BELGIAN ARMY WINS ITS BIGGEST FIGHT

Retreat of Teutons Begun on Big Scale Is Big Victory for Gallant Army Led by King Albert.

WITH THE ALLIED ARMIES IN BELGIUM, Oct. 16.—The retreat of the Germans which was begun on a big scale today is one of the war's greatest and most vital victories for the gallant little Belgian army of King Albert, ably assisted by crack French and British troops, now has driven the despoilers of its country from a large section which the Germans have occupied since the early days of the war and has gained positions of such importance that the Germans may have to abandon the entire coast of Belgium.

Moreover, the sweeping advance of the allied infantry, preceded by a fan of French cavalry advancing rapidly, has left the entire area in which are the important city of manufacturing districts of Tourcoing, Roubaix and Tourmai in a salient which is growing deeper every hour and which the enemy can not hope to hold.

The French cavalry which is on the crest of the allied advance, has done marvelous work. Today it gal'oped forward more than ten kilometers, frequently carrying out charges with a dash usually associated with cavalry upon isolated posts of enemy machine gunners which vainly attempted to hold up its advance. Some of these gunners, taken prisoner, said they were totally unable to understand why the war was going on and why they were called upon to continue fighting. One officer said:

"We have offered all the terms in the world for peace; nobody seems willing to accept them."

Resistance, where it has been offered by the enemy has been extraordinarily fierce, for in these places it obviously has been the purpose of the commanders of the fleeing Germans to gain time in which to remove their materials. Stubborn fighting has been reported especially from the region of Thourout. The battle here has been from street to street and house to house, and large numbers of the enemy have been killed. Some Belgian forces have swept around the city in order to cut the roads at the rear and also assist in hotfooting up the enemy trying to hold out in the city itself.

DESTITUTE FAMILY NEEDS ATTENTION; CHILD IS DEAD

Unreported by the physician in charge, a needy family exists at 912 South Troost, and yesterday afternoon the 15-months-old baby daughter at the house died. The brave little mother has been working for a number of years and because her husband was an idler she reported him to the exemption board and he was sent to Camp Pike in a recent contingent, and as yet she has received no allowance.

As well as supporting herself, the young woman was trying to support her old mother and two children. In the little two-roomed house lives a sickly sister-in-law, who has been working at Sand Springs, and her child.

Doctor bills, rent, food—the same old story, but one that needed to be analyzed sooner or later by some of Tulsa's people. The need existant there should have been reported to some organization which would have given the required assistance. At the Y. M. C. A., where the woman was employed, it is said that she never alluded to any of her troubles and that the first intimation they had of her destitute circumstances was after she failed to report for duty owing to the illness of the child. Yesterday evening a basket of provisions was sent to the home by the "Y", but it is probable that there is much still needed to provide the family with the requirements of sanitary and comfortable living. The case was reported to the home service, but that overworked organization had not been able to give any assistance at 9 o'clock last night.

Pershing Thanks Workmen.

WASHINGTON, Oct. 16.—In response to a message announcing the production of a million rifles during the past year, General Pershing sent the employes of the Eddystone rifle plant of the Midvale Steel and Ordnance company, Eddystone, Pa., a cablegram expressing thanks in behalf of the American expeditionary forces.

"HARD SKIN" AND FOOT CALLUSES

Magic! Peel them right off without pain or soreness

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated.

CAUGHT ANOTHER TERRIBLE COLD?

Relieve It Quickly With Dr. Bell's Pine-Tar-Honey.

Don't say you're going to let it wear itself out. It's just as liable to become chronic. And then——?

The balsamic ingredients of Dr. Bell's Pine-Tar-Honey help to sooth the tickle, the healing ingredients help nature to scatter the phlegm-congestion, and a happy, comfortable relief soon follows.

Coughs due to grippe, bronchitis, and asthma also are relieved. And at a very trifling cost for Dr. Bell's Pine-Tar-Honey is very economical. Try it. 30c, 60c, $1.20.

Dr. Bell's Pine Tar Honey for Coughs & Colds

Use Cuticura Soap To Clear Your Skin

All druggists; Soap 25, Ointment 25 & 50. Talcum 25. Sample each free of "Cuticura, Dept. T, Boston."

ASTHMA INSTANTLY RELIEVED WITH ASTHMADOR

OR MONEY REFUNDED ASK ANY DRUGGIST

WILL RELIEVE SICK HEADACHE

Mississippi Lady Recites Her Family's Experience in Prevention of Serious Sickness and Tells How Quick Relief Follows Use of Black-Draught.

Edinburg, Miss.—Mrs. Lula McLauchlin, who lives a few miles out of this town, recently made the following statement in regard to Thedford's Black-Draught, the old, reliable family liver medicine:

"We have used Thedford's Black-Draught in our family for years, as a liver and stomach medicine. I have used it for indigestion, gas on the stomach, for bloating and a disagreeable taste in the mouth.

