REPORTED FOR THE DAILY EMPIRE NIGHT DISPATCHES.

XXXVIITH CONGRESS.

WASHINGTON, January 8.—Senate—Mr. Wilson, of Massachusetts, offered a resolution providing for the expansion of Senator Davis of Kentucky, owing to the sentiments put forth in a recent resolution by the latter, which in the opinion of Mr. Wilson incites the people to treasonable insurrection and rebellion. Stripped of its verbiage, Wilson said this was the purpose of the resolution.

Mr. Davis explained to the Senate that the language quoted in Wilson's resolution was a garbled version of his own resolution. What he (Davis) proposed was that the people should rise at the polls and take the power of this Government into their own hands. He (Davis) repeated that the terms of Wilson's resolution were against the terms of his own, and were false in fact.

The subject was then passed over, and the Senate resumed the consideration of the bill in amendment of the enrollment act. Debate followed on the \$300 commutation clause. Lane advocated its repeal, and proposed striking it out, and believed the country would sustain him. He believed the term of service ought to be reduced from three years to eighteen months. Without a vote the Senate went into executive session, and subsequently adjourned.

GOVERNOR ANDREW'S MESSAGE.

BOSTON, January 8.—The annual message of Governor Andrew was delivered today. It is very lengthy and comprehensive. The receipts of the State Treasury for the year were \$7,228,823, and the payments in the same time \$6,728,587. The establishment of a Military Academy under the patronage of the Commonwealth is urged. The total of men furnished to the land service by Massachusetts previous to the act of 1863, was seventy-five thousand, eight hundred and sixty. Governor Andrew argues at length in favor of recruiting our wasted regiments in the field. The Governor says whenever one community can furnish volunteers for our armies, and other communities can afford to pay them to come, but can't afford to spare their own men from their own industry, the simplest political economy teaches the wastefulness of refusing to allow their balance to be adjusted by the law of supply and demand. Governor Andrew closed as follows: The great proclamation of liberty will lift the ruler who uttered it in our nation and our age above all vulgar destinies. The bell which rang out the Declaration of Independence has found at last a voice articulate to proclaim throughout all the land and to all the inhabitants thereof. It has been heard across the Ocean, and has modified the sentiments of Cabinets and Kings. The people of the old world have heard it, and their hearts stole to catch the last whisper of its echoes. The poor slave has heard it, and with bounding joy, trembled by the mystery of religion he worships and adores. The waiting continent has heard it, and already foresees the fulfilled prophecy, when she will sit redeemed, rejuvenated and decentralized by the genius of universal emancipation.

FROM CUMBERLAND.

CUMBERLAND, January 7.—General Kelly, this evening, received the following dispatch: With the exception of McNeill's company, which is several miles back of Moorefield, there is no force of rebels near Petersburg. The report at Moorefield, yesterday afternoon, was that Pittsburg Lee's rebel forces had been ordered to Winchester. The present rebel raid was a complete failure, and was all attributed to the fact that Early was unable to bring his artillery from the valley, owing to the icy condition of the roads. General Early's object was to attack New Creek, but owing to late storms, the roads are almost impassable for infantry.

STEAMBOAT BURNED.

LOUISVILLE, January 7.—The steamer Science was burned this morning at Portland Wharf. Her cargo of Government stores had been landed, and was saved. Loss small. All quiet below. Cold and snowing.

DEATH OF HON. CALEB B. SMITH. INDIANAPOLIS, January 7.—Hon. Caleb B. Smith, Judge of the United States District Court and ex-Secretary of the Interior, died this evening. Indiana's quota for volunteers is full. No draft here.

OBSEQUIES OF ARCHBISHOP HUGHES. NEW YORK, January 7.—Archbishop Hughes was buried today from St. Patrick's Cathedral. High Mass was celebrated by Bishop Timon of Buffalo. Bishop McCloskey pronounced the funeral discourse. Hundreds of Catholic Clergy were present, and the Cathedral was crowded to its utmost limit. After the ceremonies his body was interred in a tomb under the Cathedral, with impressive religious exercises.

LATEST NEWS. AFTERTHOUGHTS.

FIGHT EXPECTED. CUMBERLAND, Md., January 8.—Special to the Herald says the garrison at Petersburg, Western Virginia was surrounded today by Fitz Hugh Lee and Rosser moving between New Creek and Petersburg.

