

# IN THE COURTS

FRIDAY, AUGUST 28, 1908.

## Juries Drawn.

The grand and petit juries for the September term of court were drawn yesterday morning by County Clerk Jacob J. Wise in the presence of Sheriff Wilson from the jury wheel under the orders from the judges of common pleas court. Fifteen members compose the grand jury and have been requested to report for duty Monday morning, September 14. At 1 o'clock the same afternoon, the petit juries will be requested to report.

It is predicted that Judges Harter and Ambler will have a busy session of the September court. A few cases have been filed in the clerk's office with much regularity and the officials are of the opinion that this term of court will run into the middle of December. Under the present arrangement Judges Harter and Ambler will have to alternate in the holding of session in Carroll county and it will greatly handicap the trial cases at the local bar. There has been much talk concerning the appointing of another judge but so far nothing has been done.

The lists as drawn Monday follow: Grand jurors—C. C. Rockhill, Marlboro township; O. H. Bachtel, Canton; George Reeves, Alliance; W. P. A check amounting to \$36,766.62 was given to receivers of the Canton State bank and one for \$3342.42 to the Merchants' National bank of Massillon. The settlements represent the amount the banks were entitled to on preferred claims of mortgage bonds which were issued within one year of the time the company went into bankruptcy.

"The brick company has not made any dividend to its general creditors, because we have been expecting daily the settlement of a few accounts coming from other companies in which William L. Davis was interested," said Receiver Bow. "When I receive dividends from these companies the brick company will have a dividend. This can be expected within the next 60 or 90 days."

## Will Start Monday.

W. G. Andrews, president of the Andrews Decorative company has arrived in Canton and is preparing to begin the preliminary work of re-decorating and re-finishing the interior of the court house. The contract was let August 5 by the county commissioners and is to be completed in 90 days. Mr. Andrews said yesterday that he intended to start the work Monday as most of his men are expected to be here sometime today.

## Charges Cruelty.

Nellie M. Hoover seeks through her attorney, H. H. Emmons for a divorce from Alonzo G. Hoover, charging her husband with extreme cruelty. They were married in Ravenna, December 22, 1903 and no children have been born to the union. The plaintiff avers that since their marriage that he has been continually quarrelling with her and that on May 22, 1907, deserted her compelling her to make her own living.

## Divorce Wanted.

They were married in Lisbon, April 13, 1892. The plaintiff asks the court to allow her reasonable alimony and also the custody of the two children. Roscoe McCulloch represents the plaintiff.

## MAY CLOSE ON SATURDAY.

It is probable that the court house may be closed next Saturday, the date on which all the officials of Stark county will hold their first annual picnic at Meyer's lake. The question of closing will be discussed at the meeting of the board of county commissioners which will be held this morning. Only a half day will be lost by reason that it is always closed on Saturday afternoons anyway. "I am in favor of shutting the building for the day," said Commissioner McDonald, of Alliance, Thursday morning. "I do not see how such a resolution would work any hardship upon people of the county who have business to transact in the structure. I do not know, however, what opinions are held by Commissioners Hay and Burnheimer."

## SUMMONING JURORS.

Preparations are now being made by Sheriff Wilson and Deputy Adam Oberlin to notify next week, all the electors drawn for jury service last Monday by Clerk of Courts Jacob J. Wise. Although August is said to be the dullest month of the year, the records so far show that the court and county work is beginning to brighten up considerably in anticipation to the opening of the new term. Business has slightly increased since the first of the week in the clerk's office.

## WANTS PAY FOR LIGHT.

The Canton Electric company has brought suit in common pleas court to recover the sum of \$46.83, which the plaintiff claims the defendant, the Canton Finance company, is indebted for electric lighting and for electricity consumed. ## SUES ADMINISTRATOR.

