GAYNOR'S FUNERAL SERVICES SIMPLE

New York.—At the request of his widow, who said she knew he would have wished it so, the funeral of Mayor William J. Gaynor, who died at sea, will be marked by simplicity, without orchestra, or band music or military pomp. The funeral service will be held September 21 in Old Trinity church.

At Mrs. Gaynor's request the only escort of the mayor's body will be mounted policemen. There will be no military accompaniment. Though numerous orchestras have volunteered to play the funeral music, Mrs. Gaynor asked that only the regular choir of Old Trinity sing. She asked that Gounod's "Ave Maria" be sung, because, she said, it was one of her husband's favorites, and she often sang it for him.

Mayor Gaynor was voyaging over sea on the steamer Baltic in the hope of regaining his strength to enter the three-cornered municipal campaign as a candidate for re-election, when he died suddenly on the Baltic as the steamer was within a few hundred miles of the Irish coast.

Editor Held In Contempt

South Bend, Wash.—Edward H. Wright, Judge of the Superior Court for Pacific county, has found F. A. Hazeltine, editor of the South Bend Journal, guilty of contempt of court and has imposed a fine of \$36 for publishing facts about and making comments on a criminal case pending in that court in violation of Rule VII of the court, adopted August 2.

WILLIAM J. GAYNOR

William J. Gaynor, late Mayor of New York, who died suddenly at sea while on his way to Europe.

THAW APPLIES TO COURT

Writ is intended as Check on New Hampshire Governor.

Colebrook, N. H.—The perpetually recurring writ of habeas corpus which so often entered the career of Harry K. Thaw since his incarceration in Matteawan as the insane slayer of Stanford White cropped up again in his fight to resist extradition from New Hampshire after his unexpected deportation from the Dominion of Canada. This time and for the first time in the history of Thaw's efforts to regain his liberty the writ was issued by a federal court.

United States Judge Aldrich in the district of New Hampshire granted the application of three of the Thaw lawyers, Martin, Shurtleff and Olmstead. William Travers Jerome, specially deputed to bring Thaw back to the asylum, heard the news with ill grace and characterized the move as one of bad faith.

Inspectors Start Crusade. St. Maries.—George Robinson and A. H. Wilson, deputy state food and sanitary inspectors, have been in town examining the restaurants, stores, dairies and other establishments relative to sanitary conditions; also examining the weights and measures and labeling of goods.

Bovill Man and Wife Arrested. Moscow.—Matt McGaffney and his wife, Bertha, were brought here from Bovill and lodged in the county jail charged with having maintained a common nuisance, and otherwise disposing of liquor without a license.

MALHEUR COUNTY FAIR GREATEST EVER HELD

Opening Day Attendance Is Greater Than Any Previous Fair

The opening day of the fair found the spaces devoted to the sheep and cattle, hogs and horses too small for the number of animals on hand. The additional number of dairy herds speaks volumes for the way the people of this county are going into the dairy business and the large number of hogs indicates they are using the two best mortgage lifters known to the farming world.

Do not overlook that school exhibit as it has many valuable lessons, showing the advantages of the modern methods of instruction.

The main pavilion was certainly a beehive, with hundreds of exhibitors putting on the finishing touches to the display that cannot be beat for quality. The growing season has been a good one in the valley and all the fruits, vegetables, and grains are as good as are produced anywhere and better than in most places.

The program Tuesday was an interesting one, but a few numbers failed to fill and it made it shorter than expected.

Cox proved an easy winner in the motor cycle race, with Olsen second. The 2:30 trot went to Vada in straight heats with Goldie second and Bonnie third.

The two year old trot required three heats, Bessie winning the first and third heats and the race, with Pacara second and Hens third.

The mule race was the best number on the bill and will be repeated later in the week. Virgil Smith first, John Rodgers second, Lorraine McWilliams third.

The cow pony race was won by

Turk with Spain second, after making a hard drive and coming from the rear, Elmer Dorry third.

The two year old race was a hard one for the judges. On the first race the horses got away to a bad start and there was a mixup near the finish so the judges concluded they should run it over and this proved a dead heat between White and Lorraine.

There were many exhibitions of fancy roping and riding bucking horses by men and women of the range.

The music by the Weiser band was fully appreciated. In the motorcycle race Wednesday A. W. Williams won with A. P. Tyler second.

Dan B. and Marie Fitzsimmons gave a good race in the 2:25 trot, with Dan B. nosing out ahead.

In the steer roping contest the men were short of roping horses and made several misses in throwing. Glen Walcott made the best time, 57 seconds.

In the bucking contest there were no spills, although several of the horses were good buckers.

The wild horse race brought them all to their feet and resulted in many spills. There were sixteen of them and it was impossible to keep track of over fifteen at one time. Earl McCullough got a bad fall and the horse rode by Hazel Walker went over the fence falling on her, but the soft ground saved her from broken bones. It was a case of riders, horses and saddles all mixed up together.

On Saturday there will be thirty in the wild horse race and you cannot even imagine what it will be like.

RAINMAKERS FESTIVAL AT BOISE TO BE NEXT

What will be without doubt the greatest civic celebration ever held in the northwest will be held at Boise during the week of September 22 to 27. In conjunction with the Rainmakers Carnival and Idaho Intermountain fair there will be the Boise Stampede produced by the famous riders and ropers from the Cheyenne Frontier Days celebration and a monster pioneer's reunion and celebration in observance of the fiftieth anniversary of the creation of the territory Idaho and location of Fort Boise.

The Rainmakers have planned on a greater and more magnificent carnival than ever before, the indications are that the Intermountain fair will be the most notable one ever held and with the two other allied celebrations the week of September 22 to 27 will doubtless bring the greatest crowd of visitors to Boise in its history.

The railroads have granted special rates of one fare for the round trip. Great interest is being taken in the Boise Stampede and riders from all the west are sending in entries in the various contests. The show will be even larger than the original at Cheyenne as there will be other riders in attendance in addition to those from the Wyoming city.

Moving pictures of several of the Rainmakers' pageants will be taken and the promise of the rainmakers "something doing every minute—day and night" will be fulfilled.

"BIG TIM" SULLIVAN DEAD

Almost Consigned to a Pauper's Grave When Found.

New York.—The body of "Big Tim" Sullivan, member of congress from the thirteenth New York district and a local Tammany leader, was identified by chance in a Fordham morgue, where it had lain for 13 days. Sullivan disappeared August 31, when he eluded one of his nurses, set to attend him because of a mental malady, and ever since then his friends had searched for him in vain. His body was on its way to the potter's field when the chance observation of a policeman who had known him intimately checked its course.

Robin, former New York banker, convicted of misappropriating bank deposits, pending the result of his trial before the impeachment court.

The state educational department was represented by Frank K. Wells. Mr. Wells used to be county superintendent of Multnomah county Oregon and did a great work there in
