VOLUME XIX—NUMBER 20.

MARION, OHIO, TUESDAY, SEPTEMBER 13, 1910.

PRICE TWO CENTS

MAINE SWINGS IN LINE FOR THE NATIONAL DEMOCRACY AGAINST ALDRICH TARIFF LAW

A Governor, Three Congressmen, State Legislature, United States Senator and Most of Local Offices are the Fruits of the Victory—Also Condemnation of Aldrichism, Cannonism and Extravagant Expenditures of the Public Money Are the Results of Victory.

An Avalanche of Opposition Started Against the G. O. P. Which Will Roll on Gathering Strength as it Goes Over New York and Ohio and the Great West, Sounding the Death Knell of Special Privilege and Government by the Magnates of Monopoly.

ELECTION NEWS.

MAINE—Democrats swept state, electing governor, three of the four congressmen and probably obtained control of the state legislature, insuring election of Democrat to succeed United States Senator Hale, whose term expires March 3, 1911.

NEW YORK—Progressives, on eve of primary battle, said Roosevelt forces would win their fight.

NEW JERSEY—Defeat of United States Senator Keen in primary today expected by leaders.

ARIZONA—Democrats elected a majority of delegates to convention which will draft constitution for new state, insuring inclusion of initiative, referendum and recall in constitution.

ARKANSAS—Adoption of initiative and referendum amendment to constitution carried. Governor Donaghey (Dem.) re-elected by usual Democratic majority.

(Bulletin.)

Portland, Me., Sept. 13.—Early returns today indicate that the entire Democratic state ticket was elected yesterday, three of the four congressmen, from the state are Democrats with the Fourth district in doubt, and the legislature is safely Democratic on joint ballot, ensuring a Democratic United States senator.

(Bulletin.)

Portland, Me., Sept. 13.—General, though incomplete returns from all over Maine at 11 a. m. today showed there is still a chance that the Democrats will capture all four congressional seats. With Harpswell still unheard from, Asher Hinds, Republican, claims only between 100 and 200 in the First district. Harpswell is near the home of William Pennell, Democrat, and it is possible he may poll enough votes there to win.

In the Fourth district with Washington county incomplete, indications are that George Hanson, Democrat, will defeat Congressman F. E. Guernsey.

In both cases recounts will be necessary to decide the winners.

(Bulletin.)

Portland, Me., Sept. 13.—With complete returns from 613 of the 628 election districts affecting legislative candidates received it is certain that the Democrats will have control of both houses of the legislature. They will elect the successor of United States Senator Eugene Hale, thus emphasizing the utter collapse of the Hale machine in this state. The Republican leaders conceded today that 90 Democrats had certainly been elected to the legislature. There are 151 members of the house and thirty-one senators necessitating ninety-two members to elect on joint ballot. That the Democrats have not less than ninety-three and that this figure is certain to be added to was conceded by all but the Republican machine managers.

Augusta, Me., Sept. 13.—With only a few scattering backwoods towns unheard from revised returns of the Maine election this afternoon give Frederick W. Plaisted, Democrat, 73,849 votes for the governorship, a majority of 9,123 over Governor Bert M. Fernald, Republican, who has polled 64,726.

Asher Hinds, Republican, is elected to congress in the First district by about 150 votes. Congressman F. E. Guernsey, Republican, in the Fourth district, claims victory by 260 votes. In both of these districts a recount will be demanded. In the Second congressional district D. J. McGilluddy, Democrat, has won by 3,000 majority, and in the Third S. W. Gould, Democrat, carried the district by 2,000.

The Democrats have captured twenty-one of the thirty-one seats in the state senate and while the house returns are not yet in, they will surely have a majority of the 182 votes on joint ballot.

Portland, Me., Sept. 13.—Local conditions were not responsible for yesterday's Democratic victory. The people of Maine voted on national issues. High prices, control of the Republican party in the interests of the trusts, Cannonism, all contributed to our victory. The people of this country are tired of Republican misrule.