Seese, administrator of the estate of Salome Bixler, deceased, to recover the sum of \$166.41 which the plaintiff claims is due him. ## TRIP AMONG THE ROCKY WONDERS

Cheyenne Canon, Col., Aug. 17.—After enjoying the trip to the prairies it is no unwelcome diversion to rest among the Rocky wonders, climb to dizzy heights, drink the panacea of restoring health amid the regions of perpetual snow, and write your postal card out in a snow storm in August, as we did on Mt. McClellan. Where I now sit the inspired artist has endeavored to explain the majesty of the rocks, laugh of the fall, and beauty of the falls, and yet pen or brush have failed so utterly to give any idea of what sights can be seen; that my meager effort shall lend its energy to induce others to come and see the undescrivable Rocky scenery. This morning we ride on a trolley, run, walk, or climb, singing such couplets as "Holy, Holy, Lord God Almighty," "Rocks and Rills and All Creation Praise God's Name Forever More," "My Country," etc. And now rest at Brinn's Inn, and in less majestic regions than Inspiration Point or Seven Falls—we laugh when our hand moves and writes.

At Helen Hunt Falls, God help me to think some thought And say some word sublime For in this stream and rocks galore Thy handiwork doth shine.

This great to sit at "Helen Hunt" The Falls all men adore, And feel its spray fall on your face Soft as a mother's lore.

How sweet to think our souls may rove. Besides God's crystal streams, And sit down beside the Rock Thar rich in mercy gleams.

God would write some useful line, Some spray of heaven's lore To fall from hearts in smiles On those who clamber near our shore.

But already "All aboard" greets our ears, and as we pity the hores, we race with a Kansas attorney across to the divide on foot, where at an elevation of over 9,000 feet, we rest at Mrs. Captain Jack Ward's cabin, a gold prospector—just think how a woman can live and be perfectly happy if she chooses—but we did not win the race with the Kansas attorney. Perhaps this was due to his having learned to scheme while running for Congress, for by looking ahead, Kansas cut through a gulch and gained one-fourth of a mile on Ohio, so while defeated, we sang out, Here's to Kansas, she won the race, though we very much wish to be in her place. The mountains are beautiful with flowers at this season. Excursion trains are run up the Colorado Midland for gathering them, and who can afford to miss the sight and fragrance of the armfuls of Columbine and other mountain flowers brought by the tourists on their return.

Expenses are not necessarily high. We have a fine room at Manalean at a moderate rate and more than we can eat at 25c a meal.

Here the wealthy and weary alike forget their burdens while they drink from soda and iron fountains and nature's bower while they discuss the greatness of their Maker.

At the close of day we are sad only in this—all lovers of nature in our dear home city have not been with us in our rambles.

From one who heartily believes that love of country and duty to kin compels you to travel or commit a sin. MRS. A. J. DE HOFF.

Gallon—Ell Bollitt of Sunbury hamlet, who died at the age of 96, left a remarkable line of 220 living descendants. There are 16 children, 61 grandchildren, 131 great-grandchildren and 19 great great-grandchildren.

# LEPROSY

## WITHIN TWO SQUARES OF CAPITOL

## Subject Has Been Going About Streets Freely

## Thought to Have Contracted the Disease While Serving in the Philippines—Will be Kept Under Guard.

Washington, Aug. 23.—A well developed case of leprosy has been discovered in a lodging house on Pennsylvania avenue, conducted as a mission by the Salvation Army and within two squares of the capitol. The subject, John R. Early, came to Washington six days ago from Lynn, N. C., and had gone freely about the capitol, eating at various restaurants, mingling with people, and using the street cars. The case was discovered by a physician called to attend Early for some minor ailment. He observed three suspicious looking white spots on the patient's forehead and questioned him. Closer inspection convinced the physician who promptly telephoned the health authorities of the District of Columbia. An ambulance responded and carried Early to an isolated quarter of the district where a closer inspection was made.

