A. P. Hatfield, commissioner from the 3d district, brought some fine specimens of white Bermuda onions in from the farm Saturday. This office has a sample. If Mr. Hatfield serves the county as successfully as he tills that fine farm of his, there'll be no room for complaint from his constituents, and we say he will.

B. C. Lewis made his usual trip to Beaver the past Saturday but some way he was togged up just a bit more and was met by the glad hand of his many friends. B. C. was over to qualify as commissioner of 2nd district and set as member of that august board in their first regular meeting which was held Saturday. Mr. Lewis is among the few, very few, Republicans who will hang out at the court house this term and the only Republican member of the Honorable Board of County Commissioners, but he is big enough and broad-minded enough to hold his Democratic colleagues level and, by-the-way, they are all pretty good fellows anyway. We predict one of the fairest administrations that Beaver County has ever enjoyed.

Important Railroad Notice.

The officers and directors of the Beaver Valley and northwestern railroad company have in contemplation a plan for the reorganization of its directory and officers.

Owing to the financial flurry, matters have slowed up some in the subscriptions to the Capital stock of the company, and in consequence Mr. Eugene Tilloux, who had been employed by the company as general manager, has severed his connection with the company. And now the people of the country, effected by this enterprise have determined to redouble their efforts to push the matter to a final issue. To this end it has been decided to hereby call a mass meeting of the citizens and stock holders to meet at the court house in Beaver on Saturday November 30, 1907, at 2 o'clock P. M., for the purpose of effecting a reorganization, and to devise plans for the speedy completion of the road. Every citizen should take an active interest in this enterprise, as it means much to each one. Do not wait for your neighbor to take the lead in this matter, but get busy and help it along. Everybody is urged to be present at this meeting. By Order of the Board of Directors.

The Old and the New.

A change has taken place at the Court House. Those who have served the county the past three years have stepped down and out and the officers-elect have stepped in to direct the destinies of this commonwealth for the same length of time.

In the out-going officers Beaver county loses many pains-taking officials and those who have devoted their best energies to the benefit of the county.

On the other hand, those who have stepped into the harness are just as anxious to serve the whole people without fear or favor.

The majority of the incoming officers are of the Democratic persuasion but politics is not the order of the day now. Election is passed, politics must take a back seat and each officer takes his oath of office to serve the people without prejudice or partiality. We have every reason to believe each officer will fulfill that obligation and give us a good clean administration. With that belief in mind and being personally acquainted with the present regime of officers we extend greetings to them and recommend them to our readers as honorable and upright and worthy of your every confidence.

G. C. Maphet, commissioner from the 1st district, was up to be initiated into his new office Saturday. He took all the degrees and is now fully qualified to look after Beaver county's interests for some time to come. We have known of Mr. Maphet for years but until this time had never had the pleasure of a personal acquaintance. We find him a very pleasant and agreeable gentleman and one who, though even a Democrat, will give Beaver county "a square deal." Fact is, his politics is all that is wrong. He is fully aware of the needs and possibilities of the county and there is no doubt but that his administration will be a good one. Those who have known him for years speak of him as a conscientious, well-informed citizen and one who will discharge his official duties carefully and fearlessly.

ONLY NECESSARY TO TREAT THE STOMACH

Claim of Central Figure in Recent Controversy Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

Cooper has been travelling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack, of 3201 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort

of a dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of." We sell Mr. Cooper's medicines, and find them to be all he claims.—F. C. Tracy.

BULLICK & CO.

Mrs. Kate Stafford has accepted a position as deputy register of deeds. This lady's ability is very well known and all agree that Mrs. Smith made a wise choice in selecting one so well qualified to fill the position.

A number of our stockmen who had cattle in Texas pastures have been down gathering them the past few weeks. They report a number missing. Among those who had stock there were: O. D. Smith, J. R. Quinn, T. P. and T. C. Braidwood, Peckham Brothers and others.

County Clerk Beardsley, wife and daughter, Miss Edna arrived in Beaver Saturday, the former to assume his official duties and Miss Edna to assume the duties of chief deputy. It is with a great deal of pleasure that we welcome this desirable family to our city and we shall hope to retain them for some time to come.

J. C. Williamson left Monday for his home at Caple. His family preceded him some days ago. Beaver truly regrets their departure. Better people or more desirable citizens it would be hard to find. However, we wish for them contentment and prosperity on the farm and shall expect some nammoth specimens of farm and garden "craps" from Farmer Jim next year.
