

# THE BIBLE—THE CONSTITUTION—GEN. TAYLOR.

At the Presbyterian ladies' fair, in Frankfort, General Taylor being present, was presented with a beautiful copy of the Bible and the Constitution of the United States bound in one volume.

The Rev. Mr. Robinson, in behalf of the ladies, presented the volume with appropriate remarks. To which General Taylor responded:

I accept with gratitude and pleasure your gift of this inestimable volume. It was for their love of the truth of this great and good book that our fathers abandoned their native shores for the wilderness. Anointed by its lofty principles, they toiled and suffered till the desert blossomed as the rose. These same truths sustained them in their resolutions to become a free nation. And guided by the wisdom of this book, they founded a government under which we have grown from three millions to more than twenty millions of people, and from being but a speck on the borders of this continent, we have spread from the Atlantic to the Pacific. I trust that their principles of liberty may extend, if without bloodshed, from the north to the southern extremities of this continent.

If there were in that Book nothing but its great precept: "All things whatsoever you would that men should do unto you, do ye even so to them," and that precept were obeyed our government might extend over the whole continent.

Accept, sir, my thanks for the kind manner in which you have discharged this duty, and expressing again my sincerest thanks to the ladies for their beautiful gift—I pray that health, peace and prosperity may long be continued to them.

When we are asked by our readers why we are constantly week after week, alluding to Vaughn's Vegetable Lithontripic Mixture, we have only to say that with all due allowance to the merits of other articles of the kind, we must say we have been astonished at the success of this Great American Remedy. In all the complaints which belong to the human family, it acts as a curative power of most magical character—this we know. For the true that we are proud for this notice—for the proprietor of the Lithontripic, Dr. Vaughn, advertises largely with us, but reader we are not paid to falsify, and we beg of you to examine his book in the Agents' hands and also the Agents themselves if his Remedy is not something of great value. See our columns.

It is a rare occurrence that we notice editorially about the country, but in duty to the people we feel bound to acknowledge and state that no one article of medicine within our knowledge, for most complaints which human flesh is heir to, begins to be so valuable as MALLISTER'S ALL-HEALING OINTMENT. Having witnessed the great and wonderful healing properties, we would not on any consideration be without it; and we say to all heads of families, keep this article on hand if you wish to preserve your health and save doctors' bills. See advertisement.

We have had occasion several times to see that pest of the western states, fever and ague, treated with a medicine called "W. O. Connor's" pure vegetable fever and ague Nostrum, and were astonished at the results. We have heard of charms, amulets, incantations, &c., in medicine before, but never saw or heard of anything that acted on disease so much like a charm as this celebrated "nostrum." In every case where we saw or heard of its use (and these were very numerous) it cured the fever and ague with numerous complications and collateral maladies in an astonishing short space of time, and what is still more advantageous, its cures are radical and perfect—the patient being enabled to assume his duties at once, without the risk of a return of the disease. No other remedy ever offered to the public will do this. The remedy ought to be placed within the reach of every individual who has the ague or any of those thousand and one bilious affections, all of which it relieves with equal facility and certainty. The value of this remedy to the public cannot be estimated in a pecuniary point of view, nor can the amount of suffering which it has already mitigated, ever be calculated—all of the medicines that we have ever seen sold for the cure of bilious difficulties, such as ague and fever, dumb ague, chills, or intermittent fever, jaundice, affection of the liver, &c., we should try their remedy first, in our case, and recommend it to all who are afflicted. For sale by J. F. R. SEBRING, Lower Sandusky July 22, 1848.

**CANALS AND RAIL ROADS** have lost their novelty; chemistry, geology, phrenology and mesmerism are becoming settled as sciences, and still the world progresses. Man produces his likeness by light, and sends his messages by lightning, and still the world progresses—progresses in liberal sentiments and sciences.

Dr. Guyssott has prepared a compound syrup of the best vegetable substances known, and which cure most of the "ills that flesh is heir to." Try his Compound extract of Yellow Dock and Sarsaparilla, and you will acknowledge that still the world progresses. Our readers will find advertisement in another column.

