

CALOMEL DYING FAST IN SOUTH

"Dodson's Liver Tone" Is Taking the Place of Dangerous, Sickening Drug.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's Dodson's guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work.

Embarrassing Moment. I never saw a man in a more embarrassing situation than the manager of a lecture hall in a town I used to live in.

Her Locks Were False. After a stage of typhoid fever my hair all came out and in order to make it come in better I had it all cut off.

Pearlie's Sorrow. Upon returning from kindergarten one afternoon Jerome said to his mother: "Oh, mamma, Pearlie Peterson cried and cried in kindergarten today."

Home Garden Saves \$100. The average American family can grow one-fourth of its food and save \$100 annually by home gardens, a Columbia university survey shows.

Plant Memorial Trees. Here, indeed, art, no matter how great the genius of the architect, cannot begin to compare with the art of nature.

Good News for Lawn Owners. By using ammonium sulfate in the same quantity as sulfate of soda is used for fertilizing the lawn, the required amount of nitrogen is furnished, but the weeds are so weakened that they are crowded out.

How to Get Rid of Constipation. It's needless and dangerous to suffer from a clogged up system because it often lays the foundation for a lifetime of misery and ill-health.

HomeTown Helps

BEST DESIGN FOR CHIMNEY

Style of Construction That Reduces Danger of Fire to the Lowest Possible Point.

It is well-known that the ordinary brick-and-mortar chimney, as usually constructed, is a source of danger. The constant heat from fire in time causes the mortar to become dry, so that it falls out of place, leaving holes in the chimney.

In constructing chimneys in buildings made of combustible material, the chimney should be built straight up from the ground, and not placed on a bracket, as is often the case.

The joints used to support the floors through which the chimney passes should not have their ends supported in the brick, as the chimney may settle, leaving at these points cracks through which fire may creep to the joists.

GET TO WORK ON GARDEN Really There Is No Reason Why There Should Be Any Unused Ground in Community.

A garden is a good investment. A garden saves money. A garden promotes health. The cost of living still is burdensome to multitudes. Here is where the garden can be made to help.

GOOD HIGHWAYS

FEDERAL AID FOR HIGHWAYS

Approval Given for 855 Projects Up to September 30, 1920—Western States Lead.

Prepared by the United States Department of Agriculture.

Federal aid for the construction of 9,000 miles of national highways has been approved by the United States Department of Agriculture. Up to September 30, 1920, approval had been given for 855 projects, which form links in one or the other of the 24 marked trails which have been laid out by private associations to cross the country from East to West and North to South.

The mileage which will be constructed with federal aid on each of the several trails is shown in the following table:

Table listing highway trails and their respective federal aid mileage. Trails include Dixie Highway, Lincoln Highway, National Road, etc.

The extent to which federal aid has been applied to the trails varies in the different states. Naturally, the Western states are using much more of the federal appropriations in developing roads of this character than the Eastern states.

Indiana is a close second, with 80 per cent of its entire federal-aid mileage and 81 per cent of its money aid.

Florida takes the lead in the percentage of its funds which will be used for trail building, with 94 per cent of its federal appropriations so applied; but this amount will be spent for only 50 per cent of the mileage which has been approved in the state.

In addition to the above, the states of Illinois, Kansas, Missouri, New Mexico, Utah, and Washington are each using 50 per cent or more of their federal money for the upbuilding of the trails.

Life of Concrete Road. The life of a good concrete road should be at least twenty years and it would seem that this country could afford to spend a large sum of money in the development of such highways.

Intelligent Understanding. If we are to have an improvement in the roads, then the improvement must come from an intelligent understanding of the problem.

Poor Roads No Hindrance. In spite of the absence of suitable roads, there are now between 400 and 500 automobiles in Guatemala.

Salary of Engineers. Chief highway engineers of California and New Jersey are paid at the rate of \$10,000 a year.

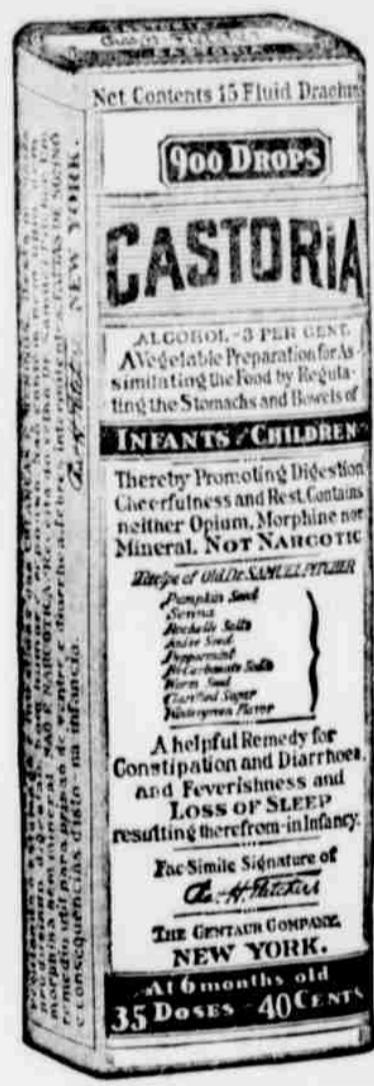

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For Fletcher's CASTORIA

The False and the True. Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big spurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little-ones.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher.

Women as Taxpayers. Figures show that one-fifth of the taxpayers contributing to the cost of administering the affairs of the state are women.

To insure glistening-white table linens, use Red Cross Ball Blue in your laundry. It never disappoints. At all good grocers, 5c.

As She Saw the Elephant. Little Catherine, aged four, saw an elephant at a circus for the first time. Looking at it, she exclaimed: "Oh, mamma, look at the fat horse with a tail near his eyes."
