L. D. Brannon.

On Monday evening Epworth Leaguers will gather at the church, at Fourteenth and Quaker, at 7:30 o'clock and proceed to Woodward park for a treasure hunt. The treasure in the case is to be "the making" of an informal supper and there will be no "eats" until the hunt is successful.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

GOOD OUTLOOK FOR ORCHESTRA

Many Talented Players to Return for Activity in School's Music.

The assured presence of a number of players of ability makes the outlook for the work of the Kendall college orchestra for the next year unusually gratifying.

Among those who will contribute most to the success of the orchestra will be Professor Raymond E. Solders, principal of the academy and said to be accomplished on the flute. Mr. Solders has an instrument which cost \$400. He made his way through high school and university largely through funds received from use of the flute.

Miss Sibyl Mahler, assistant in violin at the college, who spent last year in graduate study at Chicago, and Miss Bertha Jacobs, who recently removed to Tulsa from Butler, Pa. Harry Robertson, who was a student at Kendall several years ago will re-enter in the fall and will assist in the orchestra as player on the saxophone. Harold Gordon, second son of Pres. J. M. Gordon, will play the cornet.

There's No Picture Like the Picture of Health

The greatest masterpiece in the Art Gallery of Life is Nature's 'Picture of Health'. It is a marvelous portrayal of the human body at its best. One beholds in its composite detail a true symbol of strength. It presents a figure of striking appearance in its erect carriage, clear skin, sparkling eyes, strong limbs, steady nerves and firm muscles, fairly vibrating in animation—keen, alert, fresh, and spirited; with an air of unbounded confidence and a face radiant in color and illuminated with a glow of hope and cheerfulness.

The Great General Tonic

Nothing is more efficacious as a restorer of exhausted nerves and general tonic than LYKO, the great general tonic. It tends to re-energize the worn-out tissues, rebuilds the blood, creates new nerve force, and revives the spirits of those who are weak, frail, languid and overworked. It is a reliable appetizer, a splendid aid to digestion and a fine functional regulator of the liver, kidneys and bowels. All druggists sell LYKO. Get a bottle TODAY and you'll commence to look more like the picture of health.