The health department of Washington has officially pronounced the case one of leprosy. The patient is about 35 years old, has a wife and child in Lynn, N. C., with whom he lived until he came to Washington nearly a week ago. He had no knowledge of the serious character of the disease until informed by the physician. He says the first symptoms appeared about eighteen months ago. He believes he contracted the disease while serving as a soldier in the Philippines. He was a private in the fifth regiment of the New York volunteers, which served in the provisional army in the Philippines. He enlisted in that regiment at Plattsburg barracks. Since he quit the service Early has worked in New York and other cities at clerical work and is a member of the Salvation Army, having seen service in the organization in New York city.

Early has been placed in a tent especially erected for his isolation in the rear of the small police quarantine station near the district jail on the bank of the eastern branch of the Potomac. He will be kept there under guard until cold weather comes when if necessary a house will be built to make him more comfortable. He has been supplied with bed clothes and clothing and utensils necessary for living. His food is carried to him and poured into vessels supplied for his personal use. He does his own washing. The room from which he was taken was securely locked as soon as the discovery was first made and has been fumigated under direction of the health department.

Every place in which he is known to have been has been fumigated. Even street cars in which he rode have been disinfected. Early came to Washington to personally urge a claim for a pension for himself as a former soldier and visited the pension office several times. The authorities in North Carolina have been notified of the case and requested to conduct an investigation to determine the movements of Early in and around Lynn and to take precautions for the prompt apprehension of any suspected cases that may arise from contact with him.

A number of persons visited the locality where Early is isolated today and newspaper men talked with him. He appeared remarkably cheerful under all the circumstances. He asked the health department to keep from his wife information as to the character of his illness. This being impossible he expressed a desire to return to his wife and child to be permitted to die near them if it would not subject them to the disease. "If this is not possible then I am perfectly willing to remain right here or anywhere else the authorities may say until the end comes," said he.

# FITZGERALD'S ARREST SOLVES ROBBERY MYSTERY

Chicago, Aug. 23.—George W. Fitzgerald was arrested late last night at his home on a charge of stealing \$173,000 from the Chicago sub-treasury. The arrest, it is believed, solves the great sub-treasury robbery, which for nearly two years has mystified the keenest detectives of the government secret service.

The warrant was sworn out at midnight before Judge Arthur H. Chetlain, by Herbert F. Young general manager of the Young Secret Service company. The detective manager acted under instructions from Assistant Treasurer William Roldenweick, in charge of the Chicago sub-treasury.

Fitzgerald was bundled into an automobile and taken to the office of the Young Secret Service company. There he was sweated for two hours. He was taken to the county jail at 2 o'clock this morning. He was turned over to the federal authorities today.

# STANDARD

## Oil Case to be Carried to the United States Supreme Court

## VITAL TO RAILROADS

Chicago, Aug. 23.—If the plans of the government carry the Standard Oil case will be carried to the United States supreme court by a "short cut" method. This is revealed in an obscure paragraph of the petition filed with the United States court of appeals for a re-hearing of the reversal of the \$29,240,000 fine.

Judges Grosscup, Seaman and Baker are asked by Attorney General Bonaparte to certify the entire proceedings to the supreme court. Heretofore it has been generally supposed the only method by which the department of justice could get a hearing of the oil case before the highest tribunal was through a petition for a writ of certiorari. That proceeding would mean a delay until the intermediate court had disposed of the rehearing plea.

The government, however, seeks to facilitate matters through an immediate certification of the case to the supreme court. It is pointed out to the judges of the court of appeals that their opinion leaves in doubt the question of the defendant's "guilty knowledge." They are told that the statute provides that they may at any time certify to the supreme court any questions or propositions of law concerning which they desire construction.

In view of the fact that the question of the defendant company's "guilty knowledge" is the most important point involved in the reversal of Judge Landis, the certification of the proposition practically would amount to an appeal of the entire case.

The petition dwelling on this feature, adds the question involved is vital to shippers and railroads.

