

PNEUMONIA TAKES CHAMP WALKER

Best Known for Habit of Traveling on Foot

TREE FELL ON HIM

Reaped Harvest From Both Parties for Influence at Election Times

Special to The World. TALEQUAH, March 15.—Intelligence has reached here of the death of Champ Walker, of whom it has been said he could walk a horse. Pettit probably made more trips to Tahlequah and other places on foot than any other man in this section. He probably never owned a horse and really had no need of one. Although he lived at least 12 miles south of Tahlequah in the hills, he often came into town early in the morning, remained for several hours and then walked back before night, or sometimes shortly after midnight. Pettit was very busy in campaign season. Several weeks before the date of the primary election as well as before the date of the regular election he most persistently made known to the candidates that he would be voting for the democrat, and a "blue bellied" republican or something similar to the republicans. Pettit let none of them get away from him, and strange to say, gathered in various and sundry dollars and lesser sums. Two years ago a tree fell on him while he was engaged in chopping some firewood and a leg was badly broken. He finally recovered and was getting in "good walking trim" again when he was stricken down with pneumonia and died after a few days.

BANK'S CHARTER EXTENDED

Lawton Gets 20 Years and Slick Files Application. Special to The World. WASHINGTON, March 15.—Comptroller of the Currency Crisinger has announced the receipt of application for a charter for the American National bank of Slick, Okla., with a proposed capitalization of \$25,000. Charles T. Okey, of the Campbell-Okey Hardware company, made the application. The corporate existence of the City National bank of Lawton, Okla., was extended to March 6, 1941. Although Postmaster General Hayes was said to be working on an order either modifying or abrogating the executive order for civil service on presidential offices, the postoffice department has asked the civil service commission to hold an examination for the postoffice agency at McAlester. In view of this request there was much speculation as to what the change in presidential postmaster would be. Lieutenant Colonel Charles J. Nelson, infantry, now on duty at Denver, was ordered to Oklahoma City to be instructor-inspector of the Oklahoma national guard.

WRECKED AUTO BURNS

Engine Went Dead But Occupants Jump to Safety. Special to The World. DRUMRIGHT, March 15.—A seven-passenger automobile driven by Mrs. O. H. Duncan of Sapulpa and containing six lady passengers, stalled on the Frisco crossing two miles from town Tuesday night, and was struck and demolished by the engine drawing a train of tank cars going at about 25 miles an hour. Seeing that the car was doomed, the ladies clambered hastily out and sought refuge. No one was hurt, but Mrs. Duncan lost \$50 in money which she left in the car. The engine struck the car broadside and carried it 200 feet, when the wreck burst into flames and was quickly consumed. The train crew stopped and did what they could to save it. Besides Mrs. Duncan's property, two coats were destroyed in the fire.

STARR COMPANION CAUGHT

One of Three Men Alleged to Have Been in Last Event. Special to The World. TALEQUAH, March 15.—Charles Brackett, arrested at Porum a few days ago, is one of the three men alleged by Henry Starr to have been in the bank of Harrison, Ark., on the occasion of which Starr was fatally shot. Brackett, who lived at the base of the Indian burial mound, a few miles southeast of Tahlequah until last fall, is a brother of two of the well known and respected farmers of this section, but has been in trouble on a number of occasions. He is a man of peculiar appearance, short of stature, "beach-legged" and usually wears a broad sombrero and big-top boots.

Compromised on \$600.

Special to The World. PONCA CITY, March 15.—Alleging that salt water, uncaused by the junction and Empire oil companies in drilling operations, ran on her farm and caused considerable damage to crops and livestock, Mrs. Maude Roach of northern Kay county sued the two companies in the district court for \$25,000. A jury was summoned in the case, ready for trial, when the attorneys announced a compromise had been reached. Mrs. Roach dismissed the suit, having accepted \$600 in full payment.

Girl of 13 Keeps the Officers on Jump and Beats Them to Husband

Special to The World. PONCA CITY, March 15.—Laricle Goddard is only 13 years old but she has been rapidly and persistently in the limelight during the past few days, including being adjudged delinquent and ordered placed in the girls' industrial school at Oklahoma City, then having the commitment set aside for two days while she was given into the care of her father, during the two days she went to Perry with J. Muri Phillips, aged 23, and was married; the next day Phillips was arrested on a liquor charge and taken to the county jail; the girl was then re-covered by the county court, and yesterday she was sent to the Oklahoma City school.

ELECTIONS AT OILTON

Will Decide on Incorporation as City of First Class on the 29th. Special to The World. OILTON, March 15.—A proclamation issued by Governor Robertson calls for an election to be held in this city on March 29, for the purpose of changing the form of government from an incorporated town to a city of the first class.

