TWO PAIR OF BROTHERS IN BIG LEAGUES

There are two pair of brothers in big league baseball as the season opens for 1921, exploding the dope that great players never come from the same household. In the American League Cleveland has the great catching star, Steve O'Neil, whose brother, Jimmy O'Neil, is an infielder with the Washington team. "Doc" Johnstone, first baseman with the Cleveland champs, has a brother Jimmy also. The two played against each other in the world series last year, the latter third baseman on the Brooklyn Nationals.

The Chevrolet Plan for Distributing \$4,000,000.00

THE production schedule of Chevrolet "Four-Ninety" Models for the seven months from January 1st to July 31st, 1921, is fifty thousand cars. The Chevrolet Motor Company will give \$70 to each retail purchaser of a new open car or light delivery model, and \$100 to each retail purchaser of a new closed car, provided they manufacture and sell fifty thousand Chevrolet Model "Four-Ninety" cars between January 1st, 1921, and July 31st, 1921. This offer to be subject to the terms as set forth in full in the refund certificate which will be delivered to each purchaser. Fifty thousand cars is the minimum which will secure substantial savings in cost in manufacture. These savings will be passed on to the purchasers of these fifty thousand cars. This plan is in keeping with the Chevrolet policy to make the price of its product as low as quality manufacture on a large scale will permit. It is in keeping with the Chevrolet purpose of providing quick, convenient, economical transportation at a cost within reach of those who want an automobile. Each purchaser of a Model "Four-Ninety" will receive a certificate from his dealer, or from the Chevrolet retail store manager. This certificate will be redeemed as indicated on its face. This is a straightforward business proposition presented in a straightforward way. Whether you are in the market for a new car or not, you must not fail to learn the details of this unique and simple plan. It offers to every man of sound business judgment an opportunity to take advantage of the best automobile value obtainable. Retail purchasers of Model "Four-Ninety" cars since October 1st, 1920, will receive their certificates through their local dealers or retail stores on application to them.