"Suits are now pending in practically every circuit court of the United States," says the government lawyers, "and this is a point upon which eminent judges differ. In fact, it is a question expressly left open for the supreme court, under these circumstances we respectfully suggest that this court may certify this question to the supreme court to the end that a final decision of this important question may be obtained."

## HIGHLAND PARK

Highland Park, Aug. 23.—The ten days' encampment for the worship of God came to a close on Sunday night, amidst scenes of great interest and profit. All the services of the past ten days have been leading up to this last Sabbath as a climax, and a great amount of spiritual power was manifested as a result. An immense throng of people was present, and thousands were touched by the gospel messages. From early morning to late at night the grove resounded with song and praise. The preaching of Rev. W. H. Fouke in the morning and afternoon was a means of great power upon his hearers. Both messages were eloquent and full of spiritual fervor. This man of God has again won his way into the hearts of the attendants of the Highland Park meeting.

The morning prayer service was led by Rev. H. D. Shultz, of Cleveland. It was a fitting beginning for the day. At 9 a. m., Rev. J. A. Grimm conducted a service of prayer and song and testimony. The Sunday school, Rev. F. E. Smoke, superintendent, was very interesting, more than a thousand people being present. At 6:30 Rev. William Davis conducted a Young People's service on the hillside, and in the evening Rev. M. M. Rader, of Canton, preached the closing sermon. A fellowship meeting followed, and farewells were said until next August. Thus came the close of the meeting.

The annual meeting of the Board of Directors was held on Saturday, and elected the following officers: President, Rev. J. A. Grimm, of Freeburg; vice president, Rev. M. M. Rader, of Canton; secretary, Rev. W. S. Harper, of Columbus; treasurer, Rev. G. W. Brown, of Fairhope.

## MERCY HOSPITAL

Sisters Solicit a Fruit Shower. Every good housewife in Canton will do well to remember the Mercy hospital during the canning season by putting up a few extra jars for the sick.

The sisters are not in a position at present to do anything in this line on account of their small quarters and depend upon the charity of the people whom they trust will respond generously.

Any donations however small will be most gratefully accepted and may be taken to the hospital at any time.

# DROPPED DEAD

## While on Way to Church Last Evening Did Mrs. E. Genet

## FROM HEART TROUBLE

Massillon, Ohio, August 24.—While on her way to attend the evening services at the Faith Lutheran chapel, on South Grant street, about 7 o'clock last evening, Mrs. E. Genet, of 503 North Mill street, dropped dead on West Main street. A physician was immediately summoned while she was taken by friends into a residence nearby. Upon the physician's arrival it was found that death had been instantaneous, due to heart trouble. Gordon & Hollinger's ambulance was called and the remains were taken to the home of the deceased on North Mill street.

Mrs. Genet had been in the best of health all day and upon feeling no ill effects decided to go over to the West Side church. She was sixty-six years old and is survived by several children. Late last evening the funeral arrangements had not been made.

# STOLEN HORSE

## Thought to Have Been Located at Orrville—Officers and Owner to Investigate.

C. J. Milner's horse and buggy, stolen from a hitching post in front of David Harris' saloon, corner of Third and Court streets, last Thursday evening, after it had been hired by Michael J. Bolan, was found Sunday night in Orrville, where a man was trying to dispose of it. The man who stole it had the horse in the stables connected with the Rest house at that place and the low price which he offered it at led the proprietor of the stable to surmise that it was stolen. The description of the horse and runabout was sent to this city and Milner was satisfied that it was his outfit. He reported the matter to the police and late Sunday evening Chief Smith prepared an affidavit and placed it in the hands of Captain Patterson, who accompanied Milner to Orrville. Milner asked that the man be arrested and held until the arrival of Captain Patterson, but he did not know that this was done, as the man was not present when the message was sent to this city. This is the second time that this horse has been stolen from the local liverman.
