OF BENEFIT TO ALL

Kasparilla is the name of a new remedy most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value. If it fails to satisfy we authorize all dealers to refund the purchase price.

PYTHIAN KNIGHTS HOLD CONVENTION

WALLOWA AND ENTERPRISE
LODGE THIRD RANK TEAMS
HAVE CONTEST.

Enterprise won the drill contest at the Knights of Pythias district convention held in this city Friday. It was a splendid exhibition by both the Enterprise and Wallowa teams and the decision of the judges showed they were very evenly matched as there was only a point's difference. The judges were George Lindgreen and E. E. Bragg of La Grande and Frank S. Smith of Elgin. The winning team will represent this county at the state convention of the order to be held at Pendleton in June.

There was a large attendance, close to 100, in Fraternal hall and the entertainment was fine. The exemplification of the work of the third rank by the drill teams of the two lodges was of course the principal feature, but in addition the evening was marked by a good social time, and was rounded out by a delicious supper served by the ladies of Juanita temple, Pythian Sisters.

Following is the personnel of the drill teams:

Wallowa—Theo Williams, M. C. Davis, C. T. McDaniel, John McDonald, J. O. Kiddle, H. E. Driver, J. C. Baird, Kenneth McKenzie, J. H. Maxwell, J. P. Morelock, Bruce Cox, Charles Hug, W. S. Wilson, George Schaut, A. V. McAlexander, Henry Mehan, Paul McCusker, Johnnie Combs, Leslie Wiley, Jephtha Wolfe, Joe Crabtree.

Enterprise—E. B. Wheat, G. W. Hyatt, S. F. Pace, Charles Thomas, V. I. Cronin, J. W. Kerns, S. L. Burnaugh, Jr., Walker Franklin, S. E. Combes, G. M. Gally, M. K. Bue, F. W. Savage, S. B. Weaver, Sterling Smittle, C. H. Crumacker, J. B. Seibert, Bryam Mayfield, Hallie Boswell, Wm. Zurcher, W. I. Calvin, F. I. Vergere, Herb Browning, C. M. Lockwood.

ROYAL ARCH MASONS "HELP" AN OLD FRIEND

Seven members of Enterprise chapter, No. 30, Royal Arch masons, had the time of their lives in La Grande, Tuesday night, when on special invitation they saw the Royal Arch

degree conferred on three candidates, one of whom was John S. Hodgkin, formerly of this city. The Wallowa county visitors were Judge J. B. Olmsted, C. E. Funk, D. W. Sheahan, W. R. Holmes, Ben Boswell and Geo. S. Craig of this city, and Waldo Chase of Imnaha. One and all declare they were royally treated and made to feel at home and then some. The La Grande Observer tells of the

Great Time in the Temple.

There were great things doing at Masonic temple last night when the Royal Arch degree was conferred. Somehow, possibly by wireless telegraph, it became rumored that a once prominent citizen of Wallowa county was to be one of the "victims," and when the Wallowa county train pulled in there were eight or ten innocent looking individuals alighted and proceeded to let it be known that they had come primarily for the purpose of seeing this degree conferred upon their erstwhile friend and they did not want to be disappointed in not seeing the candidate duly and truly prepared in due and ancient form. In the Wallowa constituency there was one or two old line campaigners and they soon engineered it so their friend was to receive the brunt of the special features, and, suffice to say, the visiting brethren were more than well pleased with the evening's entertainment, which closed with a banquet. This was the first official occasion that gave the officers of Hope Chapter No. 9 an opportunity to wear their elegant new uniform, which is acknowledged to be the finest in the state. It required very little fancy to make one believe that he had been viewing King Solomon's temple with all the high court officials out to greet him. It was after midnight when the friends left the banquet table.

SHACKELFORD SELLS HIS PINTO HORSES

J. C. Shackelford has sold his team of pretty Pintos to Sam Litch for \$300. The horses are well known to almost everybody in the valley, where for several years, no matter how often one had seen them, he would turn and give them a second look as they went trotting swiftly by.

Riley and Day have just about completed the buying of a carload of horses, now having 21 head ready for shipment.

Fred Calvin has begun the erection of a dwelling in the southeast part of town.

HODGE HOMESTEAD BOUGHT FOR \$2400

SALE MARKS DISTINCT ADVANCE
IN PRICE OF HILL
LAND.

