

SLUMP OF RED CROSS FORCE HINDERS WORK

Headquarters Report Need for 150 Women at Once to Make Up Allowance of Tulsa.

DEMANDS OF ARMY GREAT

Way Behind in the Amount of Bandages and Garments Supplied to Produce Here.

There's reason to believe the council of defense wasn't far wrong when it adopted its anti-slump resolution last week. The council had in mind, evidently, conditions that are confronting the workers in the various Red Cross units throughout the city.

An S. S. S. call came out for central headquarters of the Red Cross for additional workers. There has been such a slump in the volunteers until there is an immediate demand for 150 workers, and unless the number of women increases, the quota and output of the units is going to fall.

In the bandage department there is need for seventy-five women, and in the other departments, fifty additional workers must be reported.

Improved conditions, plenty of electric fans and a patriotic incentive, the Red Cross officers feel, should lead the workrooms in every part of the county.

Recently the council of defense adopted a resolution requesting the society pages be suspended from the newspapers and that all social functions be eliminated, so that nothing would interfere with the war work.

At that time, nothing was said about the slump in the workers at the Red Cross headquarters, but the council is said to have had this information before it when it took the radical stand it did.

"The policy of letting someone else do it won't produce the Red Cross quota," a member of the council told The World. "The workers are urgently needed and patriotic women will, we are sure, understand the at-

itude of the council when we suggest the suspension of those things that are not essential to winning the war."

A number of bathrobes are being made, and the heavy material is very difficult to handle. Strong women are especially needed for this work.

"COKE" AT FOUNTAINS ALL A RANK IMITATION

Coca Cola Supply Exhausted and None Coming as Long as Sugar Shortage Remains.

If you "call it by its full name," you won't get it. That's confidential advice from a soda fountain man, who drew one for the customer. It was evident the drink lacked something.

The customer sipped it. Looked inquiringly at the soda jerk. Took another sip.

"Well, this isn't 'coke' is it?" "Yes, it's a substitute. As a matter of fact, there isn't a drop of coca cola syrup in Tulsa. The factory has long ago used up its quota of sugar. But confidentially, I think I'm going to get a barrel about July 1."

If your "coke" doesn't have the punch, wait until July 1, when the barrel arrives.

Dempsey and McCarty Sign Articles for Twelve Rounds Here
Special to The World. KANSAS CITY, June 25.—Jack Dempsey signed articles today to meet Tommy McCarthy, northwestern heavyweight, at Convention hall, Tulsa, Monday, July 2. The bout is limited to twelve rounds. McCarthy will arrive at Tulsa Friday. Dempsey will arrive at Tulsa Sunday morning.

ORDER NUMBERS TO BE DRAWN THURSDAY

Baker Will Take Out First Number of New Registrants; 800,000 to Get Position.

WASHINGTON, June 25.—Drawing of order numbers for the 800,000 men who registered for military service last June 3 will be held Thursday in the same committee room in the senate office building in which the first great national lottery was held a little more than a year ago.

Secretary Baker, blindfolded, will draw the first number from the bowl at 9:30 a. m. and the selection will continue until all the capsules containing the master numbers have been removed. With a maximum of 1,200 men estimated from the district showing the largest registration on June 5, it is expected the second lottery will be completed within three hours.

The order in which a registrant's number is drawn Thursday will determine only his place in one of the five classes to which he may be assigned. Assignment of a registrant to Class I is practically certain to entail his early call to colors if he is physically fit and, if he is given deferred classification, his position in the other classes is of little moment.

Attaches of the provost marshal general's staff probably will draw the capsules. As soon as a capsule is selected it will be handed to another attaché who will open it and read aloud the number it contains.

Each number as it is drawn will be written upon a large blackboard placed in full view of all in the room. This board will then be photographed.

Each local board will be furnished with an official report of the order in which the numbers appeared so they will be able to make up liability lists for their districts. Preparation of such lists will be postponed until the new registrants have returned their questionnaires. Seven days have been allowed for filling out and returning these documents.

