

## AIR CRAFT COLLIDE; NINE MEN LOSE LIVES

Vienna.—A military aeroplane accidentally rammed an Austrian army Parseval dirigible at the aviation field between Enzersdorf and Fischamend, sinking the great airship but itself going down to destruction as a result of the accident, with a total loss of nine lives.

The two air craft were 2500 feet aloft when the accident occurred. The aeroplane was swooping past the dirigible with a safe margin of distance between the two when it suddenly swerved almost at right angles, presumably due to some mishap to the steering gear, and plunged at full speed into the big gas bag amidships.

There was a terrific explosion and the airship took fire. The flames engulfed the biplane and in a few moments the remnants of both craft with their occupants crashed on the slope of a mountain.

The seven men on board the dirigible and the two with the aeroplane were all dead before those who rushed to aid them reached the spot. It was impossible to tell whether they were burned to death before they struck the ground or were killed by their fall.

### TART AMENITIES EXCHANGED

Antis Take Exception to Being Likened to Polecats.

Washington.—The headquarters of the National Association Opposed to Woman Suffrage issued a statement which charges that the suffragists called the antis "polecats" in a resolution adopted by the 47th annual meeting of the New England Suffrage Association. In their retort the antis call the suffragists "social revolutionists" and declare there is nothing in common between the suffragist and true feminist.

The antis say the New England suffragists passed a resolution at their annual meeting saying:

"We denounce as a gross slander the charge of the anti-suffragist that equal suffrage means loose morals, and we protest especially against their attributing to prominent women statements which these women have emphatically disclaimed.  
"These are the antics of the polecats when badly frightened."

### JUROR SEIZED AS SLAYER

Investigation of Girl's Death Under Auto Has Dramatic Climax.

Toronto.—The inquest over the death of Mary Mash, killed by being run down by a reckless motorist, came to dramatic termination by the arrest of John B. Whaley, foreman of the jury investigating the case, on the charge of having killed the girl.

Whaley was traced by a piece of broken glass picked up on the scene which fitted perfectly the broken headlight on his automobile. The foreman was taken from the jury box to the prisoner's bar.

After the accident Whaley drove on at great speed and escaped detection, it is alleged. On leaving the garage he was served with a summons to act on the coroner's jury and was elected foreman. The entrance of detectives in the progress of the inquest and the arrest on a charge of manslaughter caused a profound sensation.