Moses Hodge has sold his homestead in the hills two miles north-east of Enterprise to W. J. Howard of Clarkston, Wash., for \$2400, and is to give possession April 1. The deal

continue. The United States government appropriates the same for this work as does the state, besides printing and distributing the maps. The state had previously appropriated \$5000 a year for this work, so that the total sum now available will be \$10,000 annually.

Indefinitely Postponed.

The bill proposing to increase the salary of the prosecuting attorney of this judicial district from \$2000 to \$2700, was indefinitely postponed by the senate. Senator Oliver said he had received several protests against it and no one had asked him to sup-

BUILD WAREHOUSE WALLS OF CONCRETE

CONTRACT AWARDED TO KNAPP
AND REYNOLDS BY WOOL-
GROWERS DIRECTORS.

The contract for building the fire-proof warehouse was awarded Friday to E. B. Knapp and H. A. Reynolds, the former taking the concrete work and the latter the carpenter. The building will be 50x150 feet in size, the walls being of 12 inch concrete. The main room will be 16 feet in the clear and not a post or pillar in it. The roof will be of the truss variety. There will also be an 8 foot basement underneath the whole structure. There will be wide platforms on all four sides, the roof extending out over them. The contractors will be under bonds to have the building completed by June 1st.

Three bids were opened Tuesday: One for stone by Stewart of La Grande, another for stone by Marks and Reynolds of this city, and the third for concrete by E. B. Knapp, the well known sheep owner, of this city. Mr. Knapp's bid was for \$8250, and was the lowest of the three, although only \$525 separated the highest and lowest. Marks and Reynolds' bid was \$8400.

Mr. Knapp has had experience in concrete building and erected a similar structure back in Michigan. A big fire destroyed buildings all around it, but the concrete structure only turned a trifle yellow.

The award of the contract was deferred for a few days to give time to investigate further concrete building material. The investigation was favorable to concrete. Certain changes are being made in the plans so that the contract will be for considerably more than the original bid of \$8250.

NEW CENTRAL HOTEL OPENED TO PUBLIC

The New Central hotel was opened to the public Monday night, supper being the first meal served in the splendidly appointed yet cozy dining room. Sixty-six meals were served, many townsmen dropping in to help celebrate the opening and to congratulate Mr. and Mrs. Bircher on their pluck in rebuilding so soon after the fire and on being thus so nicely installed in a home so much larger and finer than the one that burned a few months ago.

The dining room is certainly a gem and many strangers have admired it and say there is no finer one along the line east of Portland. The rest of the interior is beautifully finished and is in keeping with the pretty dining room. Mr. Bircher is pleased with the opening patronage.

Railroad traffic on the main line is considerably ahead of last year at this time, says Division Foreman J. H. Watson at La Grande. Business on the Wallowa county branch is away beyond expectations.

MRS. JOHN ALEXANDER STIRLING.

Mrs. John Alexander Stirling, the beautiful American woman who figured in the sensational divorce suit in Edinburgh, Scotland, is well known in Washington. Before her marriage to Stirling she was Miss Clara Elizabeth Taylor and was a popular figure in smart circles at the capital. The divorce trial involved some of the highest names in England, including Viscount Northland, whom Stirling named as corespondent in the case. Mrs. Stirling charged the beautiful Mrs. Mabel Louise Atherton as being responsible for her marital troubles.

was made through the Enterprise Real Estate company, being completed Wednesday.

The Hodge homestead is an average one for the hills, and the improvements are certainly not more than the average, and consist of a story and a half house of about 4 or 5 rooms, well, shed barn and other necessary outbuildings. Only a small part of the place is under fence and about 6 acres cultivated, but Mr. Hodge has uniformly raised good crops and has been especially noted for raising the hardier vegetables, cabbages, etc. There are about 100 young fruit trees on the place.

The sale marks a distinct advance in the price of hill homesteads, and many people believe the advance will be general and permanent.

Rent Prairie Creek Farm. Willard McCully and John Reid have rented the J. S. Crockett farm of 120 acres on Prairie Creek, for grain rent.

STATE GIVES ASSISTANCE TO IRRIGATION WORK

Salem, Feb. 17.—Among the meritorious bills increasing appropriations that have met with general approval, is that of Representative Rusk, giving \$15,000 annually for cooperation with the federal government in making topographical maps. It passed the house with little opposition. The bill is favored by the conservation commission of this state and is said to be necessary if reclamation work is to con-

port it, he therefore moved indefinite postponement.
