By Telegraph.

REPORTED FOR THE DAILY EMPIRE

NIGHT DISPATCHES.

FROM CHATTANOOGA.

NEW YORK, October 9.—The Washington correspondent of the *Commercial* states, that the recent rebel advance on Rosecrans' rear proves to be extensive reconnoissance to discover what forces are moving to support of our army.

Hooker who was published a few days at being in Nashville, has left that place but not not to take command of Burnside's forces as lately intimated.

The transport Carlew, from Charleston bar on the morning of the 7th, has arrived. General Gilmore is hard at work, but the navy is quiet.

The Baltimore *American* correspondence dated on the evening of the 6th, says all is quiet except occasional firing from rebel batteries. Gilmore's preparations are nearly completed, and active operations will soon be commenced.

The correspondent of the Associated *Press* suting New Orleans, September 30, says the headquarters of the Nineteenth Army Corps, under General Franklin and part of Thirteenth Army Corps, under General C. C. Washburn are at Camp Bisland, fifty miles from Brashear City. They have met no enemy as yet. Foraging parties have gathered up large quantities of mules, horses and cattle, but the plantations are generally deserted. The advance of the army was delayed on account of obstructions in Bayou Teche. Thes obstructions were blown up, and the bayou is now open for steamers to New I eria. On the 24th a raid was made on the telegraph office situated opposite Donaldsonsville, by a band of guerrillas. Fourteen men of the Forth Yorl Cavalry, and the telegraph operator Mr. Allen, of Illinois were captured. In consequence of this raid, an expedition was set in motion to clear the country in that neighborhood. This expedition left Carrolton on the night the 25th, by steamboat, with about one thousand men strong under Brigadier Burbridge.

He countered the whole country to the Amite river, without meeting the enemy and returned to Carrollton on the 29th without casualty

Lieutenat Earl of the Fourth Wisconsin, in command of a squad of forty cavalry, marched from Baton Rouge on the 28th, as far the Cornite river. He captured fourteen prisoners among them were the notorious Colonel Hunter and Captain Perry the guerrilla chief. It is known that General Logan, rebel, is on the east side of the Mississippi river, seven or eight miles below Mergdnzi Bend, with 2,500 men and four pieces of artillery to Liberty, Mississippi, where a rebel force is concentrating.

The following dispatch has been received:

HEADQUARTERS FORTRESS MONROE, October 9.—*To Major General Halleck*: I have the honor to report that the expedition, sent out on Sunday under General Wister, to break up or capture the guerrillas and boat's crews organized by the enemy in Mathews county has returned, having in the accomplished its object: capturing four rebel naval officers, thirty-five men, and twenty-five heads of cattle belonging to the rebels, togeteer with horses mules and arms.

LATEST NEWS.

AFTERNOON DESPATCHES.

NEWS FROM NEW ORLEANS.

NEW YORK, Oct. 10.—The *World's New* Orleans correspondent has the following important news: Gen. Logan hovers around Baton Rogue, and clouds of mounted partizan rangers hover along the river on the right bank from Donaldsville to the mouth of Red River, and on the left bank from Baton Rogue, and often below that point to Natches and beyond.

Gen. Herron's Division at Morganzia, or Morgan's band, on the right bank of the river, about twenty-five miles above Port Hudson, had been engaged for several days in skirmishing with a body, as they supposed, of guerrillas. The rebels becoming more daring and annoying, Gen. Dana, now in command of Herron's division, sent out a number of regiments to feel the enemy, and ascertain his strength. The enemy was felt, and proved himself much to strong for the force sent against them, and a severe engagement ensued, resulting in a loss to the Union army of several hundred killed and wounded, and of some 1,500 prisoners.

This took place on Tuesday, 29th ult., since then the rebel forces have assumed the offensive, and are pressing Davis' men with such vigor that the gunboats have been called in to aid in repulsing the enemy.