Governor-elect Fred W. Plaisted, who swung Republican Maine into the Democratic column for the first time in thirty years, summarized in the above statement the opinions of the Democratic leaders as to the responsible causes for the turn-over. They also admit that the progressive movement, which is sweeping the country, was a potent factor.

The Republican leaders are today claiming two congressmen from the wreckage of their machine. They say that the official returns will show the

election of Asher C. Hinds, and Congressman Guernsey in the First and Fourth districts. Hinds, they claim, has been saved by less than 200 and Guernsey by about 300 votes. The Democratic leaders dispute these figures and insist that all four of their congressional candidates have been successful.

It seems reasonably certain that the Democrats will have a majority on joint ballot in the legislature. This means that the successor to United States Senator Eugene Hale will be a Democrat.

Returns so far indicate the Democrats have elected twenty out of thirty-one state senators. Three districts are in doubt and the Republicans were successful in the other eight. There are many missing house districts, owing to their remoteness, but indications are that the Democrats will control the lower body also.

The last Democratic United States senator from Maine was elected in 1847. He was James W. Braubury. Governor-elect Plaisted this morning claimed his official plurality will probably exceed 9,000. Complete returns from 714 of the 821 election districts in the state showed that Plaisted leads Governor Fernald by 8,450.

It is admitted that Plaisted out-generated his opponents in the conduct of the campaign. Realizing that he must depend upon the cities for his vote, he concentrated his efforts upon them. The result is that the Democracy swept every city in the state excepting Belfast and Calais.

The sentiment spread from the cities to many of the smaller towns, with the result that Democracy has captured four out of five of the minor offices.

The Republican leaders decline to comment on the result. As in every election held since the Payne-Aldrich tariff bill was passed, it was the "silent vote" that determined the result. As late as Sunday night Congressman McKinley, manager of the Republican congressional campaign, assured President Taft his figures indicated the election of all four candidates of his party.

The last Democratic governor of Maine, elected in 1889, was Harris M. Plaisted, father of the governor-elect. He was a candidate of the Greenback and Democratic organizations. His plurality in the state was 169 votes. Prior to that time Maine had Republican governors since 1855.

Colonel Plaisted, governor-elect, was born in Bangor in 1864. He was four times chosen mayor of Republican Augusta and also sheriff of Kennebec county. He is past grand commander of the Knights Templar and editor and publisher of a weekly newspaper.

As a result of the election there is a possibility that the Maine prohibition law may be re-submitted to the people. It is also certain that the so-called Sturgis bill, which gave the governor the power to send liquor enforcement deputies into a county without consulting the county authorities, will be repealed immediately.

TROUBLE ON THE ISTHMUS

Of Panama Between Americans and Negroes—Dawson to be Sent Down to Take Charge.

Washington, Sept. 13.—Critical conditions in Panama about which the state department maintains an attitude of utmost secretiveness, culminated today in the recall of R. C. Marsh, secretary of the American legation at Panama, who has been acting as charge, and the announcement that Thomas Dawson, the minister to Panama, will proceed from Washington tomorrow to take up his duties on the scene.

It is believed here that there is imminent danger of trouble between the Americans and negroes.

This action on the day before the election for the selection of a vice president to serve during the unexpired term of the late President Obaldia is believed to have great significance. It is believed that Marsh has been active in the support of Samuel Lewis, a former American who is a candidate for the place. It is said that Colonel Goethals who is in charge of the canal zone also is favorable to Lewis.

The impression prevails here that the department was unwilling to support the attitude of Goethals and Marsh and that it was the desire of the department to take no part in the election.

A message was sent last week to

Marsh instructing him to repudiate a reported interview in which he was represented as indicating that the United States might intervene if Mendoza, an active candidate, were elected. As it has not been announced that Marsh repudiated the interview and as the department absolutely refused to comment today, it is supposed that Marsh did not repudiate it.

A cable message from the canal zone announces that Goethals and his associates yesterday called the department urging that Marsh be backed up in his position. The department today refused to admit receiving Goethals' message.

The reply to Goethals evidently is the order recalling Marsh.

Charles Campbell, of St. Louis, now third secretary to Tokyo, will succeed Marsh as secretary at Panama. Marsh it was stated, will be assigned to work in the department here. Minister Dawson has been acting as head of the division of Latin-American affairs here.

