A picnic for high school girls at Sand Springs park on Monday afternoon under the auspices of the girls work department of the Y. W. C. A. is announced by Miss Mabel Sones, head of the department. The girls will meet in the department club rooms on the third floor of the building at 2 o'clock Monday afternoon. A picnic supper will be spread at the park and return to Tulsa will be made before nightfall.

A picnic outing "for girls only" is scheduled for Tuesday afternoon at 3:30 o'clock, each bringing her contribution for the common picnic spread. Chaperones will be Miss Sones and one high school student for each ten grade school students. The picnickers will return early in the evening.

"High" girls have requested and will be given two lessons in cooking during the coming week, one on sandwich-making at 12:30 o'clock Thursday afternoon and a second on pie making at the same hour Thursday afternoon. Culinary instruction will be followed by the usual plunge in the Y. W. pool at 3 p. m. and on Thursday by a talk-fest on personality, called "My Ships," at 4 p. m.

CREDIT MEN ADJOURN

Four Days Session of National Body Closes After Profitable Convention.

The Retail Credit Men's National convention which has been in session in Detroit for the past four days, will adjourn this morning following the election of officers, final reports of committees and adoption of resolutions.

According to a wire received at the office of the local association last night from W. A. Rayson, who heads the Tulsa delegation of eleven in attendance at the convention, this has been one of the most enthusiastic conventions of a similar organization ever held.

A feature of yesterday's program was the address of J. H. Trego, the popular secretary o the wholesalers' national credit organization. Mr. Trego spoke on the subject of the "Responsibility of the Credit Men," and his address was considered the "star speech" of the entire convention.

Mr. Trego stated to Mr. Rayson that he was looking forward with great anticipation to his visit to Tulsa within the next few weeks, at which time he will preside at a district conference of wholesale credit men which will be held in this city.

Mr. and Mrs. Rayson will go to Youngstown, Ohio, to spend a few days with relatives, returning to Tulsa about the 18th. Several other delegates will spend vacations in the lake district before coming home.

Sapulpa Notes

SAPULPA, Aug. 13.— The city budget, which has recently been compiled, was announced this morning by Don McMasters, commissioner of finance. The budget showed that the tax levy this year will be 2.01 mills less than that of last year. The levy this year is 24.65 mills, as compared to 26.66 mills of last year. The levy will be divided, giving ten mills for the general fund and 14.65 mills for the sinking fund. The valuation of the city this year is $7,317,715, while it was $7,156,000 last year. The preliminary hearing of E. F. Fordham, E. F. Bessett and J. K. Miller, who were arrested yesterday on a charge of hi-jacking, was held this morning. Fordham and Miller were bound over to the district court, and their bonds were set at $3,000. Bessett was dismissed after it was found that there was no evidence against him. The men were accused of robbing Lije Mayes and George McCullough (colored) of $45. Witnesses say that Fordham and Miller went to Addition and entered the home of Mayes and ordered the two negroes to "stick 'em up."

Secret of Energy These "Dog Days"

Eliminate poisons and congestion from stomach and bowels with Dr. Caldwell's Syrup Pepsin

DR. W. B. CALDWELL. *In his 82nd year*

THERE is no time of the year when people should be more careful of their diet than during the hot summer months, but unfortunately it is the season of greatest carelessness. Cold foods, ices, unripe and overripe fruits are soon followed by cramps, heartburn, indigestion, constipation.

Do not wait until you have a splitting headache, but when you find yourself getting bilious and constipated, that very night take a teaspoonful of Egyptian Senna and Pepsin, which is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. By morning your bowels will be relieved and the congestion gone. Then be cautious at meal time for a few days and you will have no further trouble.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that has grown in great public favor for thirty years. We know of many thousands of households that are never without a bottle. Mr. Eugene McManus of Manayunk, Pa., was very dyspeptic until he patronized his druggist for a bottle of Syrup Pepsin, and now he can retain and digest whatever he eats; he is sleeping sounder, gaining in weight and strength and is in all respects feeling better than in years.

Just get yourself a bottle of Dr. Caldwell's Syrup Pepsin at a drug store and see the great good it will do you.

FREE *Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.*

GIVES WELFARE TALK

C. H. Fenstermacher Explains Present Industrial Unrest in Speech Explaining Welfare Work.

Welfare work as carried on in a modern industrial plant was discussed Thursday evening by C. H. Fenstermacher, head of the welfare department of the Cosden refinery, in an address before the junior chamber of commerce. Mr. Fenstermacher, by aid of charts and figures gave a brief history of the causes of the present unrest in many industrial plants as well as the steps being taken to provide better working conditions for the men to counteract this unrest. During the past two and one-half years of welfare work the labor turn-over at the Cosden refinery has been materially decreased and the welfare department now is operating at its highest efficiency since its inception. Accidents have been reduced to the minimum through educational rampaigns, he stated and thousands of dollars have been spent in equipping the plant with the latest safety devices. Providing satisfactory working conditions for employes is essential in industrial plants before they can hope to solve the labor problem, and this, he said, is being done in hundreds of large plants, through welfare work.

As a preliminary, T. J. Hartman, vice president of the Producers State bank, gave a short drill in parliamentary law which was highly enlightening and entertaining.

M. C. Hale of the U. S. Compression Inner Tube company, also made a short talk concerning the progress of the new tube company.

Recipes of Our Pioneer Mothers. for the home treatment of disease were wonderfully dependable. True, they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.—Advt.