A scene from "The Honeymoon," a fine picture, with Constance Talmadge as the star, which is appearing at the Rialto for the last time today.

Commend's World's Progress

C. J. Wrightman of New York was a guest of Mr. Lorton of The World at the luncheon given to the board of directors of the Chamber of Commerce last Friday at The World building. Mr. Wrightman's comments on the luncheon and The World are follows:

Mr. Eugene Lorton, Editor Tulsa World, Tulsa, Oklahoma. My dear Mr. Lorton— I beg you and Mrs. Lorton to accept my sincere thanks in honoring me with an invitation to the superb luncheon and banquet of last Friday noon, and giving me an opportunity of meeting your representative citizens and commercial club directors. The confidence you have shown in this city and state by the very large investment you have recently made in the newspaper "The World," is truly redounding with profit and success way beyond your present anticipation. You are entitled to the most loyal personal support, not only in your business enterprise, but for the broad gauge you have set, endeavoring to mold public opinion for national betterment. Seldom indeed does a newspaper owner get his full reward for the labor, stress and hazard involved, but he does if the enjoyment of one of the most responsible positions in life appeals to him, and can, if he so desires, render himself of greatest possible usefulness to his fellow men. With highest personal regards, I am very sincerely your friend, C. J. Wrightman.

TO DECIDE HOW CRUDE OIL SHALL BE BOUGHT

Meeting in Chicago Expected to Reach Decision on Field Prices of Gravity Plan.

Special to The World. CHICAGO, June 25.—The meeting of the producers and refiners here will doubtless decide whether or not each field will have a price set for crude or whether oil will be bought on a gravity basis. At yesterday's meeting of the producers it was unanimously decided that the gravity basis was a failure and would be a failure now if put into effect.

As the situation now is there is a wide diversity of opinion as to which system of buying oil is the most effective for the winning of the war and for co-operation among producers and refiners. It is being worked out and a later report will be forthcoming. Certainly there is no more important issue before the meeting than is being held here. The refiners were in session all the forenoon with J. S. Coaden in the chair and many refiners in attendance.

It was impossible for the refiners to agree but a later report may show that there is concerted action among them all. These same questions were under discussion at a joint meeting of the refiners and producers all afternoon and a sub-committee has been in session laboriously working out a plan that will be agreeable to all and that will help win the war.

GRAND TO HAVE POPULAR POLICY

The Grand theater will open Sunday, June 30, with a summer policy of musical comedy and feature pictures. The doors will open daily at 12 noon, and the program continues until 11 o'clock p. m. The hours of musical comedy being 2:30, 4:30, 7:45 and 9:30. The price of admission will be 10 and 20 cents. Week day matinees 10 cents, any time. Twenty of fans are being installed and anyone will be able to drop in at the Grand theater and have a comfortable seat any time from 12 noon, to 11 o'clock p. m. Present and in motion picture and witness the best in motion picture and musical comedy fun to the ear and good to look at and listen to.

STRAND. In "The Trail to Yesterday," the Metro All-Star Series picture starring Bert Lytell, which will be shown at the Strand theater Wednesday and Thursday, the hero buys the cattle "outfit" of a Mexican black-guard, Texas Blanca, John Duncan, the owner of the Double R ranch, is the abettor of the Mexican scoundrel in all of his crooked schemes. He and Blanca plan to outfit the hero, "Dakota," and to order to foot him. Duncan loans the Mexican some of his cattle to enlarge his herd. Blanca overmark and arranges with Duncan to rebrand Duncan's steers with his to call and claim his cattle. Thus "Dakota" is made a common rustler, but vindication comes in a most unexpected way.

BOMBARDMENT OF TULSA SET FOR THURSDAY

Financial Arrangements Made for Flight—Thrill Stamps From the Air. Captain Breese's bombardment of Tulsa from the air in behalf of the W. S. S. campaign occurs some time between 5 and 7 p. m. Thursday. The financial arrangements have practically been completed, patriotic citizens supplying the funds to pay the expense of the stunt. Balloons with certificates good for thrill stamps will be dropped from the plane and photographs of Tulsa will be made.

