Wool—Eastern Oregon, 14@17c per pound. Mohair—\$2@33c. Seattle. Wheat—Bluestem, 94c; club, 88c; red Russian, 87c. Oats—\$23 per ton. Barley—\$24 per ton. Hay—Timothy, \$22 per ton; alfalfa, \$14 per ton. Butter—Washington Creamery, 33c; ranch, 22c. Eggs—Selected local, 31c.

THE NEW YORK PRESS SAYS

Osteopathy, the drugless science in medicine, is only about 10 years old. The word is not even in the Century Dictionary, edition of 1895. Its practice is going hand in hand with bloodless surgery, so in time we may expect to be cured without pills and without the knife.

Some principles are: "Health means perfect physical adjustment of all parts;" "health is natural; disease and death, between the time of birth and old age, are unnatural." "All bodily disorders are the result of mechanical obstruction to the free circulation of vital fluids and forces." "The characteristic generalization of Osteopathy in a nutshell is: "Most diseases of spinal origin."

If you wish to learn whether Osteopathy can accomplish something for you or for one of your friends, take the sensible course and go to the Osteopath. He will tell you, after a careful examination, what is the matter with you and just how he can benefit you.

VIGOROUS PROTEST MADE BY NICARAGUA

Representative of Dr. Madriz Presents Formal Statement to United States.

WASHINGTON. — Protest against the action of the state department of the United States in refusing to recognize as binding under international law, the order of Dr. Madriz, provisional president of Nicaragua, declaring Bluefields a closed port, and in refusing further to take seriously Norway's recognition of this order, was made by Corry M. Stadden, counsel here for the titular government in Nicaragua.

The statement in part says:

"King Haakon, having recognized President Madriz as the de jure, as well as defacto government of Nicaragua, as all other powers with the exception of the United States having diplomatic relations with Nicaragua have done, it was eminently proper for him to recognize the decree closing the port of Bluefields. This action was based upon a formal protest that vessels flying the Norwegian flag had committed hostile acts toward a friendly government."

Mr. Stadden's statement concludes with the observation that "If the state department will diligently observe international obligations due to a friendly state, the insurrection will soon be suppressed, with due care for the preservation of American lives and property."

NORWAY MAKES MISTAKE

CHRISTIANIA, Norway.—The foreign office states that the action of the Norwegian government in regard to the right of vessels flying the Norwegian flag, to enter the port of Bluefields, declared under blockade, followed the receipt of a communication from the Nicaraguan government. This communication, which came to Norway through its legation at Havana, set forth that the port of Bluefields had been closed to foreign commerce in consequence of the conditions prevailing in that country.

It is intimated that the Norwegian government acted under a misapprehension as to the Nicaraguan situation, and hence the statement of the foreign office explaining what it did and how it came to do it.

Cabinet Officers Mix in Politics.

VANCOUVER, B. C.—On their way to Alaska, where it is understood they are going at the request of President Taft to investigate and straighten political conditions in that territory, U. S. Attorney Wickersham and Secretary of Commerce and Labor Nagel arrived here from the East and took up quarters at once on the steamer Albatross on which they sailed Monday morning. Although Secretary Nagel, speaking for Wickersham, white indispensed, would not admit it and steered around the subject, it is intimated that the Alaskan political situation needs smoothing out at once in order that the party leaders can give their attention to fighting the growing insurgency movement in many of the states.

RAILROADS WIN VICTORY

Interstate Commission Not Upheld in Cutting Charges From Coast.

ST. PAUL.—The railroads won a substantial victory in the findings of Frederick N. Dickson, master in chancery. These are the preliminary findings in the lumber rate suit instituted in the fall of 1908 against the interstate commerce commission by the Great Northern, Northern Pacific, Union Pacific, and Burlington.

The railroads asked for a rate of 50 cents a hundred on lumber shipped from Portland, Or., to St. Paul, and for 60 cents for Portland to Chicago. The interstate commerce commission cut this to 45 cents from Portland to St. Paul and 55 cents from Portland to Chicago. Mr. Dickson upholds the contentions of the railroads.

Insurgent Women Parade.

LONDON.—The greatest suffragette parade that ever marched through the streets of London was seen Saturday when more than half a million women showed their indignation at the shelving of the Shackleton bill giving the right of franchise to women in parliamentary elections.

NEWS OF NOTED PERSONS

Secretary of War Dickinson has arrived at Manila.

President Taft is suffering with a sprained ankle, sustained on the Kebo golf links, at Bar Harbor.

The Western Federation of Miners passed a resolution declaring that the papers owned by William R. Hearst were "unfriendly to organized labor."

Edwin H. Harriman was worth \$71,000,000 at the time of his death, according to the records of the New York state controller's office, into which the inheritance tax was paid.

Retracting his declaration that he never would again re-enter the speculative arena and declaring that in his opinion the crux of the financial situation lay with the grain crops, particularly corn, James A. Patten, the erstwhile "cotton king," sailed for Europe on the steamer Kroonland.

CARDINAL GIBBONS.

