

FOCH TO KEEP ENEMY ON RUN UNTIL WINTER

Washington Strategists See Unfolding of Comprehensive Plan of Generalissimo.

NOYON PRESENT OBJECTIVE

"Picking" of Roye Pocket and Control of Supply Lines Expected to Cause Retreat by Foe.

WASHINGTON, Aug. 20.—Interpreted at first as a local operation intended primarily to enable the allies to retain complete possession of the initiative on the Picardy front, the rapidly developed success of the French east of the Oise tonight was accepted by many military officials here as a definite and fully prepared effort having a specific part in the larger strategic plan of Marshal Foch.

Latest advices tonight, describing the advance of the French Tenth army for two and a half miles on a front of more than 15 miles, was taken by experts here as conclusive evidence that the major plan of the allied generalissimo, the inauguration of which came with the attack right flank of the Rheims-Hiembach salient, has been stopped in its tracks.

It is believed now that a series of actions which will be carried out by the French and British armies east of Arras, around the Meriville sector, and thence to the line of the Somme, will be the decisive blow in the war.

Activities of the British army east of Arras, around the Meriville sector, and thence to the line of the Somme, will be the decisive blow in the war.

ELKS AND SHRINERS WERE EVIDENTLY NOT AT-HOME

Sales at the War Stamp bank yesterday ran rather low, amounting to only \$179.91. This was Shriners and Elks day, and a much larger sale was expected, but only one representative appeared and no stunts or unusual sale methods were attempted.

ABSCONDING POST OFFICE CASHIER BACK AT PEORIA

PEORIA, Ill., Aug. 20.—Driven back by homesickness and love of the family he disgraced, John G. Bensing, absconding cashier of the Peoria post office, returned to Peoria today and was arrested. Federal officials have been on Bensing's trail since July 27, when he left Peoria carrying \$5,000 of the government post office employees' pay roll.

Officers investigating the case now are of the opinion that Bensing, who is heir to a title in Germany and has two brothers in the Kaiser's army, was in no way connected with the German spy system in America.

WAR BOARD GRANTS CARGO OF CEREALS FOR HOLLAND

WASHINGTON, Aug. 20.—At the request of the government of The Netherlands, the war trade board has granted permission for the steamship Nieuw Amsterdam to take a cargo of ten thousand tons of cereals to Holland. This permission was granted, an announcement to-night said, after an agreement had been made whereby the Nieuw Amsterdam on its next trip from this country will carry a cargo for the Belgian relief commission.

The ten thousand ton cargo which the Nieuw Amsterdam is to carry, in the opinion of officials, will insure a supply of grain for Holland until the crops of that country and its neutral neighbors can be harvested.

"Beast Man" Bound Over

SPECIAL TO THE WORLD. SHELBY, Ala., Aug. 20.—Ralph Morin, named "beast man" by indignant populists when he recently made an outrageous attack on a 7-year-old girl here, was bound over to the next session of district court following his preliminary hearing before Justice J. Harvey Smith today.

At the time of the alleged attack Morin was shot and seriously wounded in the abdomen by the enraged father of the little girl. He was released from a Tulsa hospital where he was taken for treatment and brought back to the county jail here several weeks ago.

Winslow May Not Be Dead

PARIS, Aug. 20.—Official confirmation of the reported death of Lieutenant Alan P. Winslow of River Forest, Ill., an American aviator, is lacking.

A dispatch from Paris on August 15 reported that Lieutenant Winslow was killed in aerial fighting at the end of the previous week. Winslow was formerly a member of the French escadrille.

56 BETTER BOYS HOME FROM CAMP

Newsboys Outing a Success; Military Training a Feature That Pleased the Entire Outfit.

Military training was a prominent feature of the newsboys' annual camp held at Hominy Falls during the past week under the direction of O. S. Burkholder, boys' secretary of the Y. M. C. A. Five-day outings enjoyed the outing, which lasted for seven days plus the two days marching to and from the falls.

The biggest contribution to the camp was from water, nearly 100,000 gallons of water were used each day, without which it would have been impossible to have held the camp. Ray Feltwell also added ten gallons of ice cream to his contribution.

It is believed now that a series of actions which will be carried out by the French and British armies east of Arras, around the Meriville sector, and thence to the line of the Somme, will be the decisive blow in the war.

Vandervers 109-III S. MAIN. Along the Scarpe river east of Arras, Field Marshal Haig's forces also have kept up their harassing tactics against the enemy, who has been compelled to fall back eastward along the Scarpe river. The Germans resisted vigorously, but all to no purpose, and the British advanced their lines to the east of the village of Pampoux. Although Haig claims only a slight forward movement, particular significance attaches to it by reason of the fact that the Germans have been driven back until they are virtually upon the old battle line as it stood in December, 1917.