**DR. RODGER'S COMPOUND SYRUP OF Liverwort and Tar.**  
A safe and certain cure for Consumption of the Lungs, spitting of blood, coughs, colds, asthma, pain in the side, bronchitis, whooping cough, and all pulmonary affections.

The following is a certificate of W. M. J. Richards, of Cincinnati, a well known practitioner of more than twenty years' standing: I make the following statement: Conscious that it may appear unprofessional, in an advertisement, had I not seen a copy of the receipt from which the medicine is prepared, obtained from the agent and which I am satisfied is authentic—was quite low with the early stages of pulmonary consumption, for which I had been treating in the usual manner, though with less than my usual success. I had been so long and so severely afflicted, that I was obliged to seek the assistance of my friends. I examined the receipt, and was sufficiently satisfied of its scientific composition to allow the trial, and I am obliged to confess its effect was all but surprising. Inasmuch that, after the consumption of the second bottle, my general health was so considerably improved, that I frequently saw my patient afterward, restored to perfect health.

The preparation is called "R. RODGER'S COMPOUND SYRUP OF LIVERWORT AND TAR," and I am the examiner of the receipt and the success in my own experience, I do conscientiously recommend it as a useful and valuable medicine, and I would urge my brother practitioners, to procure the receipt, as I feel convinced they will agree with me in its excellence and will use it in the practice, as I shall most certainly do, believing to be a most valuable aid in pulmonary cases that baffles the ordinary mode of treatment. W. J. RICHARDS, M. D., Cincinnati, Oct. 4, 1848.

**FEMALE BEAUTY.**  
Ladies whose complexions are not so clear as they could wish, instead of resorting to those poisonous preparations in the form of Cosmetics, &c., should use Dr. Guyssott's compound of yellow dock and sarsaparilla. By purifying the Blood and enlivening the imagination, it gives clearness to the complexion, brightness to the eye and elasticity to the step— "Leaving that beautiful which was so, And making that which was not." Venetian eruptions on the face resulting from want of exercise or stagnation of the blood, at once disappear under its influence, leaving a rich bloom behind, the complexion clear and fresh, ladies who have tried it express themselves surprised and delighted.

**CAUTION EXTRAORDINARY.**  
The great reputation of this medicine has induced numerous counterfeits and imitations to take the field. Therefore, beware how you buy medicine put up in similar style. Be very true and ask for Dr. Guyssott's extract of yellow Dock and Sarsaparilla, bearing the written signature of S. F. Bennett, on each outside wrapper, written with black ink; and do not, on any account be induced to buy any other article as it is this preparation only that is performing such marvelous and astonishing cures. Take no man's word; as persons having the counterfeit medicine and not the genuine, are of course desirous of making their profit, consequently you are liable to buy worthless medicine, and to suffer for yourselves.

It is well in all cases to cut out this caution and put into your pocket book and compare with medicine. Remember, Dr. Guyssott's Yellow Dock and Sarsaparilla. Prepared at S. F. Bennett's Laboratory, Little Falls, New York, and sold wholesale and retail at the Western Branch Emporium, number 4, Walnut St. Cincinnati. Orders may be addressed to either place. Also for sale by Lockwood & Graham, Sandusky City; William Pike, Cleveland; Armstrong & Goodson, Bellevue; and merchants, and by the principal Druggists throughout the United States, West Indies, and Canada.

It is hereby given that Amos Penn has been appointed administrator of the estate of Joseph C. Colman, dec'd late of Greencreek township, Sandusky co., Ohio. AMOS PENN, January 20, 1849. pd.

## Great & Important Chemical Discovery.

### CHEMICAL COMBINATION FROM THE VEGETABLE KINGDOM TO REPEL DISEASES.

#### Dr. GUYSSOTT'S EXTRACT OF YELLOW DOCK AND SARSAPARILLA

**THE MOST SUCCESSFUL MEDICINE IN THE WORLD.**  
The result of a series of Chemical experiments, this Compound Extract of Yellow Dock and Sarsaparilla, with other almost equally powerful vegetable substances, is one of the greatest discoveries of the age; and is the first and only instance in which these roots—so long in use by the faculty—have been united into a Compound possessing a due proportion of the peculiar virtues and powers of each.