Head of the Catholic Church in America, who received many congratulatory messages upon reaching his seventy-sixth birthday.

Three From Here At State Assembly

Hockett, Hyatt and Miller Represent Wallowa County Convention Republicans.

Dr. C. T. Hockett, G. W. Hyatt and A. C. Miller returned Saturday from Portland, where they attended the Republican assembly as delegates. Being the only ones present from Wallowa, they cast the full 18 votes allotted to this county, voting them all for Bowerman for governor.

Mr. Hockett says it was a great meeting, and everything was harmonious. No other candidate for governor except Bowerman had a ghost of a show, as the Condon man had gone out early and secured the votes. The convention took great pleasure in turning down Harvey Scott's nephew, Dunlway, for state printer. Clarke, editor of the Gervais Star, was nominated for that office. That was practically the only deviation from the slate.

Several of the joint-county districts took advantage of the occasion and made nominations, but none was made by the Wallowa and Union delegates. The latter asked the Wallowa delegates to name someone for representative and Dr. Hockett was proposed, but he vetoed the suggestion because a larger representation of our county was not present.

A Wild Blizzard Haging.

brings danger, suffering—often death—to thousands who take colds, coughs and la grippe—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-grabbing cough. When grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., after being "laid up" three weeks with Grip. For sore lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, it's supreme. 50c, \$1. Guaranteed by all druggists.

—All records in the deportation at Ellis Island have been broken in the last six months. More than 10,000 immigrants have been sent back in that period, while in the previous years the deportations have not exceeded 7000 a year.

CHICAGO SUFFERS SEVERE FIRE LOSS

Grain Dust Explodes in Malt Plant and Flames Devour Chicago Brewery.

CHICAGO.—A property loss of \$2,000,000 and 50 families made homeless was the result of three fires which swept over the northwestern part of the city Sunday. Hundreds of buildings were threatened with destruction.

The Northwestern Malt & Grain Co.'s plant, said to be the largest malting concern in the world, was damaged to the extent of \$1,500,000 and the brewery of Charles F. Ogren & Co. was virtually destroyed, with a loss of nearly \$500,000.

Both fires were said to be the direct result of the torrid wave which swept over the city from the South west, bringing the highest temperature of the year, and causing explosions of grain dust in both plants.

The fire in the Northwestern Malt & Grain Company's plant broke out at noon with a terrific explosion in the grain elevator, and before any attempt could be made to check the fire the huge building was in flames. The burning embers were carried for blocks by the high wind, setting fire to a score of cottages and residences in the vicinity. The entire district from Cortland Street to Armitage Avenue and from Forty-sixth Avenue to Forty-third Avenue was converted into a raging battleground.

TAFT FAVORS TWO FAIRS

Panama Exposition May be Held in Rival Cities Same Year.

WASHINGTON.—The idea persists that the Taft administration will favor two Panama expositions, as was originally suggested by the president at the California dinner, and it is regarded possible that congress will extend desired authorization to both San Francisco and New Orleans if they make satisfactory subscription showings.

The objection to attempting to conduct two great fairs at the same time is met with the suggestion that the Pacific metropolis should have its exposition in the summer and New Orleans in the winter.

Rawn May Have Been Suicide.

CHICAGO.—The murder theory of the death of Ira G. Rawn, president of the Monon railway, utterly collapsed, despite the fact that the family offered \$5000 for the capture of his "murderer." The family now faces a bitter court fight with the insurance companies to save more than \$100,000 of accident insurance, which is void in case of suicide. Their main hope seems to lie in a verdict of accidental death, from the coroner's jury.

RIOTERS ATTEMPT TO WRECK TRAIN

SOUTH BEND, Ind.—As a climax to a night and a day of rioting in the yards of the Grand Trunk Railway in which a freight train of 50 cars was cut into ten sections, Pinkerton detectives were stoned, and five passenger trains were stalled for hours, an attempt was made Sunday afternoon to wreck east-bound passenger No. 8, known as the Detroit and New York express, due in South Bend at 1:51 o'clock. The engineer, by chance, saw the thrown switch in time to bring the train to a stop to prevent a catastrophe. When he left the engine to investigate he was stoned by a mob, mostly foreigners, but the timely appearance of police prevented him from being seriously hurt.

Governor Marshall declined to send state troops to South Bend upon a request by message from the superintendent of the Grand Trunk Railway.

Woman Suffrage Opposed.

SALEM.—Negative arguments have been filed with the secretary of state against the woman's suffrage amendment and against the creation of Orchard county. The amendment is opposed by the Oregon State Association Opposed to the Extension of Suffrage, and the new county by the executive committee of the Anti-Umatilla Division league.

POLITICAL NEWS

In accordance with the provisions of a bill passed at the last session of congress a special election was held in Hawaii Tuesday, when the people of the territory voted for or against liquor traffic in the islands.

At Tulsa, Okla., Senator Gore told an audience that he considered him self good timber for the democratic nomination for president.

