ENGLEWOOD MRS. CO.
Englewood, Kansas.

If everything proves out as planned a real railroad will be constructed from Beaver to Liberal about the time that the next president takes his seat in the white house.—Liberal News.

W. A. Berkey, of Holland, the race horse man, was in Beaver the past week seeing old friends and telling of the merits of that fine race horse of his which, by-the-way is a hum dinger.

The post office now presents a better appearance the sheet iron window covering made necessary by the blowing out of the glass front having been replaced by heavy glass this week.

Judge Loofbourrow, wife and baby returned from eastern Oklahoma Tuesday. While away they visited with Dyke Ballinger and family at Anadarko.

Mrs. Beulah Hill left early Thursday morning of last week for Woodward, to which place she goes to accept a position as deputy register of deeds. Mrs. Hill's qualifications for that work are O. K. While we are glad she has secured such a pleasant employment yet we regret to lose her from Beaver's social circle.

C. V. Bulick, who has been in Beaver for some time disposing of some property, returned to Downs, Kansas, last week. He will keep tab on Beaver doings by reading the HERALD regularly.

Mrs. Robbins is employed as waitress at the White House. She understands that business thoroughly, having worked at it for years and always conducts a neat and well-appointed dining room.

No better values and no better assortment is shown in this "neck of the woods" in skirts and cloaks for ladies and children, than ours.
ENGLEWOOD MRS. CO.
Englewood, Kansas.

There seems to be considerable "back door" patronage not a thousand miles from this office. We are not sure if this be a "Sally in the alley" or not, but would advise "Sally to chase herself" and that soon.

J. B. Lea, of Wichita, but recently employed on the Englewood Tribune, came over to Beaver Monday. Mr. Lea is a practical printer and has been employed to take charge of the mechanical work at the HERALD office.

The school children are enjoying a few days vacation this week on account of Thanksgiving and the absence of the teachers who are in attendance at the Tri-county Teachers' Association which is in session at Guymon. Among those who went over from Beaver are: Prof. Fickle, H. Mitchell, Mrs. Essie Thackston and Miss Mae Maple.

Eugene Tilleux, a promoter of railroads, who has been over at Beaver for several weeks among the railroad boosters, was in town a short time Tuesday evening. Mr. Tilleux says the Beaver people are not joking about the railroad but there is a seriousness about the proposition that would surprise the casual observer.—Liberal News.

H. D. Meese and family are enjoying a visit from relatives of Ft. Wayne Indiana, whom they had not seen for twenty-two years. The visitors are M. A. Meese, H. D.'s mother and a brother S. Allen Meese and his family. It is useless to say that they are having a regular love feast after a separation for so long a time. It is not at all unlikely that Mr. Meese may decide to locate permanently with us as he has left "Old Indiany" for good.

Frank Laughrin did a commendable piece of work this week in grading down the street in front of his residence. This is something that was badly needed, as well as many other like streets in Beaver and should have had the attention of the street commissioner long ago, but since the funds for that work is a little short other property owners will probably have to take the hint from Mr. Laughrin and do the grading act themselves.

Reports from Beaver say that the proposed railroad to be built from the county seat of Beaver County to a point on the Rock Island is being seriously considered by the farmers. Already organizations are being effected for the purpose of securing the necessary means of constructing the road. The people over there have about given up the idea that outside capital will build a road, and believe that the best way is to simply go to work and make a road of their own. A plan is now being submitted to the people working to the idea of having a railroad constructed by home capital and labor.—Liberal News.

