Press Association Of Inland Empire

Editors And Publishers To Form
Union At Spokane
May 8.

Spokane, Wash., May 6.—Editors and publishers of 370 daily, weekly and class publications in eastern Washington and Oregon, northern Idaho and western Montana, southeastern British Columbia and parts in Alberta have been invited by the Spokane Press Committee to meet in this city on May 8 to discuss plans for the formation of the Inland Empire Press Association.

The purpose of the organization is to unite the press of the country to work of more substantial and greater development of all parts of the inland Empire and to encourage the migration of desirable settlers and influx of capital to assist in building up the country and develop its agricultural, industrial and commercial resources.

The Spokane Press Committee, composed of a representative of every journal published in Spokane, headed by N. W. Durham, editor of the Spokesman-Review, will entertain the visitors. Following the organization meeting in the assembly room of the chamber of commerce at 1 o'clock the party will visit Recreation Park, where the Spokane Indians and the Tacoma Tigers play in the regular league series for the Northwest pennant. This will be followed by a seeing Spokane tour, and in the evening, beginning at 7 o'clock, there is to be a complimentary banquet in the Hall of the Doges.

"This organization will in no way interfere with the work of the state Editorial Associations," said Arthur Hooper, secretary of the Spokane Press Committee, "but is designed to be of more direct benefit to the various communities and the district as a whole than any other similar association possibly could be. We expect to have the cooperation of every editor in the country in this work, which is entirely in the interest of a greater Inland Empire."