MR. HARDING CAN'T LOSE

Little Cholly Dick so He Needn't try Such Stunts.

Columbus, O., Sept. 13.—Senator Charles Dick refuses to be lost in the shuffle. His friends here have received word that he will attend the opening of the Republican campaign at Kenton next Saturday. He has not been invited to speak but he will mix with the crowds and listen to what the others have to say.

Dr. John Wesley Hill, of the Brooklyn tabernacle, will make a number of Republican speeches in Ohio during the campaign. Congressman Edward L. Taylor of the Columbus district, has offered his services to the state committee.

ROOSEVELT "A GREAT ASTRAL MASTER" Says Talbot. Lorimer Probably Thinks Him "A Jack Astral Master."

Chicago, Sept. 13.—Colonel Roosevelt has been placed. He was once Julius Caesar, Napoleon Bonaparte, Alexander the Great and perhaps even Washington and Lincoln of later times.

Many of the colonel's enemies have seen resemblances of Caesar and Napoleon in his acts but it remained for the Theosophic society in convention here to properly classify and label him.

T. H. Talbot declared he had no doubt but that the spirit of Roosevelt had achieved prominence in the world's affairs in other generations. He declared his present status is even greater than in the past ages, for it has grown with the experience of each physical life. A study of his character shows, he asserted, that he has developed his greatness only through many ages of training.

"He is a great astral master," said Talbot, "a master of men in every period in which he has appeared. I don't have at hand the astral name for Roosevelt but he probably lived in the person of Alexander the Great or Julius Caesar."

TWO NEGROES LYNCHED AT Tiptonville, Tennessee For Attacking Two Girls.

Nashville, Tenn., Sept. 13.—Will Sharp and Bob Bruce, both colored, were lynched at Tiptonville, Tennessee, Monday night by a mob of about forty men. They were charged with attacking Sallie and Callie Downing, children of Jack Downing, who lives five miles from Tiptonville.

Sheriff Haynes had taken the negroes to a cypress brake about three quarters of a mile from town where he was holding them awaiting development. The mob appeared unexpectedly and the prisoners were seized quietly. The people of Tiptonville were unaware of the tragedy for some time.

REACHING FOR "THE MAN" FOR VIOLATING THE LAW BY "FORMING A COMBINATION IN RESTRAINT OF TRADE."

Higher up" the Law Has Laid its Hands on

SWIFT, ARMOUR, FOWLER, Tilden, Meeker, Connors, and all told, ten of the Leading Packers

These Men Face a Possible Fine, Each, of \$35,000 and Seven Years in the Penitentiary.

By United Press Wire. Chicago, Sept. 13.—Bench warrants were issued today for the indicted packers, but they will not be served unless the packers fail to appear in court today to sign their bonds.

Attorneys John S. Miller and Levy Mayer, representing the packers, appeared in court and asked Judge Landis to fix the amounts of the bonds. The court named \$10,000 on each indictment or \$30,000 for each defendant. Then the attorneys asked that warrants be not served as they would see that each defendant was in court to sign the bonds today. This was agreed to.

All of the defendants are in Chicago with the exception of Lewis F. Swift and Thomas J. Connors. The attorneys are out of touch with Swift, who is in Germany, but Connors called from London today that he would hurry home on the first boat.

The indictments returned go back ten years in reciting the allegations against the defendants, saying that during this time they have engaged in a combination in restraint of interstate trade in fresh meats, which had for its object the elimination of competition between Swift, Armour and Morris group packers.

The men against whom the charges stand, are:

Lewis F. Swift, president of Swift & company; Edward F. Swift, vice president; Charles H. Swift, director; Francis A. Fowler, of Fowler Brothers; Edward Tilden, president National Packing company, and also of Libby, McNeal & Libby; J. Ogden Armour, president of Armour & company; Arthur Meeker, general manager Armour & company; Thos. J. Connors, superintendent Armour & Company, Edward Morris, President Morris & Company; Louis H. Heyman, manager Morris & Company.

