### IOWA PREPARING ITS WORLD'S FAIR EXHIBIT.

By United Press.  
Des Moines, Iowa, Oct. 5.—The State Agricultural society is aiding the Iowa-Panama Exposition committee commission to gather the exhibits that won prizes at the state and district and county fairs, preparatory to sending them to San Francisco next year to compete for the world's prizes in agricultural exhibits. The prize winning exhibits of corn and grain at the Iowa State college will also be secured.  
The best live stock in Iowa is being rounded up preparatory to running it in two special stock trains across the country to San Francisco, making stops enroute both ways for brief displays in many cities and towns.

J. N. Cimoro, Socialist speaker, is here from Durant today and expected to speak on the street this afternoon.

## GREAT LIVESTOCK DISPLAY ASSURED

Big Preparations Being Made 1914 State Fair of Texas.

### RICHEST OF PREMIUMS.

Management Declares That no Farm Industry in the Southwest Warrants More Encouragement.

Dallas.—One of the big features of the 1914 State Fair of Texas, Saturday, October 17, to Sunday, November 1, is to be the livestock display. Never has there been such promise of unusual success. Firm in the belief that there is no other farm industry in the Southwest that warrants more encouragement than the breeding and raising of livestock, the management of the State Fair has arranged for a distribution of more than \$25,000 in prizes in this division. Splendid showings of beef and dairy cattle, swine, sheep, goats, horses—saddle and combination animals, roadsters, coach and draft—jacks, Jennets and mules are auspiciously promising.

Specials are offered this year by the Texas Saddle Horse Breeders' association, the American Saddle Horse Breeders' association and the Percheron Society of America in the horse division. The American Hereford Breeders' association contributes more than \$1000 in cash specials in the beef classes. The American Jersey Cattle club contributes more than \$300 for Jerseys. In the swine division specials are contributed by the American Hampshire Swine Record association, the American Tamworth Swine Record association, the National Duroc Jersey Swine Breeders' association, the Standard Poland-China Record association, the Chester White Record association and the Armstrong Packing company of Dallas.

All saddle horses and roadsters will be judged in front of the race track grand stand instead of in the livestock pavilion, as in previous years.

Young men of Texas, under twenty-five years of age, will judge the swine and horses at the 1914 State Fair of Texas, Dallas, for a purse of \$100. The money is equally divided in each class.

### DAIRY TEST AT FAIR.

Crusade inaugurated by Fair Management Producing Good Results.  
Dallas.—No state in the Union is as rich in Jerseys as Texas, and since the State Fair of Texas began the annual competitive dairy test in 1911, the Jersey has demonstrated to the men and women of this state how important she is in converting the products of the farm into health-giving human foods.

That this crusade on the part of the Fair management has resulted in more efficient dairying is now recognized by all. Held in a dairy demonstration building, a splendid permanent exhibit of modern completeness, the Jerseys entered in the contest fed a certain amount of food each day have demonstrated their ability to produce butter fat. As exhibitors have been permitted to select their own feedstuff, the demonstration has also resulted in proving the king of feed that produces the best sort of results.

At the 1914 Fair, which begins Saturday, October 17, twenty-eight animals will take part. Complete records of the test will be posted daily for the inspection of visitors in attendance at the Fair.

The American Jersey Cattle Club gives \$185 for prizes in this contest, which is added to the regular State Fair premiums.

### RACING AT STATE FAIR.

Every Great Stable in America Represented in the Entries.  
Dallas.—This city is to have the most brilliant turf program in history this fall at the 1914 State Fair of Texas, which begins Saturday, October 17, and continues sixteen days. The ten harness stake events, closing July 1, for purses and stakes valued at \$24,000, attracted 250 entries and every race filled. It is the greatest record in the annals of the local track, and nearly 100 more entries than recorded for similar events in 1912.

Every great turf center in the United States and Canada is represented. The greatest horses in America will participate in the trotting and harness events. Among the famous stables represented are those of Ed Geers of Memphis, Tenn.; T. W. Murphy of Troughkeepsie, N. Y., the biggest money winner of last year; W. O. Foote of Bonham, Texas. In fact there will be more grand circuit horses in Dallas this fall than ever before in the annals of the local track.  
The State Fair management offers this year \$50,000 in purses and stakes. Each day there will be some big stake event in the harness classes, as well as interesting contests for runners.  
Racing begins Tuesday, October 20, and closes Friday, October 23, ten days in all.

### ARTISTRY IN EXHIBITS.

Symmetry in Arrangement of Exhibits Will Favorably Impress Visitors.

Dallas.—Declaring an artistic display of grains and grasses, the mirror which reflects the prosperity of a community, Secretary W. H. Stratton of the State Fair of Texas has inaugurated a movement for feature displays of farm, orchard and garden products at the coming meeting which opens Saturday, October 17, and continues sixteen days.

