

TULSA WILL TRY FOR BIG MUNITION PLANT

Data Has Been Sent President of U. S. Steel Company as to Location and Facilities.

WOULD BE BOON TO CITY

Factory Operated by Committee from Buz Company, Would Add to Tulsa's Importance.

Tulsa is in the contest to get the big new munitions plant to be built by the United States government and operated by a committee of directors of the United States Steel company.

C. H. Douglas, secretary of the chamber of commerce, wrote to E. H. Gary, president of the U. S. Steel company, giving him complete information as to the qualifications and advantages of Tulsa as

a location for the plant. Data as to the labor situation, railroad facilities, grounds for the erection of the plant, and the climatic conditions were included in the mass of information submitted to the steel company's president.

The plans submitted by the government to Mr. Gary calls for an inland town for the location of the plant. While definite plans have not been drawn to indicate the size of the proposed plant, the fact that it will be used for "the manufacture of heavy artillery and projectiles in large quantities" is sufficient indication that it will be among the largest munitions plants in the country.

The government will pay for the erection and equipping of the plant, and it will be operated by the committee of the steel company, without profit and without payment to the members of the committee.

The letter sent by Colonel Douglas informed President Gary that a committee of representative Tulsans was ready to meet him anywhere at any time to discuss the subject of locating the new plant here.

COURT TO HEAR ARGUMENT ON JUNE 11 IN MINE CASE

Supreme Court to Pass on Validity of Legislative Act Providing Inspection.

Special to The World. OKLAHOMA CITY, May 11.—The supreme court today advanced and set for argument June 11 the appeal taken by the corporation commission in the case in which Ed Boyle, chief mine inspector, is attacking the legislative act of the 1917 legislature in giving the commission jurisdiction to inspect refined oils and gasoline. An injunction was granted Boyle by the Oklahoma county district court and the commission asked for a supersedeas to set aside the effect of the injunction. This was argued before the supreme court more than a week ago but the court has not announced its decision in this matter.

"One-Month Bonds" in France.

PARIS, May 11.—"One-month bonds" for the national defense have just been created by the ministry of finance. A person investing in them may collect interest on the first of each month at the rate of 3.60 per cent a year. The bonds, however, may be carried two or three months in which event the investor would receive interest at the rate for the period of three months at 4 per cent.

Vindictive Blocks Ostend Submarine Base Under Terrific Fire From Huns

LONDON, May 11.—The old cruiser Vindictive went to her last berth 150 to 200 yards within the piers forming the entrance to the harbor at Ostend, one of the German submarine bases on the Belgian coast under a terrific fire from the German naval guns and machine guns on the shore, according to the Central News. Preparatory to the raid into Ostend the naval air force bombarded the town and dropped bombs continuously in harbor works, causing fires. Later the air force was assisted by destroyers and monitors in bombarding the enemy positions heavily.

The entire operation was carried out on similar lines to the raid of April 23, when concrete barges were sunk in the harbor of Zeebrugge, the most important German submarine base, for the second time in a month a smoke screen was used successfully. About 2 o'clock in the morning a large force of destroyers and coastal motor boats steamed out toward the pier, the motor boats going along it. The weather was everything desirable until 11 minutes before the Vindictive was sunk when a sea fog drew in about 10 minutes. The Vindictive experienced the greatest difficulty in finding the en-

FOOD ADMINISTRATION TO INVESTIGATE PROFITEERS

First Steps Will Be Taken Monday to Regulate Prices Over Tulsa City and County.

The first steps to regulate food prices in Tulsa will be taken Monday morning at the chamber of Commerce when the county fair price commission meets with millers and wholesale and retail grocers to take some action to regulate the price of substitutes for flour. The four members of the commission, City Food Administrator Ora E. Ipp, County Food Administrator C. H. Douglas and representatives of the grocers and millers will form the council.

There is profiteering somewhere in the sale of substitutes, Colonel Douglas declared, and the efforts of the meeting Monday will be to locate the places where the prices are being boosted and cut out the excess profits. The situation will be given a thorough consideration, Mr. Douglas said, and proper action taken, according to the results of the investigation.