The enemy drove our forces out of Burlington today. Cumberland Maryland, was threatened and much excitement prevails here tonight. It seems probable we will be attacked here about tomorrow morning. Passenger trains on the railroad are stopped.

The enemy yesterday captured a train of thirty-six wagons. The rebels are reported to be moving in three main columns. Imboden has been attacked at Winchester and driven back. So far everything has been in our favor. It has been snowing heavily all day.

CONFIRMATION.

WASHINGTON, January 8.—The Senate today confirmed the nomination of Herkiah Fletcher of Minnesota, as Treasurer of Public money for the District of Mississippi.

ELECTION.

BALTIMORE, January 8.—The Legislature today elected a United States Senator to fill the unexpired term of Senator Pearce to which he had been appointed by the Governor.

SENATORS AGAINST THE REPEAL OF THE \$300 CLAUSE.

WASHINGTON, January 8.—The World's dispatch says that the Senate debated on the Commutation Act most of the day but came to no conclusion on any amendment. But one Senator favored the repeal of the \$300 exemption clause, while all others who spoke opposed such a repeal. The indications are that not two-thirds of the Senators favor its repeal. During the debate on the bill in the Senate today an important fact came out, that the enlistment of only 20,000 veterans expire before next July in all our armies.

Several delegations are here representing the tobacco, whisky, petroleum and other interests, who will be heard before the committee next week. The committee will not be able to report on the tax bill for some time.

FEARS OF THE ESCAPE OF THE CONFEDERATES FROM JOHNSON'S ISLAND.

WASHINGTON, January 8.—The Times dispatch says the reciprocity treaty got its first notice today by a resolution introduced in the Senate to terminate it. It is understood that an efficient lobby will be here to maintain the present arrangement in force.

The Pacific Railroad special committee had their first meeting this evening. Engineer Eapenwood was again under examination to-day before the Ways and Means Committee, to aid that body in saving waste material and money in bad ships and worse engines. He will be called again next week. The ice has rendered Johnson's Island no longer an Island, and fears have been entertained of a new attempt on the part of the rebel officers at that point to effect their escape. To meet any move of this kind, a large force has been forwarded to that point.

TAX ON WHISKY—PAYMENT OF SEVENTH PART.

WASHINGTON, Jan. 9.—The Tribune's special says the Committee of Ways and Means is in session to-day engaged on considering amendments to the Internal Revenue Bill, stating that if the Committee advance the tax on whisky only to the figures recommended by the Secretary and Commissioner, viz. sixty per cent. per gallon, as at present, they were disposed to do, an effort will be made in the House to add forty per cent. making one dollar per gallon.

General Hancock, who has just assumed command of the Second Corps, is ordered to report to the War Department, and General Warren again placed in command of the corps under a decision of Secretary Chase, the payment of the 7.30 Treasury notes, will be made in legal currency of the United States, unless resumption of specie payment takes place before that time. Shareholders desire they can convert notes into six per cent bonds, the interest and principal of which is payable in coin.

COURT-MARTIAL.

WASHINGTON, January 8.—The Star states that the President has ordered a Court-martial for the trial of Surgeon General Hammond under charge of mal-practice brought by the commission that not long since examined into the affairs of his office.

THE EXPEDITIONS OF THE NEGRO BRIGADE.

NEW YORK, Jan. 9.—A letter to the Times gives an interesting account of the expedition of the Negro brigade into North Carolina, the results of which are nearly 3,000 slaves released from bondage. With them were taken about 350 horses and mule teams, and about 75 saddle horses. The guerrillas lost thirteen killed and wounded. Ten dwellings with many thousand bushels of corn were burned, besides two distilleries. Four rebel camps destroyed and one guerrilla lung, 1000 rifles, lot of uniforms and equipments fell into our hands. Our loss was twelve killed and wounded, and one taken prisoner. We brought in fourteen rebel prisoners and four hostages.

THE NEW HAMPSHIRE DEMOCRATIC STATE CONVENTION.

CONCORD, January 8.—The New Hampshire Democratic State Convention met today. The attendance is quite large and the proceedings enthusiastic. Resolutions generally condemnatory of the policy of the Administration were adopted.