DRUMRIGHT CITY ELECTION

Two to Elect But Candidates Are Numerous. Special to The World. DRUMRIGHT, March 15.—Primary city elections are being held in Drumright today. Six candidates are in the race for mayor, and eight for chief of police.

Barren Fork Bridged.

Special to The World. TALEQUAH, March 15.—The completion of the steel bridge across the Barren Fork river, the largest tributary of the Illinois, now makes it possible to travel to pursue their way without delay. Heretofore on occasions when the streams were at a high stage of water it was impossible to get across either the Fork or the Illinois, but both now have expensive and substantial bridges.

Allege Attack on Teacher.

Special to The World. PONCA CITY, March 15.—Because Ralph Braber, school teacher in district No. 48, in this county, whipped two boys attending his school for infraction of rules, it is charged that he was set upon later by big brothers of the two and assaulted; some of his assailants using their fists and others a harness tuff. As a result Edward Blinn, Glenn Dunn, Wayne Dunn, Forest Dunn and William Dunn have been arrested. They pleaded not guilty in the county court and have been released on \$100 bond each, pending trial.

WHEN FOOD DOESN'T DIGEST

Give the Stomach a Rational Rest by Proper Aid, Not by Harsh Starvation Methods. Use Stuart's Dyspepsia Tablets.

A sour stomach may indicate an acid condition that calls for an alkaline rest. This you will get from one or two

Stuart's Dyspepsia Tablets after a meal. Sour risings, gasiness, a heavy bloated feeling and such distress due to indigestion or dyspepsia are usually only temporary. And yet they may lead to serious disorder. The regular use of Stuart's Dyspepsia Tablets after meals reflects to a high degree the intelligent selection of preventative measures.

One cannot always select or inspect the quality of food to be eaten nor its method or manner of preparation. But it is possible to avoid the result. And it is a far better plan to eat without worry over what may happen, than to starve for fear it will happen. Many physicians recommend these tablets for stomach distress due to indigestion or dyspepsia. They are sold in all druggists every where at 60 cents a box.—Adv.

LORD SAID HE WAS GUILTY ONE

Negro Arrested for Moon-shining Engages in Prayer First

BEGGS, March 15.—Fifty gallons of "Choctaw beer," discovered in a raid here by deputy sheriffs in the home of Rev. Samuel Speer, colored did not result in the apprehension of the guilty manufacturer until the Reverend Speer and his wife had knelt in prayer while the officers stood by with bared heads and watched the progress of the sanctimonious trial.

According to the officers, the Reverend Speer and his wife both denied knowledge of manufacture of the "choce." After a secret consultation, however, they decided to settle the matter in the eyes of the law through prayer. At the end of 15 minutes the wife arose and said the "Lord told her she was guilty." His confession affected the husband and arose accordingly to the officers, admitting his guilt, said, "Oh, Lord! Rather than make my wife out mistaken, I see de guilty one Amen!"

The negro is declared by officers to be an evangelist who has conducted several revivals here for colored people. Suspicion was first attracted to his home because he converted most of his disciples there.

Trees in Capitol Square. Special to The World. TALEQUAH, March 15.—In view of the fact that practically all the original forest trees in the old Cherokee capitol square here have disappeared, due to decay, many new trees are being planted. Most of the young trees are maples, though some elms have been placed along one of the walks. Within a few days the square, which was laid out in the early forties of the last century, will be well shaded.

Resume Highway Work. Special to The World. OILTON, March 15.—Work on a number of the public roads leading from this city will be resumed in a short time and the county expects to make a few changes in the routing of one or two of them. Quite a bit of work will be done on the Albert Pike Highway between this point and Mannford between now and the first of April.

Barren Fork Bridged. Special to The World. TALEQUAH, March 15.—The completion of the steel bridge across the Barren Fork river, the largest tributary of the Illinois, now makes it possible to travel to pursue their way without delay. Heretofore on occasions when the streams were at a high stage of water it was impossible to get across either the Fork or the Illinois, but both now have expensive and substantial bridges.

News of Muskogee

Prosecute Lawyer for Conspiracy. Special to The World. MUSKOGEE, March 15.—Charged with conspiracy to extort money from an Indian while in jail, J. Hugh Nolen, attorney at Okemah, will be arraigned with about 40 others before Federal Judge Robert L. Warren here Friday. The list of those to be haled into court also includes Mr. and Mrs. R. L. Nay of Muskogee, charged with fraudulent use of the mails in swindling negroes out of thousands of dollars.

Nolen was indicted last November at Chickasha. He has not yet been arraigned. The affray took place at Okemah nearly two years ago.

