MISCELLANEOUS. A LECTURE ON THE TRANCE. Some Curious Experiments with Which Dr. Beard Illustrated His Remarks.

ever, a convert to the cynical teaching of Mr. Disraeli that "no time is lost so much as that which is lost in making explanations in newspapers," but Mr. Cobden was certainly unwise in making a personal quarrel with Mr. Delane on account of the criticisms in the Times.

IRISHMEN AND FREE TRADE. In the last public utterances made by Mr. Cobden he said: "If I were five-and-twenty or thirty instead of unhappy twice that number of years, I would take Adam Smith in hand and I would have a league for free trade in land, just as we have had a league for free trade in corn."

IRISHMEN AND FREE TRADE. FEATHERING THEIR NESTS. Mr. Hayes's Cabinet officers have been very successful in feathering their own nests. Mr. McCarty has got a Judgeship and a good salary; Mr. Key sits on a judicial bench, with a pretty good salary, and Mr. Thompson is drawing twenty-five thousand a year for directing the American branch of M. de Lesseps's Panama Canal scheme...

IRISHMEN AND FREE TRADE. HIS GIRL AND HIS WASHER-WOMAN. A young gentleman who was very particular about his clothing, the other day wrote a note to his washerwoman and one to his sweetheart, and on each envelope put the wrong address on a separate slip and sent them off. The washerwoman was well pleased with an invitation to take a ride the next day; but when the young lady read, if you tumble up my shirt boom any more as you did the last time, I will be some other day, she cried all the evening and declared she would never speak to him again.

IRISHMEN AND FREE TRADE. OLD, TRIED AND TRUE. Remember Dr. Guyard's Yellow Dock and Sassafras is not a new, untried compound. It has stood the test for forty years, and has proven itself to be the best vegetable compound ever discovered for curing scrofula, syphilitic disorders, skin and blood diseases, liver complaints, urinary troubles, etc.
