JOHNSON PLACES WAR WORK ABOVE POLITICS

Republican Candidate for U. S. Senator Manages Liberty Loan Campaign in Eighth District.

IS A PIONEER REPUBLICAN

Candidate Served as U. S. Attorney for More Than Eight Years and Formed Republican Club.

Hon. W. B. Johnson of Ardmore, Republican candidate for United States senator, was in Tulsa yesterday on business following a meeting of the managers of the fourth Liberty loan campaign at Oklahoma City earlier in the week.

Mr. Johnson is manager for the Eighth district in Oklahoma and has been prominently identified with all war work in the southern section of the state since the government entered the war.

Mr. Johnson was nominated at the preferential convention, receiving the unanimous vote of all the delegates present for the United States senatorship on the Republican ticket and in the primary received in excess of 35,000 votes.

Mr. Johnson is one of the pioneer Republicans in Oklahoma. He was one of the original five organizers of the party in the Indian Territory in 1892.

Mr. Johnson was appointed United States attorney for the southern district of Indian Territory in 1897 by President McKinley; reappointed by President Roosevelt in 1901 and served until January, 1906.

This total term of office being eight years and four months. He was for a long time attorney general for the Chickasaw nation and probably has more intimate personal friends among the members of the Chickasaw and Choctaw tribes than any attorney in the state.

Native of Kentucky, Mr. Johnson is a native of Kentucky and was educated at the University of Michigan, where he received his degree, after which he moved to Gainesville, Cook county, Texas. During the campaign preceding the election of Harrison and Morton as president and vice president in the early eighties, Mr. Johnson was president of the local Republican club at Gainesville, Tex., at a time when there were only eight Republicans in the entire county, and when he left the presidency of the club there was an excess of 100 members in the organization.

He was prominently identified with Republican politics of the state of Texas and has been an active worker in the party for the past 25 years.

Mr. Johnson was appointed United States commissioner for Indian Territory by Judge Bowman of the Eastern district of Texas and was the first lawyer to locate in Ardmore or the southern section of the state. He was a senator member of the Ardmore bar. For many years he was the senior member of the firm of Johnson, Bruce & Bruce, Honorable Lee Bruce and A. C. Bruce being the remaining members of the firm.

Gives Time to War Work. Mr. Johnson is subordinating politics to war work and is giving practically all of his time to patriotic campaigns and to the work of winning the war.

What Mr. Johnson says is that today Mr. Johnson was called on by a number of his friends who assured him that it was a real pleasure to have a man of his type and character in the office of the United States attorney in the state of Oklahoma and that without a personal campaign on his part he could rely on holding the full party strength and the good will of the people.

He will receive a strong personal vote among his old friends in the Chickasaw and Choctaw nations.

TELEPHONE RATE CHANGES TO GO TO BURLESON NOW

WASHINGTON, Aug. 29.—Under orders issued today all changes in telephone rates must be submitted to Postmaster General Burleson for approval before becoming effective and the companies are required to make charge for installing new telephones or changing the location of old ones.

A statement by the postmaster general says the new changes are necessary to conserve labor and material and to eliminate a cost which is now borne by the permanent users of the telephone.

Installation charges where the rate is \$2 a month or less will be \$5; where the rate is more than \$2 but not exceeding \$4 a month, will be \$10; and where the rate is more than \$4 a month, \$15.

The moving charge to the subscriber, the statement says, will be the actual cost of labor and material necessary for making the change.

The order for submission of rates does not affect the notice of the postmaster general of taking control of the telegraph and telephone companies and their operation in the war.

The order also provides that the necessary cost of business through regular channels. It merely means it was explained that approval must be given before new rates actually go into effect.