A couple of good doses will relieve a sick headache and make you feel like a new person.

I keep it, especially in the winter, for grip and colds. It has been such a wonderful help to us.

Black-Draught has saved us many good dollars in doctor bills, as a great deal of sickness comes from constipation and torpid liver which . . . can be relieved by so simple a remedy as Black-Draught. I praise it to all my friends.

Torpid, or slow-acting liver, is the commonest form of liver trouble met with in America. The liver does not do its duty in helping the digestion of food and regulating the bowels.

Thedford's Black-Draught has been found a very valuable remedy for derangements of the liver and stomach, not only in the case of this Mississippi family but in thousands of similar cases.

Try Black-Draught.—Adv.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is musssy and out-of-date. Nowadays by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known down-town druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

HUNS START WIDE RETREAT

CONTINUED FROM PAGE ONE

hand-to-hand encounters in which they took prisoners.

BRITISH ADVANCE IN PALESTINE

LONDON, Oct. 16.—British cavalry has occupied Tripoli, 45 miles north of Beirut and Homs, about 85 miles north of Lamascus, according to an official statement on operations in Palestine, issued tonight.

ISEGHEM TAKEN BY BELGIANS.

HAVRE, Oct. 16.—The Belgians have extended their battle front north of the Handzeeme canal, where they have made progress in the region of Schoore, five miles from the North sea, southeast of Nieuport, and generally gained ground eastward as far as Cooleamp, according to the official communication issued tonight. The town of Iseghem, east of Roulers, has been captured.

FRENCH TAKE MORE TOWNS.

PARIS, Oct. 16.—Northwest of Soissons in Champagne the French have captured the town of Notre Dame de Liesse and west of Grandpre have taken the village of Talma, according to the official communication issued by the war office tonight.

ALLIES ADVANCE AS PEACE IS TALKED.

By The Associated Press.

Meanwhile hostilities are proceeding without cessation and, as in days past, the forces of the allies everywhere are defeating the enemy.

Both in Serbia and Albania the entente troops are ridding the invaded districts of the Austro-Hungarians and German contingents in Albania, being to the north of Durazzo on the Adriatic sea, and in Serbia a considerable distance beyond Nish with the enemy falling back toward the frontier of Austria-Hungary.

Turks Again Menaced.

In the Palestine theater the British cavalry has driven far to the north and northwest of Damascus, having reached Tripoli, near the Mediterranean coast 45 miles north of Beirut, and Homs, 85 miles north of Damascus. By this maneuver there seemingly is created for the Ottoman forces the menace of again being caught between General Allenby's armies and crushed, as was the case in the early days of the offensive in the region north of Jerusalem. The maneuver also may forecast a new drive by the British from the Bagdad region to form a junction with General Allenby at Aleppo and thus take the Holy Land in its entirety from the Turks.

The British continue successfully their maneuver which has as its main objective the capture of Doual and Lille and the blotting out of the big salient which is barring the way to Valenciennes and the German defense line in that vicinity. Here the Germans are continuing to withdraw, closely followed by the British, who are within two and a half miles and three and three-quarter miles of Lille, respectively southwest and west of the city.

WASHINGTON SEES LEAVEN WORKING

CONTINUED FROM PAGE ONE

which others might be produced, and probably the employment of the great war machine plants of Germany to repair the industrial damage done in Belgium and France. Seeing is believing, one official declared tonight, and there will be no scraps of paper.

Would Be Disarmed.

In a military sense Germany would be treated as an individual prisoner of war—disarmed and guarded. Allied forces placed in strategic positions could then by invasion of Germany, if necessary, enforce any terms. The allied war council in which President Wilson holds one vote, as has long been known, has agreed upon these conditions as guarantees for the supremacy of the allied armies.

It can easily be stated with official authority that should Germany agree to such an armistice the downfall of kaiserism can easily be arranged at the peace conference without danger of accepting a "negotiated peace." Allied forces would be in a position to enforce the decisions of the peace council.

The two chief questions in the minds of public men tonight are, is the German military power really so broken as to be ready to accept these terms? And the recurring question, what has become of the kaiser?

Loan Must Go Over.

When President Wilson sent the word to the country that there would be "no relaxation of any kind," he meant that no rumors of peace should undermine the fourth Liberty loan; some of his friends believe he might have been thinking of making it a "Victory Loan," for it is a fact that if Germany laid down her arms tomorrow, the loan would have to go over, for much of the money already has been spent and the millions of troops in Europe must be provided for until they can be returned home.

The president was reading the latest dispatches tonight, making no comments and other officials were doing the same. The official air was surcharged with expectancy, but it was the expectancy which would not be surprised if Germany rallied to go on for a while longer, and made another attempt to save something from the wreckage.

There were no official indications of whether the German reply had been started for Washington, if indeed, it had been decided upon.
