MANY RUSS TOWNS ARE WON BY ALLIES

Americans, British, Russians and French Making Rapid Headway on Both Banks of Dvina.

COAL FIELDS ARE SEIZED

Capture of Spitzbergen Will Prove of Much Value to Archangel Government; Will Aid Czechs.

By The Associated Press.

ARCHANGEL, Monday, Sept. 30.—American, British, Russian and French troops today occupy villages on both banks of the Dvina river to a point 125 miles north of Kotlas in the government of Vologda. They have advanced 75 miles in the last two weeks and they now are about 375 miles southeast of Archangel.

The river is blocked further south by bolsheviki mines and barges which have been sunk in the channel.

Up the Vaga river, however, progress is unobstructed and Americans are among the forces occupying the important town of Shenkursk.

The Aurora borealis is already flaming in the northern sky.

In their advance up the Dvina the land forces have met with virtually no resistance since September 21, when the Americans were subjected to heavy machine gun fire for five hours at Selisko.

North of Bereseneskaya, which is near the confluence of the Dvina and Vaga rivers, villages had not been molested by the bolsheviki in their flight from Archangel. They fled so fast that they did not sleep anywhere until the Moscow authorities halted them at Bereseneskaya with an imperative demand to make a stand. Villages south of that point suffered heavily. Executions and depredations were committed there, and when the allies arrived they were given a hearty welcome.

The bolsheviki took from Archangel the best fast Mississippi type of passenger boats, leaving the allies an old collection of craft which is doing splendid service against the faster vessels in command of the enemy.

LONDON, Oct. 2.—Very heavy casualities were inflicted on the bolshevik troops by the entente forces when they captured Ukhtinskaya in northern European Russia September 26, according to an official statement issued today by the war office. The town which had been intended as a base for bolshevik operations in Karelia, had been fortified under German supervision.

WASHINGTON, Oct. 2.—The seizure of Spitzbergen by the British is expected here to prove of great assistance to the Russian government of the north at Archangel. A short time ago an American engineer made an exhaustive examination of the coal and other deposits in Spitzbergen and it was largely due to his report that the British expedition, whose success now is reported, was undertaken.

It is also thought here that occupation of Spitzbergen may result in stopping the proposed withdrawal of the Czecho-Slovak troops from the Volga front, a movement that has been contemplated for some weeks. With the allied troops driving rapidly southeast from Archangel, it is believed they will be soon able to effect a junction with the Czechs on the Volga.

COTTON GINNINGS SHOW ADVANCE IN SEPTEMBER

WASHINGTON, Oct. 2.—Cotton ginned prior to September 25 amounted to 3,719,915 bales, counting round as half bales and including 87,700 round bales and 2,814 bales of Sea Island cotton, the census bureau today announced. The Oklahoma ginnings are 153,425 bales.

Ginnings last year to September 25 amounted to 2,511,658 bales, including 60,510 round bales and 19,271 bales of Sea Island; in 1916 to that date ginnings were 4,081,989 bales, including 84,855 round bales and 31,261 bales of Sea Island.

WOULD HAVE M'ADOO MOVE TO CENTRAL RAIL LOCATION

WASHINGTON, Oct. 2.—Representative Gillett of Massachusetts, acting republican leader, speaking in the house today, advocated removal of the railroad administration from Washington to some other city. Washington is not a railroad center, Mr. Gillett argued, and he said while Director General McAdoo does a great deal of valuable work in administering railroad affairs, much of his work is spectacular.

The Sixty-Six "Boston" Stores Sell for Less Because They Can—

"Why do downstairs stores ask high prices for apparently the same kind of footwear that I have seen in your shop?" "Why do you ask lower prices for apparently the same kind of footwear that I have seen in the downstairs stores?" Come up—we will give you the answer in a very few words.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

Children love this "fruit laxative", and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or eat naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask any druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

COTTON ESTIMATES ARE CLOSE TO 12,000,000 BALES

WASHINGTON, Oct. 2.—This year's cotton crop was estimated at 11,818,000 equivalent 500-pound bales by the department of agriculture today, basing its estimate on the condition of the crop on September 25, which was 54.4 per cent of a normal and which forecasts a yield of 154.1 pounds to the acre.

A loss of indicated production amounting to 1,706,000 bales was shown by the July 25 report. A still heavier loss from weather conditions during July, amounted to 2,482,000 bales. The early estimate of production was reduced to 11,317,000 bales at the end of August.

Today's estimate, based on conditions existing September 22, compares with 11,302,375 bales produced last year; 11,449,930 two years ago, 11,191,820 three years ago and 16,134,930 four years ago.

The condition of the crop on August 25 was 55.7 per cent of normal, the lowest on record for that date. Last year, September 25 it was 60.4 per cent of normal; two years ago it was 56.3 and the average on September 25 for the last ten years 65 per cent.

This year's indicated acre yield compares with 159.7 pounds last year and 179.6 pounds, the average of the last ten years.

The final estimate of the year's production will be made in December.

Capital Schools Closed.

WASHINGTON, Oct. 2.—Washington public schools were closed today because of the rapid spread of Spanish influenza. More than 3,000 teachers and pupils already had been dismissed for observation.

NAPOLEON ONCE SAID

"An Army Footsore Is An Army Half Defeated." Men in Training Camps, in Cantonments, in the Army and Navy suffer from blisters and sore spots on their feet. Every "Comfort Kit" should contain one or more boxes of Allen's Foot-Ease, the antiseptic powder to shake into the shoes. It freshens the tired, aching, smarting feet and heals blisters and sore spots. The Plattsburgh Camp Manual advises men in training to make daily use of Foot-Ease. Sold everywhere, 25c.
