This Skin Peeler All the Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygiene means of preserving their charms. The advent of mercurial was doubtless has been largely responsible for this. This remarkable substance produces complexion so natural in appearance, so magnetically beautiful, artificial complexion are no longer desired. Instead of "doctoring" an offensive skin, the skin is peeled off. The wax peels the skin so gradually in such fine particles, it disappears entirely. The freedom from irritation is death, wholly disappears within a week or two, is like white, satiny soft and smooth. It's not a patched-over complexion, but a brand new one. That's why mercurial wax has become such a rage recently. The wax is put on nights like cold cream and washed off mornings. All druggists have it; one comes will do—Ask.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid aragon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and stinging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, look and feel a hundred times better.

You can get liquid aragon at any drug store. It is inexpensive and few ounces is all you will need. This simple remedy has never been known to fail—Ask.

Cash Stores—every one of them, one price stores—they are offering their wares to the public at one price which is "FAIR AND ALIKE TO ALL."

Not a Price but What Shows a Material Saving to Those Women Who Have Waited

The Time
IS
RIGHT

This is the first sale to be announced by this store since January clearance sales were announced, and this sale, like all others we hold, is provoked by good business reasons. It is now the time when we shall of necessity be compelled to materially reduce our coat and suit stocks. Never has a store enjoyed a more liberal patronage than this, and of course a store having so large a business will buy heavily, and at all times we feel it is our duty to carry large stocks offering wide range of selection. You will find that our present showing is complete in every detail.

**OUR
POLICIES**

Believing in our standard of doing business, we feel that our policies must be mentioned in connection with every sale announcement we make. Our principle to which we adhere is that of refraining from the quoting of comparative prices. You will not see any former selling prices mentioned in this ad. You will see 14 prices that represent the present prices of every wool suit and coat in this store. Every garment without exception now bears a price that offers a material saving to every purchaser. We want you to view these garments, feel the materials, experience the effects of different styles and then judge for yourself of the value shown.

Suits

Hundred suits and dozens of styles, including navy blues, black, gray, tan, rooky, Hague blue, sand, brown and a number of novelty and checked materials. The sizes range from 14 to 50%.

In this stock there is hardly a thought in spring fashions, colors or materials that is not shown. Complete, from box coat, Russian blouse, semi-tailored and tailored models even a few of the very recent long coat styles.

We mention below seven prices that represent the range of offerings in this "AFTER EASTER" sale of suits, and this represents every wool suit in our entire stock, and in every instance without exception, they have been repriced downward. Come early Monday.

\$31.75 \$41.75 \$51.75
\$61.75 \$71.75 \$81.75
and \$91.75

Coats

Exceptional popularity of the wrap this spring has made it necessary to show an extremely wide range of modes, in capes, coats and dolmans. Present stocks offer a complete review of all that is new.

We cannot too strongly emphasize the fact that included in this "AFTER EASTER" sale are values that seldom, if ever before, any woman has had an opportunity to secure. Will you who want a superb wrap put us to the test?

MATERIALS including serge, poplin, gaberdine, tricotine, velour and light weight silvertone, in colors of which navy blue is by far the most prominent, however, there are French blue, sand, several shades of gray, brown, tan, red, rooky and taupe. Every coat is repriced downward, at the following—

\$19.75 \$24.75 \$34.75
\$44.75 \$54.75 \$64.75