The returns from a large number of the democratic conventions, in Minnesota, held to select delegates to the state convention, indicate an overwhelming sentiment for John Lind, of Minneapolis, ex-governor of the state, as a candidate for governor.

Returns from throughout the state indicate that O. B. Colquitt has been named the democratic nominee for governor of Texas and the plan to submit a state wide prohibition amendment to a popular vote has carried in the primaries.

MRS. ELLA FLAGG YOUNG.

Superintendent of Chicago's public school system, who receives a salary of \$10,000 a year, is one of the highest paid woman workers in the country. Mrs. Young was recently elected president of the National Educational Association.

MINNESOTA MAY NOT LEVY STATE TAXES

State Has Nearly Four Millions in Its Treasury and More Coming.

MINNEAPOLIS.—Citizens of Minnesota may not be called upon to pay taxes next year. At present the treasury of the state is groaning under the burden of a surplus which has never been duplicated. On October 1 there will be nearly \$4,000,000 in the state treasury.

The unusual amount of money in the state's cash box has come about through the successful settlement of cases which have netted the commonwealth large sums of money. The largest of these items came from the settlement of the lumber cases, the gross earnings tax cases, the Kennedy inheritance tax cases, and others. Not only have large sums of money come into the treasury, but they will result in constantly augmenting streams of gold in the direction of the state's coffers, so that Minnesota bids fair to become a state unique in the history of taxation—a state that may find it not necessary to tax its people one cent for the general maintenance of state government.

Wheat Crisis Now Over.

CHICAGO.—It is believed in the wheat trade that the worst has been heard regarding the spring wheat crop of North America.

Apple Crops Are Sold.

HOOD RIVER.—George Rae, of Rae & Hatfield, wholesale fruitmen of New York, opened the apple-buying season here by buying the entire crop of Sears & Porter and August Paasch. The Sears & Porter and Paasch orchards are the largest in hearing at Hood River and it is estimated at this time that their combined output will be 30,000 boxes, most of which are Newtowns and Spitzenbergs.

Good Will.

Have good will to all that live, letting unkindness die, and greed and wrath, so that your lives be made like soft airs passing by.—"Light of Asia."

ITEMS OF INTEREST THROUGHOUT OREGON

Chronicle of Important Events of Interest to Our Readers.

Assembly Makes Selections.

PORTLAND.—The republican state assembly, which met in convention here, named the following ticket:

Representative in congress, first district—W. C. Hawley, of Salem; representative in congress, second district—W. R. Ellis, of Pendleton; governor—Jay Bowerman, of Condon; secretary of state—Frank W. Benson, of Roseburg; state treasurer—Ralph W. Hoyt, of Portland; superintendent of public instruction—L. R. Alderman, of Eugene; state printer—William J. Clarke, of Gervais; attorney-general—J. N. Hart, of Baker City.

Convicts to Be Measured.

SALEM.—Tom Wilson, bookkeeper at the state penitentiary, is completing the installation of the Bertillon system at the prison. Under the system to be used by the state, eleven measurements will be taken six of these to be used for filing purposes. It is planned to arrange for a system of exchange with all of the penitentiaries in the Western states, thus keeping in touch with thousands of convicts. The finger print system is already in use at the Oregon prison.

Girl is Spirited Away.

KLAMATH FALLS.—The disappearance of Miss Cora Seaton, the 18-year-old girl who confessed to having set the fire which destroyed the Dave Shook house and barn on the 6th and 16th of April, is causing the county officials much worry. That the girl was spirited away to keep her from testifying before the grand jury about the Shook fires is the theory of the police.

Grouse Fruit and Corn Crops Fine

Long Spell of Dry Weather, However, is Bound to Injure Spring Grain.

Grouse, July 16.—The weather continues hot and dry, the mercury going from 90 to 100 for the last 10 days. Harvesting is in full blast on all the bench lands, while on the higher Grouse flats the crops are later and suffering from the continuous dry season. The crop is said to be under the average. The fruit crop is heavy and in fine condition. The corn crop is in fine condition, and with a few showers of rain the yield will be good, while if the dry weather continues through August the crop will be short.

D. A. Silver has the lumber for the Troy mill house all ready to be hauled on the mill site and ready for construction. The work will be commenced at an early date and proceed forward as rapidly as possible to completion.

The railroad survey up and about the Grande Ronde river, is proceeding slowly. It will be several weeks yet before the corps of engineers meet.

The hotel at Troy is crowded. There are eleven regular boarders including the bridge men and a number of visitors daily. Here we are looking forward to a rapid development of this part of Wallowa county. We have the soil and climate with the grandest water power and timber resources of any section of the state. While we have so many natural advantages will we are not to find in the way of public roads. The first roads that are laid out usually are inadequate in any section. That is the present condition of this part of the county. As other improvements advanced, however, our roads must also advance. The road supervisor said he could not keep the road in good repair three miles from Troy with the \$190 at his command.

The telephone line from Grouse to Anasone is now complete with the exceptions of a switchboard at Grouse which will soon be installed.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels, to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by Burroughs & Mayfield and all good druggists.