Ready for Anything.

"What are these beautiful silk ones, girls?" "In case of fire." "Emergency hose."

City Briefs

R. M. BLOCH of the U. S. Supply company will be in Tulsa this week.

JULIUS KAHN leaves tonight on a business trip to New York and Boston.

MRS. E. R. BAKER of Tulsa is visiting her daughter, Miss Rose Baker, manager of the Y. W. C. A. cafeteria.

FRANKLIN A. KING of Kansas City is a visitor in Tulsa for several days. If business prospects justify, he will soon be a resident here, he says.

CHARLES EYTHGRAVE of the Carson Petroleum company of Chicago was in the city yesterday on business.

EDWIN S. YOUNG of the Steger Young Investment company, has returned from a two weeks' visit in Robinson, Ill. He also announces the birth of a son.

CHARLES ELGIS, general traffic manager of the Gulf Refining company, with headquarters in Tulsa, is in the city yesterday on business.

DR. W. J. TRAINOR was among the Tulsans who were relieved of machines during the past week. Doctor Trainor had a practically new car stolen from in front of his office in Main street.

R. C. HOLLOWAY of the Exchange National bank staff, who is a visitor in Tulsa for several days, has received his call and left yesterday to report at Austin, Texas.

DR. F. A. GLASS OF TULSA, accompanied by Doctor Conger of Mounds, left Wednesday to attend the eastern surgical clinics, to be held at Baltimore, Philadelphia and New York this week.

A. M. WELCH, Tulsa county humane agent, will leave on Tuesday night for Kansas City to attend the meeting of national association of welfare workers. Mr. Welch is sent as a delegate from the local humane society.

PRELIMINARY INFORMATION was filed in Justice Lee Daniel's court yesterday against W. A. Peck by J. W. Shields, owner of the Oklahoma hotel, charging him with "beating" board bill. The information alleges Peck owed \$67.15.

INSUFFICIENT ACCOMMODATIONS in their present quarters in the city hall caused the city selection board to move to one of the rooms in the federal building. Miss Helie Shepard will remain with the board as office secretary.

AUDIT OF THE CITY BOOKS of the Simmons administration is now going on at the city hall. L. W. Cravens, who is conducting the audit, states he expects to be through in a week.

THE NAME OF JOHN C. ROY has appeared in the list of slackers for failure to appear when called. As a matter of fact he is not a slacker, but is now in service in the national army, having left here about two weeks ago to join the company to which he was assigned.

THE MORNINGSIDES UNIT No. 2 of the Red Cross will meet at the Lincoln school Tuesday morning at 8:30 o'clock. Every member of the unit is asked to be present promptly. This time has been decided upon definitely as the regular day and hour for the meeting each week, of this unit of the Red Cross.

THROUGH AN ARRANGEMENT made with the local Y. M. C. A. twenty-two employees of the Central National bank have been given memberships in the "Y." Since the war the roster of the Y. M. C. A. has been greatly depleted, the draft and enlistments making great inroads into their membership. The idea of firms and corporations taking out memberships for their employees was originated by J. M. Berry of the Central National bank and may pave the way for other local concerns in this manner providing wholesome recreation for their employees. The system will also greatly help the Y. M. C. A. because of the fact of their membership becoming so small during the past few months.

LAST CALL FOR VOLUNTEERS

Second Regiment Men Must Report Today for Physical Examination.

Work in formation of the Second Oklahoma regiment is nearing completion, so far as the two Tulsa companies are concerned. The final examination will be held this afternoon at 2 o'clock in the federal building over the post office. Major Ross expects that every man has had plenty of notice to appear for the examinations and it is expected that all will respect their promise to the government this afternoon and appear for the examination. Failure to appear will cause their names to be published in a "slacker list" according to the officers.

Colonel Pontacost, regimental commander, will be in Tulsa today. Although it is not known just who the object of his visit is, it is thought there may be some important information given out after his departure regarding the future use of the regiment.

Marriage Licenses. The following marriage licenses were issued yesterday:

Large Holmes, 21, Stonebluff, and Miss Susanna Hakey, 25, Broken Arrow.
