DUEL WITH SIX-SHOOTERS.

After Both Had Fallen They Used Their Guns as Clubs.

Franklin, Tex., May 11.—A terrible tragedy occurred at the Lake picnic grounds late yesterday evening after the trains had left. A Mr. Hardin of Leon County became involved in a difficulty with Mr. Nat Holden of this place, and a desperate fight ensued at short range with six shooters. Hardin was shot twice through the body, and Holden was shot through the body, the ball, a large 45-caliber, passing through both lungs, and making its exit on the other side. After the men were both shot they grappled and used their weapons as clubs. Holden's face is bruised, and Hardin's head was badly beaten. Hardin was taken to Palestine. He is fatally injured and is reported dying this morning. Mr. Holden was brought to his home here last night in a buggy and the best medical skill was summoned, but there is no hope of his recovery. He is still alive, but can not survive long. Mr. Holden had a lemonade stand on the picnic grounds. Mr. Hardin is a son of Black Hardin, who was a very prominent figure in Leon County for many years. Holden has a wife and six children. He belongs to a prominent family in this county.

Fatally Stabbed With Scissors.

In Dallas yesterday, Giles McLean, a 16-year old negro boy, was stabbed with a pair of scissors while standing on Main street, about one block west of the Akard street crossing, and was dead in less than thirty minutes.

After being stabbed he ran west to Akard and fell unconscious on the corner. Before succumbing he told Assistant Attorney J. J. Collins that he had been stabbed by a negro boy who was about ten years old. McLean died at the city hall, where he had been taken for attention. The scissors had pierced the heart.

Detective Wood Ramsey arrested a little negro boy and placed him in the city prison. He also recovered from the yard, where they had been thrown, a pair of medium-sized scissors, to which still adhered pieces of flesh and clots of blood.

Kansas Falls in a Duel.

Fred Smith' son of ex-Judge Smith of Osborne county, Kansas, was shot and instantly killed at Cleo, O. T., last night. He began shooting up the town in a restaurant filled with women and children, and Cook Snoddy, who was eating his supper, pulled a gun. The duel was terrific but Smith fell from Snoddy's third shot.

CORN TOO DEAR.

No Profit in Making Starch With Corn Cornered.

Indianapolis, Ind., May 11.—Orders have been received at the twelve to fifteen factories of the National Starch Company including the factory in this city, to get ready to close down until the next corn market becomes settled again. The price of starch. It is said, has not kept pace with the price of corn, and there is no profit in buying corn at the present price to make into starch at the present price.

Mrs. Nation Free Again.

Wichita, Kan., May 11.—Mrs. Carrie Nation was released from the county jail tonight, her brother, J. V. Moore of Kansas City, having given a bond for her appearance. Judge Dale reduced the amount of the bond to \$100, and Mr. Moore satisfied it in cash. Mrs. Nation started earlier in the day to argue her situation with Judge Dale, but he would not listen to her and directed her to tell her troubles to the county officials.

In leaving the jail at 8 o'clock tonight she gave the officials a general roast. Her latest announcement is that she will enter a joint debate with Carl Browne of Coxe army fame, to supply her depleted financial resources.

Burned in Jail.

At South McAlester, Friday last, a young man named Vermil Hurley was arrested for disturbing the peace. He was locked up in the town jail, which is a wooden structure. Some time in the night the jail was discovered to be on fire. The alarm was given by the prisoner, who shouted loudly for help, but before assistance could be procured the building and the prisoner were both consumed. German Baiting.

Berlin, May 11.—The Cologne Gazette complains of what it calls a systematic German baiting by a section of the American press, and especially the New York Herald. After stating that the Herald's oft repeated tales of German acquisition of naval stations in various waters are calumnies, the Gazette says: "We know not what to think of such unquestionable conquest on the part of this part of the American press, which neglects its first duty of fostering friendliness between two closely related nations."
