

LOCAL NEWS.

Mr. E. S. Raff has returned from Omaha, Neb.

No quorum in the Council on Thursday evening.

Geo. B. White, of Chicago, is visiting relatives here.

Mr. I. E. Goldberg, of our city, arrived safely at Queenstown.

The case of Ohio vs. Levi Desler will be given to the jury to-day.

Frank M. Harsh, express messenger, intends moving his family to Canton--Carroll Republican.

The new steam yacht on Congress lake is a novelty. It can carry sixty or seventy persons.

Mr. Lewis Gibbs is erecting a neat and novel residence at the corner of Tuscarawas and High streets.

Margaret Brantingham, of Marlboro township, is aged 94, and David Bishop of the same township is 84.

Miss Lizzie McCurdy, of Akron, is the guest of Miss Grace Hazlett, at the residence of Mr. Joseph Saxton.

Mr. Louis M. Kiefer has returned from Delphos, O., where he has been visiting his brother, Edward J. Kiefer.

Conducting matrimony by telephone is getting to be quite popular here. Several engagements have occurred.

Several Canton teachers attended the meeting of the Ohio State Teachers' Association at Chataqua this week.

The sacrament of the Lord's supper will be administered in the Presbyterian and English Lutheran churches to-morrow.

Davis, of Louisville, in this county, made an assignment to John Kelm of that town. Liabilities \$12,000, assets \$8,000.

J. S. Marquis, piano tuner, will be in Canton about August 1st. Leave orders at the Opera House Book Store or at Ballard's Music Store.

About one hundred acres of tomatoes will be raised in Marlboro township this county, this season. Of course they are raised for canning.

On the night of the 4th a thief gained entrance to Barr's drug store by prying open an iron shutter and got \$20 in silver from the money drawer.

The jury in the case of the State of Ohio vs. Daniel Zutaev, on trial for robbery, returned a verdict on Thursday of guilty against the defendant.

A little two-year-old daughter of Mr. and Mrs. David Beard, of Plain township, north of Canton, was drowned in a race near the house on Wednesday.

The County Commissioner promptly offered a reward of \$500 for the arrest of the murderer of Mrs. Kirkland, of Massillon. The reward will be paid upon the conviction of the murderer.

For fine Rye or Bourbon whiskeys, Holland gin, brandies, both grape and Cognac wines of all description, domestic and imported, go to S. Bear, No. 45 East Tuscarawas street, Winterhalter building.

The Fourth at Meyer's Lake was duly honored by parties from Canton, Massillon and the neighborhood. A thousand or more were present during the day. In the evening there was a fine display of fireworks.

Mr. Isaac Hirschheimer, of the firm of Hirschheimer Bros., started for New York City yesterday, preparatory to sailing for Europe on the 15th inst. Mr. H. is accompanied by Col. J. S. Crall, Mr. Behantz and Mr. Frederick, of Mansfield.

Ed. Piero must have been defeated for chief of the fire department because the Repository adopted him as its candidate. Ed's a good fellow, but that was enough to kill him. We understand that one friend dodged who might have changed the result.

At Massillon on the evening of the 4th a fire started in the engine room of the Massillon Paper Company's mill. Before the fire department could do duty the flames were beyond their control. All the insurance is in mutual companies, to the amount of \$10,000. The loss as near as can be estimated is \$25,000.

No trace has yet been found of the brute who murdered Mrs. David R. Kirland on the night of the 24 inst., and from the present outlook it is probable that the guilty one will never be known. The County Commissioners at a meeting this week decided to offer a reward of \$500 for the arrest and conviction of the murderer. With the reward offered by Mayor Cole, of Massillon, this makes \$850, and it is ardently hoped that some one can justly claim the total amount.

Miss Webster, who has been teacher of vocal music in the Canton public schools for years, has accepted a similar position in the Wooster schools. Miss Webster resigned her position in our schools last December, much to the regret of the Canton Board of Education. The duties of the position were arduous, and were too much with her home obligations. Miss Webster is well acquainted in Wooster and is fully appreciated. Her success is assured.

In view of the fact that Mr. Louis Thom's health having failed, it becomes necessary for us to close out our business at the Canton Fruit House. We must vacate the room by the 15th inst., and will sell at cost, for cash, up to that date. Parties wishing to buy groceries will please call and get prices, as we mean what we say. Remember the place Canton Fruit House, No. 20 and 22, opposite St. Cloud. FOSTER & CO.

Look out for lightning rod sharpers. The other day two well-dressed men called on Samuel Lehman, a farmer in Beaver township, Mahoning county, and after talking a short time secured his signature to a contract to furnish lightning rods for his house. A day or two later the rods were delivered but not erected, and upon making inquiry Lehman learned that the contract he had signed called for nearly \$400 worth of lightning rod. Seeing that he had been caught, he gave them \$15 and received the contract, the pair disappearing before warrens could be served on them. Lehman has concluded not to have his house rods at

least this season, and has a shot gun loaded for the next agent that attempts to enter his house.--Alliance Review.