All the sugar houses and all other structures standing in the way, have been leveled to the ground but it is reported that still the gunboats can be of little service, owing to the numerous bluffs in that vicinity. The rebels are still there and will do great mischief if General Davis is not reinforced. This body of Confederates is said to under the command of Prince Polignac, now Boigadier General in the provisional army of the Confederate States.

NON-EXCHANGE OF SURGEONS.

NEW YORK, October 9.—General Wadsworth left this afternoon for New Orleans where he is to have an important command. He will go by the inland and Mississippi route.

The non-exchange of Surgeons usually regarded as non-combatants, arises from the detention of one named Dr. Bucker by the rebels, who professed to have charges against him. Our Government thereupon detained rebel surgeons as hostages. The rebels then kept other surgeons as fast as captured and rebel surgeons were consequently held. There are now about 2,000 of our surgeons in rebel hands and we have a still larger number of them in our hands.

The *Herald* has the following:

NASHVILLE, October 8.—We are again in uninterrupted communication with the front.

DESCRIPTION OF POSITIONS NEAR ROSECRANS.

WASHINGTON, Oct. 9.—Lookout Mountain from which Bragg endeavors to bombard Rosecrans is 1800 feet higher than Chattanooga, three miles distant by wagon road and less than two miles in a direct line. Missionary ridge where the rebel dispatches are dated is about 1000 feet high, three miles from Chattanoog by road and two miles by air line. Lookout Mountain and Missionary ridge nearly encircle Chattanooga which lies in a basin formed by the Mountainous ranges around it. *Bragg* has an open Railroad communication with Rome at forty miles and Atlanta 136 miles distant, whence he can bring up the heavy siege guns cast at both these points. The Etowat shell works are sixty miles from Chattanooga, also connected therewith by Railroad.

The Richmond *Sentinel* of the 8th inst., announces that the Raleigh, North Carolina *Standard* has again made its appearance since having its office damaged by a mob. The Raleigh State *Journal* which was among the greater sufferers has not yet resumed.

Dayton Market.

OYSTERS served up in the best manner, and on short notice. au19

Medical.

GOOD NEWS AT LAST!

LET THE AFFLICTED READ!

And learn that a perfect and radical cure is warranted and guaranteed to all who are afflicted with weakness, debility, nervous complaints, melancholy thoughts, depression of spirits, distress and anguish of mind, loss of sleep, loss of memory, loss of energy and muscular power, puny growth, wasting away, and a want of confidence in themselves, fainting fits, convulsive tremblings, impotence and disgust of life.

HEAR WHAT THE MEDICAL PRESS SAYS.

Some physicians require to be told the nature of your disease—the ENGLISH BOTANIC PHYSICIAN does not. His perfect knowledge of the human system enables him to describe the disease without any information from the patient, to explain its original cause, and to guarantee its cure. And, what is more valuable still, he will honestly and frankly tell whether you can be cured or not. This will satisfy your mind, and save you expense, time, trouble, and disappointment. It will be the means of saving you many a dollar; it will save your health, and, what is better than all, it will save your life from being shortened by wrong treatment.

His examinations are made without any information from the patient; therefore he thoroughly understands their Physical condition and Phrenological development, without which he never could have performed so many astonishing cures. It should be remembered that this Botanic Physician performs cures thought impossible.

If you have tried others and got no relief, if you wish to enjoy good health and long life, if you are wise, you will go and consult DR. RAPHAEL, the Botanic Physician.

All his communications and interviews are strictly private and confidential.—*Medical Journal.*

Width 2.—First col.

FACTS ARE STUBBORN THINGS!

Hear what the Philadelphia correspondent says in the Commonwealth, Wilmington, Delaware, 9th of April, 1859:

"An English gentleman, formerly connected with the British Army, and who styles himself the 'English Botanic Physician,' has of late gained an extensive reputation here by his skill in curing all manner of complaints, some of his patients I have conversed with, and they pronounce his remedies and mode of treatment as very superior. Some have been restored as if by magic. The medicine he used is distilled by himself from various herbs possessing rare curative properties.