Somebody got busy last week and put out poison killing nine dogs and Tom Bullick (the cat) all in one night. There is no doubt but that Beaver can very well afford to spare some of her canines, but it occurs to us that this method of wholesale poisoning is not just exactly the proper remedy. Too often, as in the present case, valuable dogs are killed and the worthless curs still remain. The best way is to shoot the dog then there is no mistake. There are many valuable dogs in town and dogs on which the owners pay tax. These dogs have as much right in the street as you or I or anybody else and it is a grave offense to kill such a dog and one for which the person guilty of killing could be prosecuted to the full extent of the law. This poisoning business is absolutely wrong and we hope our citizens will not indulge in it soon again. We realize the situation and are ourselves sometimes tempted to sling a little poison but that is not the proper course to pursue. The city marshal is the "trouble cure" and everyone that has a grievance against dogs should constantly "trouble" that said marshal until he performs his duty. It don't pay. It is not humane.

Mesdames Stone & Mansfield have completed their remodeling and renovating of the White House hotel and opened the same to the trade last week. They are worthy the patronage of the public and we take pleasure in recommending their popular hostelry to our readers.

The composing room at the HERALD office has been made more beautiful to look upon, also much lighter by an application of white paint. Bob Hogsett wielded the brush and has decorated everything except the office cot. The only reason it escaped was because we have no cat.

F. C. Tracy returned from Guthrie Friday. He gives a great account of the inaugural and, democrat that he is, is prouder than a peacock of Oklahoma's governor and regime of state officers. While away Mr. Tracy, who is already an attorney was admitted to practice before the district and supreme courts.

Miss Ella Baker and mother departed Wednesday morning for Lamonia, Iowa, where they expect to make their future home. These estimable people have resided in Beaver for a number of years and have many friends who regret their departure. We all join in wishing that success and happiness may attend them in their new home. Miss Ella will probably return to Beaver at a later date to adjust some business matters.

J. W. Goode, a substantial citizen of Floris and a good Republican, has sold out his Beaver county interests and will go to Missouri and invest in an apple orchard. Mr. Goode has not lost faith in Beaver county but says he has always had a hankering after an apple orchard and thinks he is too advanced in years to attempt to grow one since his change. He departed Wednesday for his new home. We shall await with a great deal of anxiety that barrel of Missouri pippins, Mr. Goode.

After this week the Custer County Clarion will be no more. Capt. J. B. Nicholas, its manager, has been prospecting in New Mexico for a desirable location. His ambitions have been met and the Clarion has announced that it will anchor at Tucumcari and will be called the Tucumcari Sun. From what we learn it is a fine location for a paper and we predict great success.—Clinton Chronicle.

The above item will be of interest to many of our readers who knew J. B. Nicholas as a resident and merchant of Beaver some fifteen years ago. We wouldn't wonder but that J. B. will drift back to old Beaver pretty soon. He is getting closer.

The twelve days revival at Hibbs, closing Sunday, November 17, resulted in four conversions, six sanctifications and one reclamation. Three fathers of families, one of whom is 72 years of age raised their hands for prayers, and we trust they will continue to seek the Lord until he is found of them. Let the people of God continue to pray and let the revival continue. The many anxious souls should search the scriptures and pray through to Christ who is the salvation of God, "and in none other is there salvation, for neither is there any other name under Heaven, that is given among men, wherein we must be saved."

Rev. H. O. Vernon and his estimable wife who is a singing evangelist, assisted the M. E. Pastor in these meetings. May the Lord continue the work until it reaches scores of unsaved souls in the vicinity is the prayer of the undersigned.
T. B. PARAMORE.

H. C. Drum of Beaver County, O. T., is a pioneer settler of states, Kansas and Oklahoma. Forty years ago he was a resident of Kansas and was handling longhorned Texas steers on the open ranges of the Neosho river country. He well remembers the time when he drove cattle across the open country to Kansas City, camping out with the herd at night on the open prairies. Then about 21 years ago when the part of Oklahoma where he now lives was thinly settled, he located there and again "grew up with the country." Yesterday Mr. Drum brought in a shipment of cattle, and while about the yards recalled the fact that he saw this Kaw valley where the stock yards are located when there were but a few cattle pens and a small packing house here. "It was a very tame looking place around here at that time," he said, as he pointed out the place where he thought the little one story frame exchange building then stood. "And I have been watching it ever since, as I have been a regular patron of the market all these years. The way the market grows is simply wonderful."—Drover's Telegram.