In his letter to agricultural exhibitors Secretary Stratton declares agricultural products should be massed together in a perfect, uniform, graceful display of symmetry and artfulness, in order to impress visitors with the fertility and agricultural possibilities of the section represented.  
Prospects are for a big increased exhibition of the agricultural products from every section of the state. Secretary Stratton reporting the demand for county exhibit booths this early assuring an increase in number. "Our small grain displays promise to be the greatest in quality and in magnitude in the history of the Fair," said Secretary Stratton. "South Texas counties with exhibits of rice, ribbon cane, sugar, citrus fruits, etc., will be more largely represented than ever before."

Exceptionally low round trip rates from all points to the State Fair of Texas this year. A visit within the reach of all.

## Girls Prefer Jobs to Getting Married

By United Press.

Chicago, Oct. 5.—A few years ago when a girl left school she immediately began to hunt a husband. It's different now. When a Chicago girl leaves school these days she immediately hunts a job. Then, when she has demonstrated her ability to support herself—and, perhaps, contribute largely toward the upkeep of divers brothers and sisters—she leisurely looks over the male of the species and selects one to suit her fancy.

All of this is indicated by the new school census, according to W. L. Bodine, superintendent of compulsory education. His figures show there are 759,778 males engaged in occupations in the city, compared with 555,515 in 1909, while 236,811 females hold positions, against 149,867 in 1909. The men gained 36 per cent, while the women gained 58 per cent.

"These statistics show the women of today are fast breaking away from economic dependence of men," said Bodine. "Girls are not now marrying just to get a home. Statistics show that marriages are not increasing with the same percentage of gains as the population."

Some of the occupations in which women and girls of Chicago are engaged, and the number employed, are as follows: Stenographers, 21,669; dressmakers, 15,099; domestics, 34,073; physicians, 529; janitresses, 725; bookkeepers, 9977; merchants, 3375; telephone operators 4777; milliners, 5461; teachers, 8572.

### WOMEN MAY BE STRONG

and only life whether in the home or business world if they can keep at bay those ailments peculiar to their sex. If every woman realized how Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, goes to the root of the trouble and overcomes such symptoms as backache, headaches, nervousness and irritability, they would be healthier, happier and stronger. If you suffer from any form of female ills why don't you try it? It will pay you to do so.

### CYCLE CAR RACE TO OPEN IN BOSTON SHOW.

By United Press.

Boston, Oct. 5.—A curtain raiser in the form of a race meet at Combination park will be a feature of the first annual light car and cycle car show which will open in Horticultural hall October 12 and continue five days. The meet is scheduled for Saturday afternoon, October 10. The card of events includes a two mile, class A race for cars up to 71 cubic inches cylinder displacement, and a 25-mile race free-for-all for cars up to 125 cubic inches and 1150 pounds chassis weight. There will be exhibitions by several well known foreign cars. Many prominent entries are already in.

### INVENTION PRECLUDES POSSIBILITY OF PANIC.

By United Press.  
Cleveland, Oct. 5.—Repetitions of panic horrors of the past will be averted forever, according to Fire Chief Wallace of Cleveland today, if owners of public buildings and theaters will adopt a safety lock device patented by George H. Stanbridge, a Cleveland carpenter.

Stanbridge's invention can be placed on either double or single doors with surety of keeping them locked from the outside. The slightest pressure from the inside, however, allows the doors to immediately swing wide open.

### New Bird of Prey.

A Wirral gamekeeper a little while ago was feeding his hand-reared young wild ducks when an aviator, bound for Parkgate, passed over at no great height. Away went the fappers in all directions, quacking in terror, the younger and feebler ones settling to the hedges and those which could fly making for the river. When the aeroplane had passed and the field was quiet again some forty birds straggled back, but three days later there were still as many missing. The downy duckling, just out of the egg, dives or seeks shelter instinctively when the shadow of a large bird, a hawk or a heron, passes its pool, and no doubt these ducks thought that some gigantic and noisy bird of prey was swooping upon them. That gamekeeper does not like aeroplanes.—Manchester Guardian.

### Englishwomen Urge Goat Keeping.

With the object of obtaining for the children of farm laborers a constant supply of pure milk, which is almost impossible in the calf rearing districts, Devonshire cottagers are being encouraged by Lady Acland of Kilmington, Mrs. Charles Carew of Warcombe and other women to keep goats.

### Apply Sloan's Freely for Lumbago.

Your attacks of lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.—Adv. d&w

### DRY FARMING CONGRESS PROMISES BIG EVENT.

Wichita, Kan., Oct. 5.—On account of the depleted agricultural conditions in Europe, it is predicted that America must now prepare to demonstrate the truth of her claim that she "feeds the world." Consequently the need of correct solutions of farming problems is more than ever emphasized. Irrigation and intensive farming are to be encouraged as never before.

### The programme of the International Dry Farming Congress and Soil Products Exposition and International Congress of Farm Women held in conjunction with the Wichita exposition, Wichita, October 7-17, includes many valuable and interesting discussions of an international character, subjects having a bearing on soil conservation and intensive farming problems relative to the agricultural development of the entire world. Extensive agricultural and horticultural exhibits have been arranged as well as an comprehensive display of industrial and development in all lines of manufacturing.
