All Salem and Oregon as well may be justly proud of Colonel J. H. Cradlebaugh, who has written his way into many hearts, in a little book of verse just off the press. There are dainty bits of hitting melody, winking imagery and word pictures that make a singular appeal to all lovers of the beautiful.

MUSIC CHRISTMAS DAY OF VERY HIGH ORDER

Twenty-One Voices in Choir Sing High Mass at St. Joseph's Church, and Result Is Very Pleasing.

The feast of Christmas was celebrated with unusual pomp and ceremony in St. Joseph's church, and the seven masses celebrated were attended by large crowds. At the first mass, which was celebrated at 6 o'clock the Sacred Heart academy choir rendered appropriate music. Especially worthy of mention was the solo work of Miss Marie Campbell, who possesses a voice of much power and range. The singing of the last mass, at 10:30, which was a solemn high mass, was of a very high order. The large choir of 21 voices, under the direction of Dan Langenberg sang Loesch's Mass in F, which is very difficult to render. The work done by the choir not only reflects credit upon the leader Mr. Langenberg, who was tireless in his efforts, but also upon each member and manifests a deep interest and enthusiasm in the work.

The offertory, "Adeste Fideles," was sung as a duet by Miss Lizzie Petzel and Martin Petzel, with choir choruses, and was well rendered. Mrs. Jack Cooper deserves special mention in her rendition of Adams' Noel. Mrs. Cooper possesses a lyric voice which is well balanced, and has an especial fitness for church singing. Mrs. Cooper and the choir both deserve the many words of congratulation expressed by those present at mass. The following is a list of those who compose St. Joseph's choir: Sopranos, Mrs. Cooper, Mrs. Albrich, Mrs. Goodnough; Mrs. Petzel, Mrs. Thompson; Mrs. M. Pruitt, Mrs. Shiff; altos, Mrs. Zinn, Heenan, Miss Petzel; tenors, Messrs. Domagolla, Krebs; basses, Messrs. Petzel, Phillips, Payen, Wentroth, Demagolla.

GRANGERS WOULD PUT STOP TO BIG ABUSE

Declaring that it had been clearly demonstrated that advantage has been taken of the initiative and referendum laws, that they have been abused in the past, and that they ought to be amended so as to prevent this in the future, an executive committee of the Pomona grange, of Lane county, has written state officials suggesting a number of amendments, and inviting the opinion on them.

To begin with, it is suggested by the committee that the law be so amended as to prohibit paid circulators, and make a violation of it a criminal offense. It is also proposed to amend the feature of the law relating to the number of signers necessary for initiative and referendum petitions. No initiative petition ought to bear less than 5 per cent of the registered voters of the whole state, and no referendum petition less than 5 per cent, it declared. It is further declared that the signatures in both cases should represent 50 per cent of the counties in the state. The committee consists of Colonel W. G. C. Mercer, Representative C. J. Hard and A. E. Bond.

MICHIGAN CENTRAL'S OLD DEPOT COMPLETELY BURNED

Detroit, Mich., Dec. 27.—The Michigan Central's station here completely burned yesterday afternoon with \$200,000 loss. Several firemen were overcome by smoke, but not fatally injured. The Wayne hotel, across the street from the burning station, was so seriously threatened for a time that it was cleared of guests.

The station's loss will not greatly inconvenience the railroad, as it had nearly finished work on a new \$3,000,000 structure, and the transfer to it will simply be hastened by a fortnight.

ROYAL

The Standard for Baking Powders the World Over is an Absolutely Pure, Cream of Tartar Baking Powder

CREAM OF TARTAR is the crystallized acid of grapes refined to absolute purity and ground to a creamy flour. It is declared by physicians the most wholesome of all fruit acids, and has been proved by long and universal experience the most efficient and satisfactory for baking purposes.

Highly refined products of the grape, properly combined with bicarbonate of soda and a little corn starch to absorb atmospheric moisture, are the sole ingredients of the ideal, high-class, standard baking powder.

Many acids have been tried during the last hundred years to find a substitute for the grape cream of tartar which would cost less. In recent years alum, which makes a baking powder at a cost of two cents a pound, has been used because of its trifling cost. Alum, however, has been disapproved by scientific chemists and physicians and is not employed by manufacturers of high-class powders.

Cream of tartar powders being healthful themselves, add to the healthfulness of the food.

Memorial hall Sunday at 4 o'clock; also other speakers. A welcome to all.

MAINTENANCE COST TO BE MUCH INCREASED

Superintendent Steiner, of the state insane asylum, announced yesterday that should Labor Commissioner Hoff's contention that all employees of state institutions come within the application of the eight-hour law, as interpreted in the recent decision of the supreme court, the additional maintenance expense annually of that institution would be \$65,400. It, however, is the belief of men who have studied the opinion that it applies only to persons performing manual labor, classified as firemen, stablemen, teamsters, poultrymen, apprentice engineers, dairymen and farm hands. If their interpretation is correct the additional expense hardly would be sufficient for the creating of deficiencies for any of the state institutions, but if Mr. Hoff's should be sustained deficiencies would have to be created for all of them, making an added expense of several hundred thousand dollars annually. Should the opinion apply to all employees of the asylum, Dr. Steiner says 65 additional attendants at salaries of \$40 a month would be necessary. He says that 25 other employees would be added to the payroll, the total number increasing the monthly board bill \$1500. Upon the return of Governor West and Secretary of State Olcott to the city the board of control will decide what action is to be taken.

TWO MEN HELD BY MEXICANS FOR RANSOM ARE RELEASED

Washington, Dec. 27.—Dispatches received yesterday afternoon at the state department reported that W. H. Windham, of Pasadena, Cal., and J. B. Dunn, another American, who were held at Quimichis ranch, in Mexico, for \$5000 ransom, have been released by their captors without payment of the money demanded. No further details were given. The German cruiser Nuernberg and the American cruiser Pittsburg arrived yesterday at Mazatlan, on the west coast of Mexico.

SPORTS

JOE TINKER FAVORABLE TO FEDERAL PROPOSITION

[UNITED PRESS LEASED WIRE.]
Chicago, Dec. 27.—Joe Tinker, former manager of the Cincinnati team, and President Gilmore, of the Federal league held a conference Friday afternoon with reference to bringing Tinker into the new league. According to Tinker, the conference was without result excepting that they agreed to continue negotiations tomorrow or Monday. Neither party to the meeting would divulge the terms, which were considered. Followers of the game asserted that Gilmore at the least must outbid Brooklyn, despite Tinker's preference to remain in Chicago.

Tinker refused last night to confirm or deny the report that he had been offered \$36,000 for three years in the Federal league. In discussing the affair, he commented, however, that he could not ask that much money in three years in the National League.

"There is money behind this Federal League," said Tinker, "and the proposition they made me is a good one. I know I can make more money than if I stayed in organized ball. They have offered me some stock on which I now

have an option and if arrangements can be made I will take it the same as Chance did his. He was given 10 shares and paid for it out of his dividends."

If Tinker signs with the Federals, he may be enjoined by Charles Ebbetts, of Brooklyn, according to Charles W. Murphy, president of the Chicago club. Murphy declared today that the reserve clause in a player's contract would be made the basis of an injunction suit that would probably prohibit the player being used by the Federal League.