Bennie Simmons, Indian, was arrested for desertion from the army two years ago. While in jail the lease on his allotment was sold as a man named Parish for \$1,500. Later he was released from jail, when he agreed to let Jones and Nolen keep the \$1,500.

Arrested again last summer, Simmons told the story that resulted in the indictment of Nolen. Simmons has since been cleared of the desertion charge.

Most of the 40 cases up for arraignment Friday grew out of the January grand jury term here. Most of the hearings will be set for the Tulsa, McAlester or Hugo terms in April, May or June, it is said.

Cremate Son's Body on River Bank. With tears in her eyes, Mrs. Miranda Jones of Tulsa, mother of the late Earl Jones, whose body was found on a sandbar near here yesterday, is building the boy's funeral

pyre upon the sandbar where the body will be cremated tomorrow. Ordinary burial is impossible because of the decomposed condition of the body, which had been in the waters of the Arkansas river for three months.

Mrs. Jones identified her boy by two missing front teeth, which were found in a barrel. Other identification was practically impossible.

Today Mrs. Jones worked with the farmers of the vicinity to build the pyre of wood and timber. The body still lay on the sandbar of the Arkansas, where it was discovered by farmers.

The father of the dead man is expected to arrive before the funeral services tomorrow. The ashes of the dead boy will be buried on the lonely bank of the Arkansas north of McAlester.

Fights for Federal Appointment. According to word received here from Washington today and being reported in republican circles, Frank Lee of Muskogee is losing out in his fight for the United States attorney's job for the Eastern district of Oklahoma. The position probably will go to Attorney Graves of Pryor, because of the opposition of the republican organization to the man whom the late Judge Ralph Campbell had asked Senator Harrell to name to the place. Lee is being sacrificed to make sure of the naming of E. G. Disney to superintendent of the five civilized tribes, say politicians here. If Lee was named, the organization could not put over another Muskogee man, it is feared.

Disney is now in Washington preparing his appointment, while Lee has gone to the nation's capital in a last effort to save his job, which

two weeks ago seemed practically locked. The United States attorney appointment probably will be made first because of the temporary nature of the job given last winter to Charles W. Miller. If Lee loses, he will fight Disney and other Harrell appointments to the limit, it is said.

Green Bugs Hit Muskogee. The tiny green bug that is devastating grain fields all over Oklahoma has reached Muskogee county but not yet is making any serious inroads on the growing crop, according to County Agent John White and J. M. Daily, formerly county agent. Both men say that the bug has been found in only a few sections of the county, mostly around Haskell.

Albert Schamerhorn of Tulsa filed suit for \$50,000 damages in United States district court today against the Katy railroad in connection with an accident a year ago that killed his son and beat the complainant over the head with the weapon.

After gaining entrance through a cellar door, thieves sometime Monday night ransacked the home of Mrs. E. P. Davis, 534 North Denver, and stole an \$800 sealskin coat. The robbery was reported to the police yesterday morning.

Stars Not With Bolm Show—Date Cancelled. On the grounds that Adolph Bolm and The Little Symphony orchestra did not come here as advertised, last night J. G. Reichel, under whose auspices the show was to have been given, canceled the date after the company had arrived here.

"Neither George Harrer, conductor, or Sascha Jacobinoff, assistant conductor, were with the company," said Reichel. "There was also a substitute harpist. I featured these artists in my advertisement and when they failed to arrive I promptly canceled the date."

TRY OFFICER FOR ASSAULT

Deputy Sheriff Makes \$500 Bond for Trial Before District Court.

P. O. Brown, deputy sheriff at Haskell, charged with assault with intent to kill upon C. C. Polan of Muskogee County, was held for trial by district court at the close of his preliminary hearing Tuesday before Justice H. J. Gray and was released on bond of \$500.

The charge grew out of a fight between the officer and Polan, the latter claiming Brown seized half a horse and beat the complainant over the head with the weapon.

Stars Not With Bolm Show—Date Cancelled. On the grounds that Adolph Bolm and The Little Symphony orchestra did not come here as advertised, last night J. G. Reichel, under whose auspices the show was to have been given, canceled the date after the company had arrived here.

"Neither George Harrer, conductor, or Sascha Jacobinoff, assistant conductor, were with the company," said Reichel. "There was also a substitute harpist. I featured these artists in my advertisement and when they failed to arrive I promptly canceled the date."

Residence Is Ransacked. After gaining entrance through a cellar door, thieves sometime Monday night ransacked the home of Mrs. E. P. Davis, 534 North Denver, and stole an \$800 sealskin coat. The robbery was reported to the police yesterday morning.