As the indictments now stand each defendant faces a possible sentence of seven years in the penitentiary, a fine of \$35,000, or both. Of the three indictments returned, the first contains five counts, the other two each contain one count and the separate counts are punishable with a prison sentence of one year or a \$5,000 fine.

J. Ogden Armour, head of Armour & Company, issued a statement today saying that the charges are unfounded.

The road is left open for the prosecution of Eastern packing companies by the indictments returned today and the evidence introduced here may be used against them.

POINDEXTER BIG INSURGENT

Chief of the Northwest Expects to be Nominated Senator From Washington, Today.

Seattle, Wash., Sept. 13.—Friends of Congressman Miles Poindexter, arch-insurgent of the Northwest, were confident that he would be nominated by the Republicans for the United States senate when the Washington voters locked to the polls today, after the hardest battle in the history of Washington.

Besides candidates for United States senator, the two leading parties will also nominate three congressmen, an entire new legislature and county tickets. The issue of insurgency and the stand-patting has been clearly drawn. The chief interest in the candidacy of Poindexter inasmuch as the result will furnish a direct test of the strength of President Taft in the Northwest. At the beginning of the campaign there were three Republican senatorial candidates besides Poindexter—John L. Wilson, of Seattle; James L. Ashton, of Tacoma, and Thomas Burke, of Seattle. All of the three are "regulars." At the direct request of President Taft, Wilson withdrew ten days ago in favor of Burke, in order to defeat Poindexter. The friends of the regular candidates claim the national administration does not care who is nominated just so Poindexter is not. A new congressman must be nominated in the Spokane congressional district to succeed Poindexter and an insurgent is expected to win. In the Seattle district the only two Republican candidates are insurgents with chances favoring Congressman Humphrey. In the Tacoma district Congressman McCredie, stand-patter, will probably be re-nominated.

KILLED BY HIS BROTHER

The Police Arrested John Walker and Are Looking For Andrew.

Wilkesbarre, Pa., Sept. 13.—While keeping the last watch over the body of his daughter, John Walker, thirty years old, was shot through the heart last night at his home in Edwardsville. His brother George Walker was arrested later and the police are searching for the dead man's brother Andrew.

The clothing near the wound was powder burned and within an arm's length of the dead man lay a thirty-two calibre revolver. Near the weapon two loaded and one empty shells were found.

The discovery of the murder was made by the police who had been notified that a fight had taken place in the house. Early in the evening it is said, Walker quarreled with his two brothers and ejected them from the house.

MARKER TRYING TO MAKE HIS TAFT DOWN AND OUT

The Devil (Aldrich) took Him up Into a High Mountain AND SHOWED HIM ALL The Kingdoms of this World If he Would Bow Down and Worship Him

And Mr. Taft Thought He Had Struck a Bargain But Now he Knows the Poor Devil Doesn't Own One County on Earth, They are All Held by Democrats and Insurgents.

By United Press Wire. Beverly, Mass., Sept. 13.—There was "no statement for the public" given out at the summer capitol today. The results of the Maine election was a decided shock and little attempt was made to conceal the fact. On the other hand it was quite apparent that the result contained a double sting because Republican leaders had predicted a beneficial result from the recent visit of the chief executive to the Pine Tree state.

Although nothing bordering on a statement or even an intimation came from the president direct the idea was adopted by common consent here that President Taft will not be a candidate for reelection. Political prophets foresee in the recent successes of the Democrats the probability of a national cry for a Republican Moses. President Taft has never in his public utterances or his private conversations with the newspaper men evinced any desire to shoulder this role.

While administration supporters still deny that there is any breach between President Taft and his predecessor today's returns from Maine again demonstrated his lack of love they bear Colonel Roosevelt. Just now they are crediting him with another demonstration of an unbecoming gift of farsightedness and are privately declaring that he is daily figuring that an appeal will soon be made for a "savior of the party."

The eyes of all the political generals of the administration forces are now turned on Ohio, and New York, and the best strategists in the party will be called on to lend their aid in the contests to be found in these two states.

THE MARKET OVERSTOCKED

With Cheap Grades of Automobiles and Retrenchment is the Order.

