## Halls Ferry News

(Capital Journal Special Service)  
Halls Ferry, Feb. 22.—The people of Halls Ferry are enthusiastically congratulating themselves in having attained a school district, same having been recently granted; it was sorely needed as many children in the immediate vicinity have long been deprived of the necessary schooling which each and every child is rightly entitled to. We are strong up this way now for his honor, Judge Bushey.

Notices have been posted calling a school meeting of the above mentioned district, same to be known as district 158, Halls Ferry, said meeting to be held Feb. 26th, Monday, 2 p. m., this meeting is to be held in the old "Clint Budd" house, at Halls Ferry station. It is an interesting bit of history worthy of note, that this, the first meeting of the new district should be held at the old residence of this good old pioneer citizen. He being among the first of the few to settle in this section, now resting in his last long sleep with the people of yesterday, and the new generation, the people of today, can but honor him and pay tribute to his earlier claims.

The Buffon Brothers of Halls Ferry have the contract of furnishing the timbers for the new club house, to be built soon at the golf links, which is to be constructed of logs of generous dimensions and two stories, the prints show an up to date building and very picturesque. A lot of interesting improvements are coming out "River Side Drive" towards Halls Ferry, and rumor has it we are soon to have a new store building.

We are glad to congratulate our neighbors at Livelyes station on the good gravel road that is being put in from Livelyes station to the golf links same being constructed and donated by the T. A. Livelyes Co. We only wish we also had a few that were more progressive.

The ladies of Halls Ferry and vicinity have recently organized an afternoon club, known as the "Recreation Club," reading, music, literature, fancy work and a general social help to each other.

is its aim, they extend a cordial invitation to all neighborhood ladies to meet with them. Meetings to be held twice each month on each alternate Wednesday.

Mrs. David Mathes, living on the Halls Ferry farm, has as her house guests her brother and wife, Mr. and Mrs. Coleman of Nebraska, they are greatly pleased with our mild, delightful climate.

George Buffon, who has recently purchased a ten acre tract of land on the Riverview Land Co., near Halls Ferry, has a crew of men at work clearing ground and expects to begin building soon.

William Snyder an old settler of pioneer times, has sold his homestead to Mr. and Mrs. C. W. Schwab, new comers from Nebraska, vacating premises and buying smaller acreage of the Riverview Land Co., and building a neat bungalow.

Jimmie Scanlon one of our prominent citizens of Halls Ferry, a bachelor yet one of the strongest advocates of the new school district we have, is constantly making improvements on his farm.

W. H. Buffon who has recently purchased a twelve acre tract of beaver dam land of the Riverview Land Co., is clearing same, with view of going into the onion business on an extensive scale, with the high cost of living and the much heretofore despised onion soaring into the class of luxuries, it looks as though Mr. Buffon had the right "view."

B. A. Cain, one of our new citizens, recently from Monroe, Oregon, who also has purchased a tract of land, is raising "cain" in the timber by extensive clearing.

Miss Schwab with her younger sister, Miss Laura, who is attending high school in Salem, are week end visitors at the home of their parents, Mr. and Mrs. C. W. Schwab.

Mrs. L. M. Laufford of Riverside Park farm at Halls Ferry, one of the most progressive of our farmers, has been making additional improvements, building a strong granary, capacity of 2000 bushels, and an up to date poultry house, on Whitmore was the architect.

## Rickey News

(Capital Journal Special Service)  
Rickey, Feb. 23.—Mrs. Grim spent the week end in Salem with her daughter, Mrs. J. Howard.

Mrs. E. Bacon of Tillamook is the house guest of her mother, Mrs. Chas. Smith, for a few days.

W. Perry returned home the first of the week from Camas, Wash.

Miss Bertha Baker and Mrs. Ada Dixon attended the military opening in Portland last week.

The Independence business men gave a banquet at the Hotel Beaver Wednesday evening.

John Cooper, Jr., was a Portland visitor last week.

Sim Bush has accepted a position in the Conkey and Walker grocery store, young student mechanics.

Little Russell Buetler, of the fifth grade, has made a neat wooden box for holding the school wood.

Mrs. David Mills and daughter Lenta have returned to their home near Shaw.

Our rural mail carrier, D. L. Fisher, gets in on all four wheels all along the route even these snowy and rainy days. We could hardly get along without Fisher.

They could have divided the school fund with "the church" thus relieving the state of some of the responsibilities of public education. This would have been in line with this sectarian business the late legislature distinguished itself for.

Miss Esther Bowers is housekeeper and caretaker in the family of Mrs. Gleason on Eighteenth street, Salem.

## Fruitland News

(Capital Journal Special Service)  
Fruitland, Ore., Feb. 23.—At the special school meeting held Friday, the 16th, P. J. Egler was elected to fill out the unexpired term of M. M. Ransom, who was a member of the school board, but who had removed from the district.

E. J. Mills is rapidly recovering from his two weeks' siege of measles. The Jackson family is also much improved. Now that they have finished up the business at the state house let us all sing Gloria in Excelsis.