It is success is astonishing, having performed over fifteen thousand cures since its discovery—less than two years! Its unrivalled power over disease, and great superiority over other equally powerful vegetable substances, is so striking to the fact that it is composed purely of vegetable substances, each one having direct reference to some internal organ; consequently the whole system is benefited. It is the most highly concentrated Syrup in use, and being of simple Sarsaparilla Syrup, may be strangled to the fact that it is composed purely of vegetable substances, and consequently expels nervous disease from the system, more effectually than any medicine known.

It is pleasant to take, occasions neither sickness nor pain in its operation, can be taken regardless of business or diet, and by the aged and infant with equal efficacy. In all Chronic Diseases this compound is the greatest blessing ever possessed by man. This Extract of Yellow Dock and Sarsaparilla is a positive, speedy and permanent cure for Consumption, Scrophula, Erysipelas, Rheumatism, Gout, Liver complaints, Spinal affections, Ulcers, scrophula, dropsy, jaundice, anasarca, affections of the bladder and kidneys, Mercurial diseases, corrupt humors, rush of blood to the head, fever and ague, female complaints, general debility, pyæmia, loss of appetite, colds, headache, constiveness, gravel, Night sweats, colic, organic affection, palpitation of the heart, bile, jaundice in the side, chest, back, limbs, &c. &c.

**IT IS INFALLIBLE.**  
In all diseases arising from an impure state of the blood or irregular action of the system. IN THE VEGETABLE KINGDOM an All Wills Bein has deposited plants and herbs congenial to our constitution, and adapted to the cure of disease; and to the vegetable and mineral kingdoms, as well as to the instinct of animals, turn for antidotes to pain. The Syrup is a scientific compound of the most valuable plants in nature, entirely free from deleterious and purgative mineral substances, and as it expels disease from the system, imparts strength and vigor in a corresponding degree.

**OPINIONS OF PHYSICIANS.**  
This is to certify that the undersigned Physicians of the city of New York, have in a very great many cases prescribed Dr. Guyssott's Extract of Yellow Dock and Sarsaparilla, and are fully assured that it has no equal in any other medicine, and that the Sarsaparilla preparations that have ever been sold. John F. Stebbins, M. D. Samuel T. Wells, M. D. P. S. Maynard, M. D. F. R. Thomas, M. D. James E. Morgan, M. D. M. D.

**TESTIMONY.**  
The following letters indicate its salutary effect in cases of DYSPEPSIA, GENERAL DEBILITY, &c. Waterbury, Jefferson co. Nov. 4, 1847. Mr. F. Bennett—I am at a loss to express with words what has been said in praise of your Compound Extract of Yellow Dock and sarsaparilla. All who have had the pleasure of using it, speak of its marvelous effects in relieving disease, with so much feeling and heartfelt satisfaction, that I am confident now that no medicine in use can boast of its superior qualities. Many who have been complaining for years with pain in the side, bearing and pain in the chest, dyspepsia, general debility, loss of appetite, chills, night sweats, salt rheum, scrophula—in fact all the ailments that we in this climate are heir to, find in the yellow dock and sarsaparilla all that is requisite to make them what they were in the days of health.

We find that we have had some twelve dozen bottles in three months, and we are nearly out. You will please send an equal number, and of the same quality. HOYT & GREGORY, CURED. Johnsville, Montgomery co. Jan. 3, 1848. F. Bennett—some four weeks since, was induced to try your yellow dock and sarsaparilla for dyspepsia; had been afflicted about 30 years, most part of the time unable to eat anything without suffering intensely from its effects. It cured me of all my ailments, and my general health improved, and I feel as if I had a new lease of life. I can now eat a hearty meal, without the slightest inconvenience. Very truly yours, ANTHONY BEEMAN, BEST FEMALE MEDICINE KNOWN.