Adjudged Insane.
George F. Northway was before the insanity board Friday and was adjudged insane and sent to the state asylum at Norman. Sheriff Clyde Maple and Tom Dowda accompanied the insane man to the asylum.

Bright Lights Entertainment.
The tableaux entertainment given by the Bright Lights Society at the M. E. church Saturday night for the benefit of that church, was quite well attended and about \$10.00 was realized. The society did credit to themselves in rendering the program, and the tableaux were good considering the fact that they could not procure the colored lights as they desired.

Pos Offices.
The order for the discontinuance of the post office at Balko, Beaver county, has been rescinded, and the post office at that place has been ordered re-established.

The department, however, has ordered the post office at Paulis, Beaver county, discontinued, and the mail hereafter will go to Oshuskey.

A new post office has been ordered established at Hidalgo in Beaver county, with Albert G. Burns as postmaster.

Thanksgiving Entertainment.
The Ladies Circle of the Presbyterian church gave a very enjoyable entertainment at the Hall Wednesday night of this week for the benefit of their church. The program was in keeping with the season being of a Thanksgiving nature and was rendered in a manner which made the evening a pleasant one. Beaver people are always generous when it comes to assisting the church and its societies and in this case there was no exception. The entertainment was well attended and a neat sum realized.

Woman Commits Suicide.
A Mrs. Smith who resided with her family 4 miles Southeast of Marango committed suicide the first of the week by drinking carbolic acid. No one knew of the rash deed until her dead body was found near a feed stack some time after life was extinct.

It is presumed that the unfortunate woman took her life while temporarily insane as no motive is known for such an action. It is stated that she lost her mind at one time during the summer and it is probable that it again became unbalanced. The cause of her temporary insanity last summer is said to be homesickness, she having removed to their farm from Chicago only a short time ago.

Lands U. S. Commissioner Appointment.
Hon. Tom P. Braidwood, who was reported by the papers early last week as being appointed U. S. Commissioner for Beaver county, received his commission Saturday, from Judge Cotteral. This appointment was a most worthy one and well pleasing to the people here who will have business before that office. Mr. Braidwood was the logical man for the place and we are indeed glad to know of his appointment. He has a clean, honest record, both as a public and private citizen and no one can say but that his qualifications are first class.

We cheerfully recommend him to the people of Beaver county as a careful and efficient officer and one who will give the office of U. S. Commissioner the best possible attention and serve all promptly and satisfactorily.

A Sad Misfortune.
One of the saddest misfortunes which has been brought to our attention was that which occurred here Saturday of last week when Mrs. Wm. R. Wright and her young son of about fourteen years, were adjudged insane by the insanity board and sent to the state asylum at Norman.

There is no doubt as to the insanity of the patients for they were in a ravine condition and it can only be hoped that with good care at the asylum they may be restored to their right mind.

Mrs. Wright is very well known to a wide circle of acquaintances here and in this vicinity and they sincerely hope that her deranged condition may only be a temporary affliction.

The direct cause of the unbalancing of the minds of the mother and son are not known, but it was probably due to over-excitement and a wrong conception of religious matters as their whole theme of conversation was along that line. It is indeed an unfortunate affair and one much to be regretted.

Deputy Sheriff Willhour and Wm. R. Wright accompanied the unfortunates to the asylum.

Young Man Has New Theory

Human Life Seems Centered In Stomach. All Else Is Secondary.

The immense success which has followed L. T. Cooper during the past year with his new preparation has exceeded anything of the kind ever before witnessed in most of the leading cities where the young man has introduced the medicine. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fevers can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by the stomachic conditions, and it is because my remedy will add does regulate the stomach that I am meeting with such success."