This week our school is being visited by Miss Richmond and Miss Sullivan of the state normal at Monmouth. These young ladies speak in high praise of the Fruitland school.

Wonder how Representative Tibbenor felt when Mr. Thompson impainted that magic circle with a draw string on his blushing cheek? Is that not to form a precedent to be followed in future assemblies?

A short while ago H. C. Todd, our teacher, took some of the pupils of the sixth, seventh and eighth grades to Salem to see the legislature perform. He then chaperoned them to a photo studio and had their pictures taken in a group. And this all at his own expense. Mr. Todd has endeared himself to all his students and will be long remembered by them for his many kindnesses.

In its practical operation that surgical bill might come under the head of cruelty to animals. The humane society's attention is called to this.

Ernest Bennett and Harold Lattin have made a nice dresser or commode to hold the lunch pails of the pupils at school. It is a nice piece of work prettily stained to show the grain of the wood and reflects credit on the these

## Independence News

(Capital Journal Special Service)  
Independence, Feb. 23.—Dr. C. F. Cropp spent Sunday in Portland.

Mrs. J. B. Thompson of Albany is the guest of her brother, Moss Walker, for a few days.

Miss Perle Perival returned home from Portland Tuesday, after spending a week there studying the latest styles in spring millinery.

Mrs. M. B. Bane returned home from Portland Wednesday after attending the millinery openings there.

Mrs. E. Bacon of Tillamook is the house guest of her mother, Mrs. Chas. Smith, for a few days.

W. Perry returned home the first of the week from Camas, Wash.

Miss Bertha Baker and Mrs. Ada Dixon attended the military opening in Portland last week.

The Independence business men gave a banquet at the Hotel Beaver Wednesday evening.

John Cooper, Jr., was a Portland visitor last week.

Sim Bush has accepted a position in the Conkey and Walker grocery store, young student mechanics.

Little Russell Buetler, of the fifth grade, has made a neat wooden box for holding the school wood.

Mrs. David Mills and daughter Lenta have returned to their home near Shaw.

Our rural mail carrier, D. L. Fisher, gets in on all four wheels all along the route even these snowy and rainy days. We could hardly get along without Fisher.

They could have divided the school fund with "the church" thus relieving the state of some of the responsibilities of public education. This would have been in line with this sectarian business the late legislature distinguished itself for.

Miss Esther Bowers is housekeeper and caretaker in the family of Mrs. Gleason on Eighteenth street, Salem.

## State House News

Governor Withycombe this morning signed house bill 550, which is the road bond bill introduced by Representative Schimpff. All the bills are now signed by the governor. There was only one veto made, and that was house bill 415, which provided for putting county roads within the limits of St. Helens under the jurisdiction of the city.

Harvey Wells, insurance commissioner, is in Portland on business connected with the office. He is expected back next Monday.

As a result of an extended writup in the Engineering News, of New York City, of the highway department's little bridge manual, which was published in December, the department has been receiving calls from every nook and cranny of the United States for copies. Requests have been received from Philadelphia, New York City, Ohio, Illinois, Arizona, Texas, West Virginia, Quebec, Canada, and Boston, Mass.

Articles of incorporation were filed this morning by the Valentine Manufacturing company of Portland to deal in wooden toys and novelties. The capital is given as \$30,000 and the incorporators John L. Valentine, T. R. Conlon, Maurice W. Seitz.

The American Bgonze and Brass Works filed with a capital of 110,000 for establishing a general foundry. The incorporators were Robert Gray, Matthew Campbell and D. A. Schindler. The place of business is Portland.

Supplementary articles of incorporation changing the name of the Fourth Street Store, Portland, to "Levitts," was filed. Also supplementary articles by the Portland Motor Car company, extending the powers of the corporation to the building and owning of warehouses.

## PRODUCE PRICES HIGHER

Portland, Ore., Feb. 23.—With the outside demand still active and the weather unsettled, the egg market was firm yesterday and about half a cent higher. Sales were reported on the street at 32 1/2 and 33 cents, case count.

Butter was very firm and sub extras were quoted up to 39 cents. City prints were out at the new advance price of 42 cents in plain wrappers.

The poultry market is in a very firm position and is likely to continue so, as flocks in the country are known to be much reduced, owing to the high cost of feed. A local dealer's circular says:

"We advise all poultry people to produce just as much as possible this spring for stocks have (all over the United States) been greatly depleted. Prices will surely be high and we should meet the situation. Eggs will also be high and all pullets should be saved from slaughter."

Hens and spring roosters were quoted

**CLIP THIS AND PUT ON WIFE'S DRESSER**

**Warns Women Against Cutting Corns and Says They Lift Right Out**

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called trozoine applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of trozoine, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is gummy but it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

## THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Hay has taken a tumble in price, according to market quotations this morning. Butterfat and butter hold steady in price, country butter selling for forty cents. Eggs are on the raise, with indications of further advances if the cold snap continues.

Smelt is coming into the market in quite large quantities, and prices are going down.