Died, on the 7th inst. Mrs. Mary Ann Danner, mother of Samuel Danner, aged 74 years. Funeral will take place to-morrow (Sunday) at 3 p. m. from the residence of Samuel Danner, on East Fifth street.

Marshall Schlegle, by a telegram Thursday, from Cincinnati, learns of the arrest of William Gebhard, the fellow who stole \$50 from Charlie Schumacker, with whom he roomed in the Simler house. The Marshall left on Friday morning train for the prisoner.

Horace M. Nichols, employed at this office, was visited on the 4th by his brother, Henry A. O. Nichols, of Pittsburgh, Pa. He presented Horace and wife with a handsome set of cut glassware. Mr. Nichols is one of Pittsburgh's finest sign and ornamental painters.

Marriage licenses have been issued to Harry Doman and Margaret Roberts, Alliance; John Schmidt and Emma L. Reis, Crystal Spring; William Haag and Teresa Jungling, Massillon; John Imhoff and Mary Wilkison, Canton; Frank S. Beechey and Lizzie T. McGee, Canal Fulton; George W. Hiner and Cora Tindall, Canton; Charles Warner and Catharine Strohl, Canton.

R. S. Shields Esq., Thursday received a telegram announcing the death of his brother, Mr. John Shields of Washington, N. J., at Green Station, Monaca, while en route for home from California, where he has been for eight months past for his health. Mr. Shields, Mr. Shields's brother-in-law, who has been visiting at the Shields residence, started immediately for the remains.

Something new at New Berlin is the creamery of Mrs. Mary Hill, located on the farm of Mr. J. B. Bechtel, immediately south of the village. The milk of some 60 cows is used, and every day the cream is churned and the butter made; and choice butter it is, as any one may know by trying it, as the writer has. Citizens of Canton can have this choice creamery butter, all made of sweet cream, of course delivered regularly, if they desire it.

The Pioneer Liquor Store. S. Bear has been engaged in the liquor business in Stark county for a twenty years and has always enjoyed the reputation of dealing in the finest and purest liquors, both imported and domestic. Call and inspect the stock, number 45 East Tuscarawas street, in the Winterhalter block.

Excursions to the Northwest. The Pennsylvania Company and the Pan Handle Route have issued a neat pamphlet giving the excursion rates to the prominent health and pleasure resorts of the West and Northwest from the principle points along their lines. A copy can be obtained by addressing any agent of the companies, or E. A. Ford, General Passenger Agent, Pittsburgh.

Valuable Mill Property for Sale. We call special attention to the Sheriff's sale of Sheatly vs. Sheatly which is to take place on Saturday next at the court house. This property consists of the Onaburg Flouring Mill property and is one of the best properties of the kind in the country. The mill is a new one, having been built only a few years and is doing a good business. Parties desiring to invest in good property can find no better opportunity than this.

A Mastodon Tooth. A large mastodon tooth was found in Jackson township near the Summit county line by Jacob Goodenberger, while repairing a covered wagon. It weighed over three pounds and measured fourteen inches in circumference and six inches high. The enamel on the tooth is in a perfect state of preservation. The tooth was purchased by Dr. A. W. Weldler, of McDonaldsville, who has it now in his possession. It is a relic of an extinct monster animal of a former period.

For the Monumental Fund. The lawn fete to be given under the auspices of the Ladies' Auxiliary Society on Wednesday, Thursday, Friday and Saturday evenings of next week (July 11th, 12th, 13th and 14th) in the lawn of Geo. D. Harter, North Market street, promises to be the event of the season. Extensive arrangements are being made for the occasion.

There will be twelve large tables furnished with everything that the inner man can wish for, besides ice-cream, lemonade, cigars, and many other luxuries that will be served under regular army tents to be erected for the purpose. Arrangements have been made for instrumental and vocal music by the bands and the different singing societies in the city during each evening. The Cadets and the Broom Squad of young girls will be on hand to entertain the occasion. A large platform will be erected for those who wish to trip the light fantastic, and a first-class orchestra will furnish the music. There will also be a number of tents erected on the grounds on Louis avenue for soldiers, which, together with the other tents, will assume the appearance of a soldiers' camping ground. The grounds will be brilliantly illuminated with gasoline lamps. Let every one take part in promoting the soldiers' and sailors' monumental fund.

CITY HALL. The falling of the Scaffold--The Cause stated by Mr. Hylthe. On or about May 10th I was employed by Daniel Holwick, contracting carpenter of the City Buildings, to construct a scaffold inside and outside around the City Hall building at \$2 per day. Mr. Holwick was to find the scaffold and I was to build it. A large scaffold was erected by Holwick and I with other hands constructed the outer scaffold first, and then went on to build the inner one. I knew we could not construct both scaffolds at the same time, and I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold. I used all the material furnished, and used all other material furnished, but was not enough material to make a scaffold strong enough for men to work on. I was frequently asked him to provide more, but all this time he neglected to do so. At the same time the masons were at work on the inner scaffold to be built. I did all that I could, and that was to take material from the outer scaffold to build the inner, and I took all I dare take from the outer and leave it safe for use over the other scaffold.
