TO RUN BETWEEN SALEM AND INDEPENDENCE

(Independence Enterprise.)
 Wm. Ball is building a boat to be run on the Willamette river between this city and Salem for the exclusive accommodation of passengers and light freight. Mr. Ball expects to have the boat in operation before June 1st, next. It will be a double deck vessel propelled by a 40-horse power gasoline engine, which has already been purchased, and will be shipped to Independence soon.

Mr. Ball recently passed the required examination before the examining board of engineers at Portland and is licensed to operate the new craft as soon as it can be finished and launched. It is his intention to give the travelling public the best service that has ever been given on the Willamette river between here and Salem, and the boat will probably make at least three trips daily each way.

This new enterprise means a great deal to the people of Independence and tributary towns and the proprietor should not only receive the hearty encouragement of Independence people, but he should also receive their support.

To equip the boat as he intends, will mean an expenditure of considerable money and it is deserving of all possible encouragement. Mr. Ball will make every effort to meet the demands of the travelling public and the boat will be provided with all the requisites for comfort.

WHAT IS DOING AT THE VARSITY

The tennis enthusiasts of the university met some time ago and elected Neal Zimmerman manager and Paul Homan president of the tennis association. There is a great deal of interest being shown in the 'varsity regarding tennis, and just as soon as the baseball diamond and the track is completed the students will place three courts upon the campus, two near the gymnasium and one near the young ladies' hall. The colleges all over the Northwest are organizing teams and match games will be played. It is probable that Willamette will have two or three games, and practice will commence just as soon as the weather affords.

A meeting of the men of the university was called after chapel yesterday morning, and Manager Schreiber, of the track team, spoke earnestly to the students regarding the importance of hastening the work on the track so the men could be out training when the weather permitted. There will probably be a field meet some time during the last of April, and it is very important that the team be working at the earliest possible date. Material is abundant this year, and Willamette should win from all non-conference colleges. Captain Oakes, of the baseball team, spoke in the same strain regarding the baseball diamond, but he also said that they should both be finished before practice began on either one. The baseball prospects are brighter than the track, and many victories are expected. Several games have been scheduled, the earliest one to be April 16. Dr. Sweetland concluded with the assurance that the work would be completed this week if the students turned out to work as they should.

The banquet of the W. U. glee club will occur tonight at 9 o'clock in the Hotel Marion. The songsters anticipate a splendid time. Dean Mendenhall, of the College of Music, will be present, and, as the professor is noted for his wit and humor, his presence will greatly enhance the enjoyment of the evening. Peter Pfaff will be toastmaster.

The party given by the Willamette freshmen to the seniors of the Salem high school Saturday evening has been the subject of much discussion around the university. The seniors thoroughly enjoyed themselves, because of the excellent manner in which it was carried on. The party is important, because of the influence the acquaintance and hospitality of the freshmen students will wield in bringing the high school graduates to the 'varsity next year.

THE REAL TEST

Of Herpicide Is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigor may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair? No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from when the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. J. C. Perry, Druggist.

ECZEMA CURE A BEAUTY WASH

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

THE SWINE OR THE FLOWER?

Ah me! I saw a huge and loathsome sty, wherein a drove of wallowing swine were barred, whose banquet shocked the nostril and the eye; Then spoke a voice, "Behold the source of lard!" I fled, and saw a field that seemed at first One glistening mass of roses pure and white, With dewy buds 'mid dark green foliage nursed; And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene, Whispered, "Behold the source of COTTOLENE!"

