

Girl Killed by Steer.

Okemah, I. T., July 7.—Last week a child near here met a horrible death. The girl's mother sent the child, across a pasture to a store at Okemah. When she got about half way across the pasture she was attacked by a steer. The steer chased the girl some distance, finally pushed her down and ran his horns through the girl's body. Her screams brought people to her rescue. Men ran from Okemah with guns and clubs, and others on horseback tried to rope the infuriated animal, but could not. Finally a man got near enough with his Winchester to shoot the steer, which he did. The animal fell dead, but when the child was reached she was also dead. People who saw the horrible sight say they never will forget it.

There are some men who expect to revolutionize the world in the near future whose wives have to take in sewing to keep them from starving. The man who gains success this day and time is not the fellow who is always going to do something great in the future, but is the man who grasps opportunities as they come and rides over obstacles as fast as they arise. He is a man who can see into a business proposition at a glance and act upon it. If he makes a mistake he does not sit up and grieve over it; he gets up and goes about his business, and profits by his mistake.—Hartshorne Sun.

Bronchitis for Twenty Years.
Mrs. Minerva Smith of Danville, Ill., writes: "I had bronchitis for twenty years, and never got relief until I used Foley's Honey and Tar, which is a sure cure." Bonner & Bonner.

Two Bottles Cured Him.
"I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Bonner & Bonner.

Except every man to do his duty—then expect to be disappointed.

Won't Follow Advice After Paying for It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Liver Tablets, should be employed. Their use is not followed by constipation, as they leave the bowels in a natural and healthy condition. For sale by City Drug Store and F. J. Ramsey.

BLOCKED WITH DEAD FISH.

Remarkable Condition, Which Threatens Serious Consequences.

New Orleans, La., July 7.—Harvey canal, extending from the Mississippi river, just above the city, to Barataria bay, is blocked with dead fish. It is the strangest fish phenomenon ever witnessed in this section of the country. Countless millions of buffalo were driven into the canal by the backing of salt water before high winds and the tide, and they have died there.

The stench is something frightful. The Louisiana Cypress Lumber company's mills have closed down because the men can not work in the horrible odor, and navigation in the canal stopped today.

Residents of that section are fleeing the country and coming to this side of the river.

Today an army of negroes were employed to boom the fish on log rafts and then throw them out with pitchforks.

The State Board of Health has taken hold of the case, fearing that a pestilence will follow the plague of dead fish.

Business on Harvey's canal is entirely suspended.

PIMPLES

And other eruptions which mar the skin are more than a disfigurement and annoyance; they are a positive detriment to the business interests and social successes of the man they mark. Other things being equal, the man with a smooth skin and clear complexion will find it easier to get a good position or a good wife than the man whose face shows the impurity of his blood. That's the real point. The blood is bad. And for that very reason any treatment which is designed to cleanse the skin must cleanse the blood.

Dr. Pierce's Golden Medical Discovery cleanses the blood from the clogging impurities which breed and feed disease, and so cures pimples, boils, eczema, and other diseases which have their cause in impure blood.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains. You lose. Therefore, accept no substitute for "Golden Medical Discovery."

"I have used your 'Golden Medical Discovery' in a case of scrofula, and cured it," writes Mr. Wm. D. Shamblin of Remy, Cherokee Nation, Ind. Territory. "I took five bottles of it for my blood. I had ringworms on me and I would burn them off and they would come right back, and they were on me when I commenced using 'Golden Medical Discovery,' which took them away, and I haven't been bothered anymore."

Dear Sir: I wish to add my indorsement and recommendation to the merits of Dr. Caldwell's Syrup Pepsin. I have sold it as a druggist, and it always gives satisfaction, and my customers are loud in its praise. I unhesitatingly recommend Dr. Caldwell's Syrup Pepsin as a laxative and stomach remedy.
