THINK OF
OUR TEETH

Don't wait until a dental bill reminds you of neglect. A clean tooth might wear out if cannot decay. Many who look after their teeth constantly, fail in the selection of a proper brush. A brush to cleanse perfectly must have genuine bristles, stiff enough, long enough and so trimmed as to reach every nook and cranny. We pride ourselves on our tooth brushes. They are honest, practical ones. We look out for the little points that mean much in the saving. We don't recommend the cheaper brushes, but carry the better ones that will endure and do what they should while they last. We guarantee them not to lose bristles or wear down: if they do you get a new one for the asking.

LOCAL PRODUCE MARKET.

Eggs Continue High, Chickens a Drug and Turkeys in Demand.

Eggs are eggs and continue to be about as scarce as hen's teeth. Produce dealers report a general scarcity of a supply of hen fruit and the local dealers are selling the fruit at thirty cents per dozen with few to supply the demand at that price. The man that sits to his table in the mornfog with ham and eggs before him is enjoying a luxury that few can enjoy.

While eggs are high and scarce, chickens are a drug on the market and retail produce dealers are not caring whether they handle many or not. The retail price of chickens is around six cents per pound for any size, either the frying size or full grown hens.

Turkeys are meeting with a better demand than chickens, and although turkeys are not coming in any too plentiful at the present time they are selling around eight cents per pound retail.

No change in the price of good country butter which stays around one figure—25 cents per pound.

The best demand at this time presents for turkeys, with a good inquiry for eggs.

ELECTION OFFICIALS' PAY

The Question of Amount to be Paid up to the Department.

In reply to an inquiry made by Election Commissioner J. T. Burns of the third constitutional delegate district, as to when the election commissioners, who served in the recent constitutional convention election would receive pay for their services, Mr. Burns has received the following reply.

The inquiry was made of Chas. H. Filson, secretary of Oklahoma. It was brought about by repeated questions on the part of those who acted as election commissioners as to when they would receive their pay and whether they would be paid for two days work or only one. The officers are allowed $3 per day for their services. Under the Oklahoma law eight hours is a working day. As the election officers began their work at 6 o'clock in the morning and did not complete their work until 9 o'clock at night. It is the opinion that they will receive pay for two days' work. Mr. Filson's letter, which is self-explanatory, does not throw any light upon the subject.

Dec. 5, 1906.

Mr. J. T. Burns, Ardmore, I. T.

Dear Sir—The pay of Election officers was referred to the Treasury Department for instructions whether I should pay for one or two days. I wrote for instructions Nov. 14th, and have received no reply yet. Immediately upon receipt of same, checks will be mailed.

Very respectfully,
CHAS. H. FILSON,
Secretary of Oklahoma.

COUNTERFEITERS OUTFIT FOUND

In a Car of Seed Shipped From Marietta.

In a car of cotton seed received at the Ardmore Cotton Oil Mills from Marietta was found a counterfeiters outfit for making half dollars. The molds were constructed of plaster of paris with a crude wooden frame. While the outward appearance of the mold was crude on a close inspection it was found that a good imitation half dollar could be made. Several pieces of metal were found near the molds in the car.

General Manager Geo. Dashner has the molds in his possession and will turn them over to the marhal's office today.

SEEK ARDMORE ADVICE.

Oolagah Seeks Advice as to Issuing School Bonds.

A letter from citizens of Oolagah, I. T., a small town in the Creek nation, near Claremore, asking the opinion of the Ardmore Commercial club on the advisability of issuing bonds for school purposes has been received by that body. The letter is from the citizens of that town, who want to see their town in a progressive state. In answer to their communication they were advised to issue the necessary bonds. The commercial club has received numerous such letters from towns in the territory and in each case they have been given the same advice. The club thinks that in improving its school facilities, a town takes a progressive step, and advises all small towns, where there is no tax for public school purposes to issue bonds. The rate is cheap, and the issuance of the bonds can be made at a small cost to the citizenship.

Beautiful and useful Christmas presents at the Y. M. C. A. Bazaar, Dec. 14 and 15. 6-6

ATHLETICS ASSOCIATI[illegible]

Will Work in Conjunction with Y. M. C. A.

A membership was circulated today afternoon among the men and business men of the c[illegible] join the Ardmore Athletic associ[illegible] an organization which has r[illegible] been perfected in the eas[illegible] Association promises to be a great [illegible] for the young men of Ardmore, being readily joined by a num[illegible] business men of the city who [illegible] placed their names upon the list [illegible] members. The initiation fee is [illegible] while the membership fee will [illegible] fifty cents per month. The initia[illegible] fee will not be collected until [illegible] members have been secured. When [illegible]nds is done a meeting will be called [illegible] and officers elected. With fifty members the association will have $2[illegible] in the treasury with which to open their headquarters.

The new association has taken charge of the Ardmore Athletic football team, the former Manager W. C. Dewitt, resigning, and will match future games for the season. A game has been matched with Purcell to be played here Monday. Also one is on foot for Christmas day with Durant, to be played in the city.

Besides indulging in sports of all kinds and maintaining football and baseball teams, the association will fit up a neat gymnasium. They have practically secured the rental lease on five rooms in a suitable building on Main street, where they will maintain club rooms.

The association is to work in harmony with the Yung Men's Christian association movement and to lend its aid to this movement.

When the Young Men's Christian association is organized here, the Athletic association will join it as a body and donate their club rooms' fixtures and athletic goods to the association. However, it may be a year before the Y. M. C. A. is organized and in the meantime the Athletic association will maintain a place for the young men to spend their unemployed hours.

Ladies Free, Opera House Tonight.