THE SHOP OF THE FINE ARTS AND INDUSTRIES

This shop in Portland, on the corner of Seventh St. and Salmon is one of the most interesting I've ever seen in any city. It is one of the landmarks—one of the oldest houses in the city, consequently it comes as a surprise when one is looking for an art shop and the salesrooms of the Arts and Crafts Society, to find one's self entering a little quaint old house with an old brass knocker on the door. Within it is all artistic beauty—gives one the feeling of the Empire Colonial period. Fine old pieces of mahogany—tables, high boys, serving tables, an old clock, fine reproduction of some of the old masters, mezzos-tints in quaint old frames, fine old silver and crystal, in fact the many things that go to make an art shop interesting, but so cleverly arranged here, that, as I said, you feel you are back in the old colonial days—the empire period, which was the finest and best of the colonial period. This shop was the home of the late Mrs. Hugh Hume, a woman devoted to fine things. She made a trip East in the early spring of 1908, and arranged for work to be sent here for a large arts and crafts exhibition. This was held in the arts museum of Portland, and what was left over from this exhibition was taken to Mrs. Hume's home, the present little shop. Mrs. Charles E. Curry returned from Europe that spring, and those two women, Mrs. Hume and Mrs. Curry, established in the little old home the salesrooms of the Arts and Crafts Society, and, from the small beginning, has grown the present art shop, which today occupies the whole house. Mrs. Hume was a sister of George DeForest Brush, one of the most celebrated American portrait painters, and he was living in Florence, Italy, at the time Mrs. Hume opened her little shop. He selected and bought for her most of the rare and beautiful bric-a-brac, pictures, etc. This shop is the only one west of Denver that carries the handsome silver of the Boston Crafters. The beautiful silver service that was presented to the Rev. and Mrs. A. A. Morrison, of Trinity church, on their 25th anniversary was purchased from this little craft shop. Here, too, you can find those beautiful embroideries and drawn work on Russian linen, brought to this country by Mde. de Blumenthal and the German and Japanese cross-stitch embroideries, that are so very beautiful in coloring and design. Since Mrs. Hume's death, in May, 1910, Mrs. Curry has carried on the business. She has associated with her Miss Jones, a very capable assistant. From March 10 to 25, there will be a very important exhibition of English mezzotints and the Herter loom textiles in the shop, to which every one interested in fine art and the art and crafts industries will be most cordially welcomed. The exhibition is free. Mrs. Doolittle, of Salem, will have her studio for exclusive interior decorating and house furnishing with Mrs. Curry in the shop of the Arts and Crafts society, at 225 Seventh street, Portland.

Not a Word of Scandal Marred the call of a neighbor on Mrs. W. P. Spough, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy but sure remedy for stomach, liver and kidney trouble. Only 25c at J. C. Perry's.

SEATTLE'S ELECTION IS RED HOT

ISSUE SQUARELY DRAWN WITH THE STAND-PAT CANDIDATES ARRAYS AGAINST LIKE NUMBER OF REFORMERS.

(UNITED PRESS LEASED WIRE.)
 Seattle, Wash., March 7.—Out of 18 candidates Seattle voters will today elect the nine members of the city council, and a bitter fight is on. Arrayed against an even line of the reform candidates are nine stand-patters, most of them prominent in the present council. The former have the support of two of the local newspapers.

A hot fight is being made on the election of Joe Smith, an insurgent newspaper man, who was nominated in the primaries without making a speech or spending a dollar for advertising. He was Mayor Dilling's private secretary.

The people will also vote on an \$300,000 bond issue today for a municipal trolley system. The Seattle Electric company, monopolists of Seattle's traction system, is making a warm campaign against the measure.

Although the weather is disagreeable, many women were on hand to cast their ballots when the polls opened.

CUT OUT SALOON LICENSES NOW HAS NO STREET LIGHTS

(UNITED PRESS LEASED WIRE.)
 Everett, Wash., March 7.—Because the city must worry along without \$70,000 usually received from liquor license fees, there will be no street lights, no health officer, no sealer of weights and measures, and a big reduction in the police force. There is no law that will permit taxing the people to meet these expenses, and since Everett has gone dry, the radical cuts in the budget were made at a council meeting last night.

ASTORIA ELECTS EXPOSITION OFFICERS

Astoria, Or., March 7.—The Centennial committee perfected its permanent organization at a meeting held yesterday afternoon by the election of officers as follows:

Mayor H. D. Henderson, president; Judge F. J. Taylor, vice-president; B. F. Crawshaw, secretary; C. R. Higgins, treasurer.

Web Holmes Was In It

On Friday of last week while Dell B. Scully, of Portland, Webster Holmes, Wm. Stephens and Mr. Armbruster were driving to Nehalem, a tug broke while they were on a steep hill just on the other side of Bay City, letting the tongue of the rig down and causing the horses to run. The horses ran to the bottom of the hill where the rig upset. All the parties received a severe jolting, but no one was seriously injured. Mr. Scully received a severe wrench in the back, which caused him to walk on crutches for a few days, but he is recovering rapidly.—Tillamook Herald.

ONTARIO MAY VOTE AGAINST RECIPROCITY

(UNITED PRESS LEASED WIRE.)
 Toronto, Ont., March 7.—Sir James Whitney, premier of Ontario, gave notice yesterday that he would move an anti-reciprocity resolution in the Ontario legislature Wednesday or Thursday. The resolution recites that the interests of the province would be injuriously affected should the reciprocity agreement become operative. It is pointed out that the agreement would result in commercial union with the United States, would weaken Canada's position and influence as a unit in the British empire, and would foster a union with the United States.

Another Coaster.

The Potter Realty company have awarded to Joseph Supple, the Portland ship builder, a contract for the construction of an elegant gasoline passenger boat for the Portland-Bay-ocean run. The new vessel will be 150 feet long, 20 feet beam and seven feet draught. She will have triple engines, accommodations for 150 passengers and a speed of 18 miles per hour.—Bay City News.
