Ambition.
It may be I shall not attain,
The heights which I have my goal,
It may be I shall never see,
The heights that would save my soul.

Yet I shall have reached greater heights,
And I shall see for me, I know,
That has I been content each day,
And I'll be glad to die.

Today's Events.
Kappa Kappa Gamma, Miss Dora, and Miss Helen.
Faculty of Mrs. Walter L. Cain, plans reception in the public library.
Knights Templars annual ball, Convention hall.
Miss Susan Connor, auction bridge party.

To Give Ball.
Social interest for the next two weeks is centering in and will revolve about the big ball to be given in Convention hall the night of Wednesday, February 1. The Trinity Episcopal church, service league members, who are sponsoring the dance, are rapidly completing their plans and by Sunday expect to be able to announce the list of names of patrons and patronesses.

Dr. Griggs Returns to Tulsa.
The fact that Dr. Edward Griggs is returning to Tulsa this winter for a course of lectures is a source of genuine pleasure to the many who have been privileged to hear him before, and those who know him only by reputation share the anticipation with which his friends and admirers are looking forward to his appearance this week.

Titia Buffo Coming.
The Hyecheka club has announced that it presents Titia Buffo, the famous and conceded to be the greatest baritone living for its spring festival March 3. Mrs. Lillian Gillette Epstein will sing upon this occasion and is a happy acquisition to the festival program.

Knights to Hold Ball.
Knights Templars will wear full dress uniform tonight at the third annual ball given under the auspices of Trinity Commandery 29. The dance, which is expected to be largely attended, will be given in Convention hall and the grand march will take place at 9 o'clock.

Club Events.
The name of the Monte Shokolon club which will hold its fortnightly meeting Monday of next week is of peculiar interest. It implies in the Osage tongue the tempus habet of the organization, Benjamin Allison, conferring with an interpreter for the Osage, learned that Monte Shokolon meant in Osage, "Monday every second week." Since the organization of the club a year ago this winter its purpose has been purely that of social pleasure and its members planned fortnightly meetings. The Osage name, deemed apropos as well as euphonious, was adopted as the club's official name.

NEW COURSES ARE OFFERED AT T. U.

Enlarged Field of Activity Announced for New Semester

A number of new courses which never before have been a part of the curriculum of the University of Tulsa will be offered in the new semester opening next January 31. Of this kind will be a course in business psychology, or psychology as it applies to the trader, which Prof. L. S. McLean will try to make useful to those students intending to enter the business world. Agriculture is also being included for the first time, because of the requirement that students applying for the elementary teachers certificate from the state board have a credit in this subject.

Students who, while studying Greek and all other "ologies" are busy making some preparation at least for managing homes of their own some day, have selection of four new courses under Katherine Penn, Glick who are students in the domestic science department may take cooking and textiles, but an advance course in sanitation is only open to students specializing in domestic science and household management is only for seniors in the department and those who have had all the cooking experience required for a B. S. degree in domestic science.

New Bible courses announced by Dr. Franklin G. Hill are in the history of the Hebrews to the year 886 B. C. the life of Job and Latin, every study of the Bible. Other opening classes will be in Spanish, review algebra, principles of education and education psychology, economics and English history. For the benefit of students graduating from high schools this semester, beginning freshman classes will be arranged. Final examinations will be held next week at the university.

TO FORM NEW TROOP
Will Organize North Side Boy Scout Troop at Centenary Methodist Church at Once.

The formation of a North Side Boy Scout troop was put under consideration Thursday night at a meeting of scout officials, principals of North Side schools and church officials of the Centenary Methodist church, held in the church edifice. The actual organization of the troop will take place at a meeting in the church next Thursday night at 8 o'clock of all boys interested in Boy Scout work.

A committee composed of Rev. W. L. Blackburn, pastor of the church; Judge N. J. Gaber, J. H. Gardner and Henry Brandon was appointed as an executive committee in the scout organization work. A short talk on Boy Scout principles and workings was given by John M. Lindley, scout executive of Tulsa county and similar talks were given by Henry Brandon and Howard Meyers. M. McGee, principal of Osage school, pledged the new plan hearty co-operation on the part of Osage school. Other schools which the executive committee hopes to draw on for their new plan are Pershing and Emerson schools.