By United Press Wire. New York, Sept. 13.—Despite the denials of the dealers along "automobile row" that there has been any recession of the buying boom it was learned positively today that all of the manufacturers of the cheaper grades of automobiles are retrenching. The market is overstocked on these cars. By rushing their establishments at top speed an output of 1920 cars was produced which promised fortunes for many of the newly established plants.

Now, with many of their last year's crop of cars on hand, the dealers are confronted with the necessity of making expensive alterations to convert them into 1911 models and in every plant where the more popular priced grade of cars are produced orders have been issued to keep down the year's production and to make only enough cars to fill booked orders.

Now, with many of their last year's crop of cars on hand, the dealers are confronted with the necessity of making expensive alterations to convert them into 1911 models and in every plant where the more popular priced grade of cars are produced orders have been issued to keep down the year's production and to make only enough cars to fill booked orders.

KEEN INTEREST IN PRIMARY

In South Carolina, Today. Prohibition Against Local Option.

Columbia, S. C., Sept. 13.—Keen interest and a large early vote is reported in the Democratic primary from all parts of the state today. Candidates are to be chosen for governor, adjutant general, railroad commissioner, representatives in two districts and members of congress in the districts. In the first primary no candidates for nomination for these offices succeeded in mustering a majority of the votes cast. The contest today is between the two men who received the largest vote for each office.

The main contest is between C. C. Featherstone, state-wide prohibition advocate, and C. L. Blease, champion of the local option idea. The liquor question has long been a burning issue in South Carolina, and a fierce spirit of battle marks today's fight. Congressman J. O. Patterson and J. E. Florie have been compelled to enter the second primary in their effort to win nomination for reelection.

BROCK AND BRADLEY FOR DYNAMITING

By United Press Wire. Leontonia, O., Sept. 13.—William Brock and Frank Bradley are under arrest charged with having dynamited the Presbyterian church here, a year ago last June, as the outcome of the anti-liquor activities of Rev. A. L. Grimm.

Miss Marion Oliver, daughter of the Assistant Secretary of War, Robert Shaw Oliver who has just set an example for the army officers that come under her father's departmental jurisdiction. Miss Oliver traveled nearly 500 miles out west, horseback. There was no halting for a day or two nor no resting until she might feel better. She kept right at it and seemed to like it the longer it lasted. General Oliver is exceedingly proud of his daughter. Although a great horseman himself, he says Miss Marion beats any male Oliver he ever heard of.

WILLIAM RODE ACROSS THE CONTINENT AND CARRIED A MESSAGE FROM MAYOR MCCARTHY TO MAYOR GAYNOR.

By United Press Wire. New York, Sept. 13.—After riding on a motor cycle in twenty-eight days and three hours, William Streiff, of San Francisco, took a spin down to St. James, Long Island, at noon today and presented to Mayor Gaynor a letter from Mayor McCarthy of San Francisco.

MARKER TRYING TO MAKE HIS TAFT DOWN AND OUT

By United Press Wire. Columbus, O., Sept. 13.—James R. Marker, chief engineer of public works, gave out a statement to the board of public works this afternoon that he was directed by Governor Harmon to recommend the dismissal of the officials of the canal department.

Columbus, O., Sept. 13.—At the monthly meeting of the state board of public works today, James R. Marker, the new chief engineer, recommended the discharge of about 26 employees in the state canal department. He also reports that he has discharged the carpenter foreman, Bruce Watkins, of Portsmouth, a brother of Member of the Board G. H. Watkins. His proposed payroll cutting according to his figures, will net the state a saving of \$50,575 yearly.

In his communication to the board Marker says that an investigation made him to the conclusion that the state is paying a large amount in salaries and receiving no work in return. He recommends that all the canal collectors be discharged, and the collection be made from the central office in Columbus. Figures he submits with his reports show that:

1. For this amount 826 collections and expenses to eleven collectors \$6,297.60 during the year ending August 31.
2. For this amount \$26 collected in 1909.
3. For this amount \$26 collected in 1908.
4. For this amount \$26 collected in 1907.