BROADWAY

Tulsa will have an opportunity today and tomorrow of witnessing positively one of the greatest stories ever told on the screen. This picture, "The Planter," featuring Tyrone Power, will be presented at the Broadway for two days only. It is a production in seven reels and in addition there will be a two-reel comedy, "Tyrene Power, virgin, and convincing illustration of fighting types, who played Bassanio in Henry Irving's last performance of "Shylock" at the Lyceum theater in London, and whose "Britus" opposite William Faversham's "Antony" was a speaking stage classic, is a power that makes "The Planter," a new Mutual special production, dramatically distinguished. Mr. Power plays his difficult role of Ludwig Hertzler, the southern Mexican planter with an amazing comprehension of the character requirement, and, moreover, does it in harmony with his quite unusual surroundings. Only a really great artist could grasp the atmosphere of the slave-driving rubber plantation and portray the character of Hertzler so convincingly. Tyrone Power is a great actor. He dominates the rubber jungle drama to sheer force of his dramatic conception and execution. Ludwig Hertzler is a photoplay classic. He is one of the strongest human characters on the motion picture screen. This is a picture no one can afford to miss as it is one of the classics of filmdom.

"THE POPULAR PRICE STORE"

OBSTRUCTED VOTERS ASSESSED FINE OF \$50

Former Member of Police Force Used Practical Politics, Gets Minimum Charge. A. G. Rogers, a negro, ex-member of the city police force, was tried yesterday afternoon in county court for an alleged attempt to obstruct voting at a negro precinct at the last city election, and fined \$50. From evidence introduced, it seems that Joe Jackson, another negro, had told Rogers of his intention to scratch the ticket, and that Rogers, then stationed as a guard at the polls, did not believe that the proper thing to do. When Jackson went in to vote, it was shown that Rogers arrested him inside the lines and at less than fifty feet from the polls on a charge of disturbing the peace. There was no evidence to show that Jackson was guilty of what Rogers claimed him to be guilty of. Evidence introduced tended to show that Rogers struck Jackson on the head and forced him to go to the station with him. Rogers had been out on bond for two months.

Nicholas Reported to Be Murdered by Guards

COPENHAGEN, June 25.—Russian red guards have broken into the residence of Nicholas Romanoff, the former Russian emperor, at Ekaterinburg and murdered him, according to the Russian newspaper Via, says a Stockholm dispatch to the National Tidende. Draws Fine For Assault. Jim Cullitan, a local restaurant boss accused of abusing a young girl who was working for him as a waitress, cuffing and beating her. A. G. Franklin, an employe in the same place, forced Cullitan to release her, whereupon Cullitan ran Franklin into the kitchen and followed armed with a pair of brass knuckles. Franklin took the knuckles away from Cullitan and was then attacked with a butcher knife. His arm was cut and he narrowly escaped the knife a second time as it was thrown after him. Cullitan was fined \$75 and Franklin dismissed by Judge Warren yesterday in police court.

SUIT TO RECOVER \$4,200

Echo of Land Deals Alleged to be Fraudulent and Illegal. An echo of the case wherein the state accused two men of trading fictitious property in Arkansas for Tulsa city property and then selling it, came up in district court yesterday when Mrs. E. Irving, for herself, two children and husband, filed suit for the recovery of \$4,200 from S. E. Price, Sidney Lansford, P. E. Houston, S. E. Pearce, M. E. Earns and Profus A. Underwood. In the petition Mrs. Irving states that she and family are owners of the lease on a certain hotel property in West Tulsa and that they own the furniture contained therein. C. A. Irving, the husband, is in the United States army, leaving Mrs. Irving to run the hotel. It is stated that the defendants represented themselves the owners of various pieces of real estate in Arkansas and in Tulsa, and persuaded Mrs. Irving to trade with them. So far she has not received anything remotely resembling a deed to the land she thought she was trading for, although she believes the defendants have attempted to sell the property she traded them. This deed was made on the first of June. The plaintiff asks that she be given judgment for damages to the extent of \$4,200 and an order setting aside the pretended trade.