The mild alterative properties of Dr. Guyssott's Extract of yellow dock and sarsaparilla, rendered it peculiarly applicable to the slender and delicate constitution of the female. It is unrivaled in its effect upon such diseases as incipient consumption, barrenness, Leucorrhoea or Whites irregular menstruation, incontinence of urine, and general prostration of the system. It immediately counteracts that nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful. It is so pleasant an oil, which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

We cannot, of course, exhibit certificates to any extent in the above class of complaints, but give the following extracts from letters received from our correspondents, which bear the extraordinary virtue of this medicine as a remedy for the disease referred to. Newark, Jan. 25th, 1848. Mr. Bennett—We take pleasure in stating that your yellow dock and sarsaparilla gives great satisfaction in every case. We shall try and send you some certificates. A very respectable gentleman informed us that his daughter was troubled with difficult menstruation and it required a long time to her discharge to be regular. She had not had her regular monthly discharges for a long time; but by the use of Doctor Guyssott's Yellow Dock and Sarsaparilla, was radically cured. Had two children by her, and was enjoying the greatest health. He had one daughter die from the same cause. Please send us an additional supply. Very respectfully yours, J. E. TRIPPE, & Co.

#### TWENTY THOUSAND MAJORITY!!

**BOYS, ROLL OUT THAT 'BABY WATER.'**

More than fifty thousand persons cured.

It is upon the principle of insensible perspiration, secreted in this case, that the human body delivers itself of impurities and disease. "The blood being the life of the flesh" according to the scriptures, it must be kept pure to insure health. This it does by its own heat and action through the system, elaborating all impurities, and casting off all its worn-out particles, which are carried out of the system, through the pores of the skin. When, however, the skin becomes locked up from sudden changes of weather, or any undue application of cold, all the humors, and violent particles of the blood are retained within, and sickness and death must follow. All the long catalogue of diseases are the result. We have under such circumstances, discovered a remedy that will open the pores and assist the body to cast off any offending humor.

#### MALLISTER'S ALL-HEALING OINTMENT

It opens those avenues through which nature carries off the impurities within, and thus relieves the body of disease. McCallister's All Healing Ointment restores perspiration, cures Consumption, Scrophula, Erysipelas, Asthma, Salt Rheum, Sick Headache, Quinsy, Sore Throat, Rheumatism, Scald Head, Pains in the chest, side, and back; Dyspepsia, Poisons, sore Breasts, Deafness, Cutaneous eruptions, Sore Eyes, Inflammation of the bowels, Kidneys and Brain, Burns, Chilblains and Piles, Worms, Agues, cold Feet, Liver Complaint, Ulcers, and all fever sores, inflammation of every kind.

It is by acting upon this principle that it is proved to be one of the most extraordinary medicines of the west ever used. Its success in curing disease is altogether unprecedented in the annals of Medical Jurisprudence.

This we might demonstrate by the publication of thousands of certificates from individuals of high standing in all parts of the United States, who have experienced its astonishing efficacy in the healing of the most afflicting maladies to which mankind is subject. But we appeal to a candid and enlightened public, and only ask that the numerous cases which are given in our Ointment wherever it has been used may secure for it that reputation which it merits—that due attention be paid to the directions contained in the envelopes in which the boxes of Ointment are enclosed, as well as the Certificates in the hands of our agents.

**A REMARKABLE CURE OF CONSUMPTION.**  
Mr. Scovell I was taken with a most distressing cough and my lungs became so diseased that I lived in a short time several weeks. I was reduced so low that all my friends, and even my Physicians, despaired of my recovery. My brother having procured a bottle of the remarkable cure made by Dr. Roger's Liverwort and Tar, procured a bottle, and before I had taken one-half of it, it seemed to go to the very seat of the disease. I raised a large quantity of phlegm and mucus, and my cough was stopped as with a charm. And by its use I was restored to perfect health. GABRIEL WHITEHEAD, Sworn to and subscribed this 26th day of November, 1847. Mayor of the City of Cincinnati.