"To sum the matter up—a sound digestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

Mr. A. C. Brock, chief of the Brock Restaurant, Market District, Boston, Mass., who is a staunch believer in Mr. Cooper's theory and medicine, has this to say: "I had chronic indigestion for over three years. I suffered terribly, and lost about thirty pounds. I was a physical wreck when I started the Cooper medicine, a month or so ago. Today I am as well as I ever was in my life. I am no longer nervous, my food does not distress me in the least, and I have a splendid appetite. I am gaining flesh very rapidly—in fact, at the rate of a pound a day. I would not believe any medicine on earth could have done for me what this has done. It is a remarkable preparation and Mr. Cooper deserves all his success."

We recommend the Cooper preparations as being remarkable medicines.

Bound Over to District Court.
Mike Herman, who was arrested on the charge of stealing a plow, had his preliminary hearing before Judge Culwell Saturday and was bound over to the District court.

Art Neideffer, charged with attempt to rape, was tried Friday before Judge Culwell and bound over to District court.

To Our Customers.
Owing to the change we expect to make in our business January 1st, 1908, we are going to ask all customers to help us out during the month of December, by paying CASH for all merchandise.

Please consider this as a business proposition as we MUST have the money for everything that month.

Do not hesitate to send us checks to apply on your account if you have your money in the bank, as we are prepared to take care of all checks with great pleasure.

Eugene Tilleux, railroad promoter, who has been in Beaver for some time past in the interest of the Beaver Valley and Northwestern railroad, returned to his home at Hutchinson, Kansas, last week. He is perfectly satisfied that the proposed project is feasible and says that it all lays with the people whether they will have a railroad or not. If they do their part the railroad is assured. If not, the old conditions will prevail and we must continue to exist fifty miles from the "kivered kars."

Thanksgiving Proclamation.
The season has again returned when the nation in its quiet security and the full enjoyment of the fruits of an honorable peace makes formal acknowledgment of blessings material and otherwise. This feeling of thankfulness from the benefits derived from a kindly providence is deepened and of constant reality.

In keeping with the annual custom throughout the United States, a day has been designated by the president to be observed as Thanksgiving Day for the nation. In the setting apart and observance of this day this year there is special propriety for Oklahoma. The long coveted boon of statehood is at last a reality and the full enjoyment of being a sovereign state in the great union of states is supreme.

Oklahoma is possessed of great material advantages. Her fertile fields are brown with ripened corn, white with burting cotton, and are her harvests abundant. Her cities and towns flourish on every hand. Real prosperity underlies her industries and her condition today is enviable indeed.

These things should make us, as a fortunate commonwealth, very grateful to the Great Giver of All.

Abundant are the blessings of a full storehouse, rich as is our favored territory in houses and lands, sunshine and even beauty of her climate, Oklahoma is richer still in the character of her citizenship in the uneven circumstances which has beset the country far and wide during the recent disturbance of her financial and industrial conditions, there can be no truer commentary or evidence of the splendid character of the people of Oklahoma than the sensible manner in which all her people have behaved in face of what might have been a serious crisis.

Verily this fact we as a people should appreciate. It means that as a citizenship we have that within us which can weather the common ups and downs of this life and come up smiling withal.

Oklahoma should be and is thankful for statehood, for these material benefits from the Creator's hand, these evidences of substantial worth and worthiness of character in her citizens, and above all for the continued favor the Almighty has shown in these and innumerable other ways.

Whereas, the President of the nation has designated Thursday November 28, 1907, to be Thanksgiving Day,

Therefore, I, Frank Frantz, Governor of Oklahoma in conformity, do hereby appoint the same Thursday, November 28, 1907, to be

THANKSGIVING DAY
and a holiday for this commonwealth, as described by law.

I earnestly urge the people to give expression to their gratitude and render under God thanks which are due for favors of the abundant year now past.

In testimony whereof, I have hereunto caused the seal of the Territory to be affixed, at Guthrie, Oklahoma, this 16th day of November, A. D. 1907, and in the year of our national independence the 43rd.

FRANK FRANTZ, Governor.
CHAS. H. FILSON,
Secretary of the Territory