"While acting in the army he devoted his leisure moments to a thorough study of the effects produced by certain medicinal roots and herbs on all manner of diseases. It seems he has found a sure and speedy remedy for all the 'ills that flesh is heir to.' His practice is already extensive, and is daily increasing. In the complaints to which females are subjected he has no equal, as a large number here have testified that they owe not only their present good health, but their lives, to the skill of this English Botanic Physician." His office is at

No. 59 EAST FIFTH STREET, CINCINNATI.

MORE GOOD NEWS!

FROM HIGH AND RELIABLE AUTHORITY.

The Botanic Remedies of Doctor Raphael, the English Botanic Physician, never failed yet to make a perfect, radical, and permanent cure of ALL

PRIVATE, SECRET, AND VENEREAL DISEASES,

Without the use of Mercury, without hindrance from business, and without fear of discovery or exposure. No deadly poisons, such as arsenic, nux vomica, opium, or any other poisons. No mercury nor any deadly minerals—nothing but purely Vegetable Botanical Remedies are used by this wonderful Botanic Physician. His Botanic Remedies never yet failed to cure the most obstinate and the most dangerous cases, and to remove all mercury and other impurities from the system when all other Remedies had failed.—*Medical Journal.*

GOOD NEWS FOR SINGLE MEN CONTEMPLATING MARRIAGE.

Hear what the Baltimore correspondent of the Odd Fellow, Boonsboro', Maryland, said on Thursday, the 31st of May, 1860:

"Numerous cases of diseases caused by early indiscretion having been performed by the English Botanic Physician, I feel it my duty, having a knowledge of them, to state the fact, believing that in doing so I may do a service to the suffering. One case in particular—that of a young man in this city—is worthy of note. He had become the victim of a habit, the mere allusion to which causes a shudder, and after years of suffering and doctoring gave up all hopes of recovery. He wished to marry, and was dearly beloved by as sweet a girl as ever lisped words of affection, but he was fearful, nervous, and prostrated. He dared not wed on account of the shattered state of his system. His sought relief at the hands of the Botanic Physician, and, astonishing as it may seem, all the bloom and vigor of youth has returned, and he is now the happy father of a pair of bright boys."

GLORIOUS NEWS FOR THE LADIES.

A PREVENTIVE TO HAVE CHILDREN.

Hear what the Cincinnati Weekly Press says on the 6th of March, 1862:

We are decidedly opposed to drugs and to advertised remedies for the prevention of having children, but we feel it our duty to acknowledge a benefit from any and from every source when it is for the relief of suffering humanity. A fact has come to our knowledge that ought to be promulgated and widely circulated for the benefit of those ladies whose delicate health makes it necessary to prevent any increase of family.

About twelve months after marriage, a lady of our acquaintance gave birth to a daughter, but her sufferings were so great that her physicians despaired of her recovery. This made her dread the very thoughts of again becoming a mother. She tried every thing to prevent a repetition of her sufferings, but without succeeding. Two years after marriage she was again confined, but her sufferings were so great that the child died, and her own life was despaired of. She was told by her family physician that if she had any more children it would be her life would be the forfeit. As all the remedies she had tried before had failed, she applied to the Botanic Physician, Dr. RAPHAEL,

No. 59 EAST FIFTH STREET, CINCINNATI,
FOR HIS
PREVENTIVE TO HAVE CHILDREN.

His remedies had the desired effect; they not only prevented her from having children, but they also improved her health. "TO THE PURE, ALL THINGS ARE PURE."

The Botanic Physician's remedies can be recommended, because they are innocent and safe. They operate without causing sickness or exposure. They do not interfere with the diet or occupation. They do not injure the health, but they are certain in their effect.

J. PANCOAST, M. D.
M. MEIGGS, M. D.

Any who are suffering, no matter what their complaint, can call on the Botanic Physician confidentially. They may rely upon relief. His office is at
