Rubber Constantly in Demand.
Semi-official estimates made in India of the world's production of rubber for several years to come indicate a constant increase, passing 200,000 tons in 1910, but never equaling the demand.

PLANS FOR AN IDEAL CITY

Remarkable Project That Has Been Undertaken by an International Organization.

An idealistic project on a vast scale has recently been launched by an international organization known as the World Conscience Society. The details and plan were conceived and perfected after ten years of altruistic labor and study on the part of Hendrik Christian Anderson, an American-Scandinavian sculptor residing in Rome, assisted by sculptors, artists, engineers, architects, and scientists, and has for its object the establishment of an ideal world city where all international activities are to have their home and inspiration. This proposed international city "is to be a city of light, health, wide avenues, parks, playgrounds, fountains, lagoons and noble buildings. It is to be a city without slums, a city of efficiency, convenience and beauty. Not only in structure, plan and equipment will it be an ideal city, but it is intended to become the intellectual, artistic, and practical international capital of the world; a clearing house for the various social, cultural, scientific and political aspirations of humanity. As designed it will cover some ten square miles of ground." The estimated cost of creating such a city, according to the author of the plan, would not be over \$100,000,000. Numerous places have been mentioned for the site of such a city, such as the Dutch coast, near The Hague; the Rivierra, near Cannes; Turverer, near Brussels; St. Germain-on-Laye, near Paris; the Mar-mora coast, near Constantinople; the Isthmus of Panama, and recently the island of Cuba.

Particular Clothes For PARTICULAR Men

Garments with a dash of spice and yet maintaining that quiet tone that is the prevailing note in Men's Fall Clothing.

These requirements are fully met in this season's

Your Fall Cold Needs Attention.

No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your cold and soothes your cough away. Pleasant, antiseptic and healing. Children like it. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor," writes Lewis Chamberlain of Manchester, Ohio. Money back if not satisfied, but it nearly always helps. —Adv. d&w

WANT HOMES FOR CHILDREN.

The United Charities want homes for two girls, aged 6 and 12, and two boys, aged 8 and 10. Both boys and girls are said to be very beautiful and attractive children. Owing to unfortunate conditions their parents cannot care for them and it is desired to place them where they will be treated well and educated though not adopted. If necessary, the charity society will bear part of the expense of clothing them. Any one interested should communicate with some officer of the society or report to the headquarters at the city hall.

READ THIS, PLEASE.

For months and months a notice has been running in the Express requesting readers to report social items to Phone 75 before Friday noon. The instructions to the society editor are to accept no items for Saturday's paper after that hour unless they concern happenings on Friday afternoon or evening. In spite of this request in numerous instances reports on events occurring early in the week are phoned to the reporter on Friday afternoon. The rule adopted is not an arbitrary one, but is made necessary by the mechanical arrangements of the newspaper plant. Our readers will confer a great favor by kindly heeding it.—Editor.
