BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowels complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lacy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

GUILTY IS VERDICT FOR VICTOR BERGER

CHICAGO, Jan. 9.—Victor L. Berger, Socialist representative-elect from Milwaukee and four co-defendants were found guilty today by a jury in the federal court of violation of the espionage act, through conspiracy to obstruct the government's war program. Those found guilty with Berger were Rev. Irwin St. John Tucker, W. P. Kruse, J. Louis Emsdahl and Adolph Germer. The jury was out six hours.

Adolph Germer, national secretary of the Socialist party and one time leader of the union coal miners of Illinois. He is a native of East Prussia.

Irwin St. John Tucker, active in spreading Socialism in American universities, pacifist, pamphleteer and speaker.

J. Louis Emsdahl, editor of the American Socialist and candidate for numerous offices on the socialist ticket.

William P. Kruse, peace speaker and secretary of the Young People's Socialist League.

The jury was out six hours. The conviction subjects the men to a penalty of from one to 10 years in prison on each count. Fines of from \$1000 to \$2000 also may be imposed.

Attorneys for the Socialists made a motion for a new trial, which Judge Mountain Landis said he would hear January 20. Sentence will probably be delayed until after this hearing.

British Submarine First to Cross Ocean

LONDON, Jan. 10.—A British, not a German submarine, was the first to cross the ocean. Though the British subs. were escorted. The Daily Mail now reveals the "war secret" that six British subs of the H class, constructed in Canada in 1915, left Halifax July 22, 1915, under escort of H. M. S. Carnarvon and two colliers, in rough weather and arrived safe in England Aug. 4.

Women of Britain Wrest Toy Making From Hun

(By United Press.)
LONDON, Dec. 14.—(By Mail.)—Wanted: Work for 500,000 women. The number of women who will be thrown out of work by the ending of the war is not so great as is imagined. About one and a half million extra women have been employed in the United Kingdom since July, 1914, but the number of killed and disabled men amounts to about one million. Therefore there remain 500,000 women workers who will be displaced.

Their displacement will come gradually and they will not be thrown on the labor market at once, for 1-3 of the increase in women's labor consists of dilutees. Until the men come back they will remain at their jobs.

In the meantime many new spheres have sprung up for women. They will continue making tools and machinery, they will be employed in subsidiary shipbuilding industries, they will do their share in the chemical trades; and also, there are two quite new branches of work open to women of the United Kingdom—the manufacture of pianos and toys, both of which industries are being wrested from the hands of the Hun.

PRINCE SELLS OUT FOR COOL MILLION

BERNE, Jan. 10.—When the reigning Duke Bernard of the Duchy of Saxe-Meiningen abdicated at the request of the representatives of the Council of Workmen and Soldiers, he refused to have his sons sign away his rights of accession.

The council, finally agreed to grant him a million dollars if all rights to his succession were renounced.

German Sailor Tells How It All Happened

LONDON, Dec. 17.—(By Mail.)
—In the cupboard of one of the surrendered U-boats was found the following letter, written by one of the crew, and addressed "To my British brother if he cares to read it."

"Germany would have stood up another year without Austria, Bulgaria and Turkey helping her.

"That is the point. The German people had more patriotism, but real patriotism was lacking in the leading classes. They made it their point to reap fortunes. No matter which way the Fatherland was drifting, they didn't care how much the lower classes were suffering under the hands of war.

"The rich were sponging all the money they could out of the people like you would squeeze an orange. No wonder the poor working men and soldiers were thinking at least I don't care whether I become a French, British or American subject, so long as I get a little better than this. All at once came the breakdown. Soldiers refused to do their duty, first a few, then more and more, and at the same time the whole fleet!"

STILL DENIES HE MURDERED HIS WIFE

OLYMPIA, Jan. 9.—N. E. Burnett, ship caulker, held in connection with the murder of his wife and two sons on his way to sea, still denies knowledge of the affair, according to the police.

Different stories are told by Burnett, say the police. The general trend of these, however, is that he left his wife and two children near Hawks Prairie, where he put them in an auto for Olympia, and then departed to pick flowers.

A sister of Mrs. Burnett was murdered by her husband in San Francisco several years ago, police say.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

SAVE YOUR HAIR! DOUBLE ITS BEAUTY IN A FEW MOMENTS—TRY THIS!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its life, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flinch, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

IF HAIR IS TURNING GRAY, USE SAGE TEA

HERE'S GRANDMOTHER'S RECIPE TO DARKEN AND BEAUTIFY FADED HAIR.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

STAYS WE MUST KEEP FEET DRY, AVOID EXPOSURE AND EAT LESS MEAT

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast to stimulate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.