Detected the Flavor.
Colonel Breckenridge and Major Poindexter, Kentucky gentlemen of the old school, noticed something unusual about their favorite beverage, but they disagreed as to what it might be. "Very fine liquor, sah," observed the colonel to the major, "but it has a foreign flavor."

"You ah right, sah; it has a foreign flavor," replied the major, "I should say, sah, it has an Irish flavor."

"You ah mistaken, sah; it has the flavor of leather," insisted the colonel.

When the hoghead from which their libation came was empty a tack with a leather top was found on the bottom of the receptacle.

Mary's Portrayal of "Salome" Is Talk of Chicago

Mary Garden as she appeared in the role of "Salome."

That Mary Garden, operatic star, across to the height of her brilliant career in her realistic portrayal of "Salome" in that operatic production under her direction in Chicago, is the opinion of her followers. But clergymen and reform leaders denounced it as "degrading." Which brings up the old question of how far art can go and be art.

Effective Diplomacy.
"What do you do when your husband insists on driving the car too fast?"
"I have a sure way to make him slow down."
"I wish I could do that. My husband is so stubborn that he drives even faster when I complain."
"Oh, I never have a bit of trouble. All I do is to whisper that a traffic officer is following us and he can't slow down quick enough."

APPEAL IS FILED IN STILLMAN CASE

Lawyer Claims Mrs. Stillman Has Never Denied Illegitimate Charge

NEW YORK, Jan. 20.—Mrs. Fifi Potter Stillman has never expressly or emphatically denied that her son, Guy, was illegitimate, A. F. Jenks, counsel for James A. Stillman in his divorce action, declared today in representing the banker before the appellate division of the supreme court, appealing an order allowing Mrs. Stillman \$7,500 additional counsel fees.

Mr. Jenks said Mrs. Stillman, during the last nine months had been allotted \$120,000 from her husband and that the law provided that allowances should be made only when the defendant can show reasonable probability of success. Mrs. Stillman, he said, has so far not indicated that probability.

Mr. Stillman is suing to divorce his wife and to illegitimate Guy Stillman.

"The plaintiff alleges the issues of the marriage are: Alexander, Anne and James," Jenks said. "She alleges her children are Alexander, Anne, James and Guy. Further on in her brief she adds 'my infant Guy.'"

"In her affidavits she does not say she denies the charges because she is innocent. She says: 'I am informed by one of my attorneys that I have a good defense. I, therefore, ask leave to amend my answer.'"

"The plaintiff in his complaint alleges the defendant lived continuously in adultery with the co-respondent." She says: "These charges I deny."

"There is nothing to show she denied the possibility that she may have committed adultery one or more times. She simply says she denies these charges referring to the statement 'continuously in adultery.'"

Ought to Be Satisfied.
Tell Mrs. the tale, as Mr. Cabell says, of the late Gen. Horace Porter, what time he was manager of the Pullman company. One day he got a letter from an army officer who said that the Pullman car that had carried him from Jersey City to Long Branch had not been properly swept and dusted. General Porter wrote back the letter: "The second, the third and the fourth. But the fifth was so violent that General Porter dictated the following reply:

"We have run the train off the track, burned the cars, shot the conductor, hanged the porter and discontinued the line. Hoping that this will be satisfactory, I remain, etc."

TO RELIEVE UNEMPLOYMENT

City Will Conduct Municipal Employment Bureau Under a Clerk. Plans were made by the mayor and city commissioners Friday to assist in helping the unemployment situation locally. It was voted by the commission to obtain the services of a clerk and conduct a municipal employment bureau, with which citizens may leave orders for help, which will be communicated to the various employment bureaus. Applications from men and women out of work will not be received.

The employment service is to be in charge of Mayor T. D. Evans, who was elected chairman of the general employment committee composed of heads of various civic organizations, employment departments of large companies, and of local employment bureaus.

In addition to the mayor, this committee is composed of J. D. McClelland, representing the Chamber of Commerce; Mrs. Hunt, representing the Y. W. C. A.; Joseph Drouot, representing the employment service of the Masonic fraternity; George Bush of Couden and company; E. L. Allison, representing the American Legion, and E. N. Hills, active head of the Federal-State Employment service.

Another meeting of this committee is to be held soon, at which time complete plans for relieving the unemployment situation will be formulated and arrangement made to establish an office.
