascertained that that Ewell's corps has gone to Chattanooga.

A Lady from Richmond confirms the passage of a large number of troops from Lee's army, destination conceded to be South West.

Dayton Market.

DAYTON, September 19.

HARSHMAN'S FLOUR—Red wheat, wholesale 5 00, retail 5 25.
WHEAT—$1.
CORN—50@55.

N.B.—We also have two acres of good land in Miami City which we will sell cheap. se8dtf

Medical.

GOOD NEWS AT LAST!

LET THE AFFLICTED READ!

And learn that a perfect and radical cure is warranted and guaranteed to all who are afflicted with weakness, debility, nervous complaints, melancholy thoughts, depression of spirits, distress and anguish of mind, loss of sleep, loss of memory, loss of energy and muscular power, puny growth, wasting away, and a want of confidence in themselves, fainting fits, convulsive trembilings, impotence and disgust of life.

HEAR WHAT THE MEDICAL PRESS SAYS.

Some physicians require to be told the nature of your disease—the ENGLISH BOTANIC PHYSICIAN does not. His perfect knowledge of the human system enables him to describe the disease without any information from the patient, to explain its original cause, and to guarantee its cure. And, what is more valuable still, he will honestly and frankly tell whether you can be cured or not. This will satisfy your mind, and save you expense, time, trouble, and disappointment. It will be the means of saving you many a dollar; it will save your health, and, what is better than all, it will save your life from being shortened by wrong treatment.

His examinations are made without any information from the patient; therefore he thoroughly understands their Physical condition and Phrenological development, without which he never could have performed so many astonishing cures. It should be remembered that this Botanic Physician performs cures thought impossible.

If you have tried others and got no relief, if you wish to enjoy good health and long life, if you are wise, you will go and consult DR. RAPHAEL, the Botanic Physician

All his communications and interviews are strictly private and confidential.—*Medical Journal.*

FACTS ARE STUBBORN THINGS!

Hear what the Philadelphia correspondent says in the Commonwealth, Wilmington, Delaware, 9th of April, 1859:

"An English gentleman, formerly connected with the British Army, and who styles himself the 'English Botanic Physician,' has of late gained an extensive reputation here by his skill in curing all manner of complaints. Some of his patients I have conversed with, and they pronounce his remedies and mode of treatment as very superior. Some have been restored as if by magic. The medicine he uses is distilled by himself from various herbs possessing rare curative properties.

"While acting in the army he devoted his leisure moments to a thorough study of the effects produced by certain medicinal roots and herbs on all manner of diseases. It seems he has found a sure and speedy remedy for all the 'ills that flesh is heir to.' His practice is already extensive, and is daily increasing. In the complaints to which females are subjected he has no equal, as a large number here have testified that they owe not only their present good health, but their lives, to the skill of this English Botanic Physician." His office is at

No. 59 EAST FIFTH STREET, CINCINNATI.

MORE GOOD NEWS!

FROM HIGH AND RELIABLE AUTHORITY.

The Botanic Remedies of Doctor Raphael, the English Botanic Physician, never failed yet to make a perfect, radical, and permanent cure of ALL

PRIVATE, SECRET, AND VENEREAL DISEASES,

Without the use of Mercury, without hindrance from business, and without fear of discovery or exposure. No deadly poisons, such as arsenic, nux vomica, opium, or any other poisons. No mercury nor any deadly minerals—nothing but purely Vegetable Botanical Remedies are used by this wonderful Botanic Physician. His Botanic Remedies never yet failed to cure the most obstinate and the most dangerous cases, and to remove all mercury and other impurities from the system when all other Remedies had failed.—*Medical Journal.*

GOOD NEWS FOR SINGLE MEN CONTEMPLATING MARRIAGE.

Hear what the Baltimore correspondent of the Oddfellow, Boonsboro', Maryland, said on Thursday, the 31st of May, 1860:

"Numerous cures of diseases caused by early indiscretion having been performed by the English Botanic Physician, I feel it my duty, having a knowledge of them, to state the fact, believing that in doing so I may do a service to the suffering. One case in particular—that of a young man in this city—is worthy of note. He had become the victim of a habit, the mere allusion to which causes a shudder, and after years of suffering and doctoring gave up all hopes of recovery. He wished to marry, and was dearly beloved by as sweet a girl as ever lisped words of affection, but he was fearful, nervous, and prostrated. He dared not wed on account of the shattered state of his system. He sought relief at the hands of the Botanic Physician, and, astonishing as it may seem, all the bloom and vigor of youth has returned, and he is now the happy father of a pair of bright boys."

GLORIOUS NEWS FOR THE LADIES.

A PREVENTIVE TO HAVE CHILDREN.

Hear what the Cincinnati Weekly Press says on the 6th of March, 1862:

We are decidedly opposed to drugs and to advertised remedies for the prevention of having children, but we feel it our duty to acknowledge a benefit from any and from every source when it is for the relief of suffering humanity. A fact has come to our knowledge that ought to be promulgated and widely circulated for the benefit of those ladies whose delicate health makes it necessary to prevent any increase of family.

About twelve months after marriage, a lady of our acquaintance gave birth to a daughter, but her sufferings were so great that her physicians despaired of her recovery. This made her dread the very thoughts of again becoming a mother. She tried every thing to prevent a repetition of her sufferings, but without succeeding. Two years after marriage she was again confined, but her sufferings were so great that the child died, and her own life was despaired of. She was told by her family physician that if she had any more children he feared her life would be the forfeit. As all the remedies she had tried before had failed, she applied to the Botanic Physician, Dr. RAPHAEL,

No. 59 EAST FIFTH STREET, CINCINNATI,

FOR HIS

PREVENTIVE TO HAVE CHILDREN.

His remedies had the desired effect; they not only prevented her from having children, but they also improved her health. "TO THE PURE, ALL THINGS ARE PURE."

The Botanic Physician's remedies can be recommended, because they are innocent and safe. They operate without causing sickness or exposure. They do not interfere with the diet or occupation. They do not injure the health, but they are certain in their effect.

J. PANCOAST, M. D.
M. MEIGGS, M. D.

Any who are suffering, no matter what their complaint, can call on the Botanic Physician confidentially. They may rely upon relief. His office is at
