SQUARE DEAL FOR ALL IS LEGION'S DESIRE

Has No Conflict With Patriotic Members of Organized Labor—Loyalty of Members Already Proven.

Portland, Oregon, January 27.—Franklin D'Olier, national commander of the American Legion, from national headquarters at Indianapolis, has issued the following statement regarding the attitude of the American Legion toward organized labor.

"The attitude of the American Legion toward organized labor is exactly the same as its attitude toward all groups of American citizens who are interested in a square deal for all in the maintenance of law and order and the protection of the institutions handed down to us by our forefathers.

"The preamble of our constitution expresses very clearly the purposes of the American Legion.

"The purpose of the American Legion is two fold—service to our comrades and service to our country.

"Under the head of 'service to our comrades' we will exert all of our influence and all of our strength to the end that the ex-service man, especially the disabled man and his dependents and the dependents of those who paid the supreme sacrifice, shall receive that just and fair treatment which they have reason to expect from a patriotic and liberal country.

"In serving our country we shall endeavor to keep alive that spirit of service which induced us all to respond to our country's call in the time of her need even to the extent of being willing to pay the supreme sacrifice. And this we propose doing by assisting in the maintenance of a hundred per cent Americanism based on fair play and a square deal for all.

"The members of organized labor are patriotic American citizens and the members of the American Legion are patriotic American citizens who have proven their patriotism and their loyalty. Consequently, on the purposes of the American Legion both they and we are in accord. Many of our most loyal members are members of organized labor, and it is our hope that we may be able to convince every ex-service man who is a member of organized labor that our purposes are the same as loyal citizens and that every ex-service man in organized labor will join the American Legion. All ex-service men who are members of organized labor have proven their loyalty and their patriotism to the country and now appreciate their responsibilities as citizens, and we therefore hope it will not be long before they all are active members of the American Legion."
