

The Great Spring Medicine

In thousands of homes, for more than thirty years, Hood's Sarsaparilla has been taken, as a Spring Medicine, by every member of the family.

Peculiar to itself in what it is and what it does, it combines the best blood purifiers, appetizers and tonics, and effects complete cures of Spring Ailments—all blood diseases, pimples, eruptions, eczema, scrofula, all stomach, liver and kidney complaints, loss of appetite, that tired feeling, all low or run-down conditions of the system.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in the usual liquid form or in the chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

PANIC SEIZES PEOPLE OF CAPITAL

Hundreds Poured Into Foreign Embassy for Protection—Parliament To Issue Formal Decree.

Constantinople, April 24.—Fighting between the army of investment under General Mahmoud Schefket and part of the troops faithful to the sultan began at 5:45 this morning in the southwest part of Pera near Yildiz Kiosk.

Constantinople, April 24.—The advance of the concentrated army of investment was begun last night. While the favored troops of the Constantinople garrison were giving homage to the sultan on Yildiz hill, there was a forward movement of the Constitutional forces to within two and one-half miles of the Yildiz Kiosk. Cavalry went out to reconnoiter and soldiers were sent to picket the bridge across the Sweet Waters.

There was a great panic. Shopkeepers in a large part of Pera put up their shutters. British Ambassador Lowther was caught in the swirling crowd near the embassy and hundreds of frantic persons poured into the embassy compound, imploring asylum. The gates of the embassy were closed with difficulty, but it was late in the afternoon before the refugees were reassured and sent homeward.

A dispatch from Salonica declares that after a consultation of Schefket Pasha and the assembly with Mohammed Rehad Effendi, their apparent to the throne, it was decided to demand that the Sheikh-ul-Islam issue a decree proclaiming Mohammed Rehad Effendi sultan.

SUNDAY OPENING FOR FAIR.

Directors of A.-Y.-P. Plan to Keep Open Seven Days a Week.

Seattle, April 24.—The Alaska-Yukon-Pacific directors today voted unanimously to open the fair gates on Sunday. On week days the fair will be open from 8 a. m. until midnight; on Sundays from 1 p. m. until midnight.

The same agitation against Sunday opening that every fair in the United States has encountered was met by this exposition, but as the Federal government made no loan to the Seattle fair, settlement of the question was left not to congress, but to the directors.

Today's decision permits Sunday opening of the "Pay Streak," which was the chief point of attack by the United Clergymen. Under the state law the amusement enterprises must be conducted quietly on Sunday, without "ballyhoo." The government building will not be open, and such of the exhibitors as desire to close will be permitted to do so, but it is believed all the state buildings will be open.

CASTRO SEES AMERICAN PLOT.

Says Uncle Sam Plans Conquest of South America.

St. Nazaire, April 24.—The steamship Versailles, with Cipriano Castro, the deposed president of Venezuela, aboard, arrived here at daylight. Before Senator Castro left his cabin he sent for a newspaper correspondent and, sitting up in bed with a nightcap on his head, delivered a long and rambling harangue. His remarks were directed principally against the United States for "playing into the hands of his enemies in Venezuela and sending warships to follow his movements."

He declared Venezuela was lost if the people submitted like slaves to foreign meddling. When asked regarding his future plans, the deposed president said he had made none, as he considered himself a prisoner of war.

Delays in Graft Trials.

Los Angeles, April 24.—The cases of ex-Chief of Police Thomas H. Broadhead and ex-Police Commissioner Samuel Schenk, growing out of indictments by the recent grand jury investigating the redlight graft scandal, came before Judge Davis today for arraignment of the defendants. Technical objections were entered by counsel for both defendants, and their cases went over until next Tuesday. Broadhead is charged with accepting a \$1,000 bribe and Schenk is accused of attempting to bribe the city prosecutor.

Asiatics Menace Islands.

Los Angeles, Cal., April 24.—"Asiatics now are great aids to the development of Hawaiian resources, but ten years from now they will have become a menace." So says J. Kudia Kalani-ansole, better known as Prince Cupid. Hawaiian delegate to congress, now in this city. "Hawaiians and Americans will not work in the fields as laborers," he continued, "and so Asiatics are the only means the Hawaiian capitalist has of developing the islands."

Cunard Line Feels War.

Liverpool, April 24.—Presiding today at the annual meeting of the Cunard Steamship company, Sir William Watson attributed the disappearance of the dividend last year to the rate war and the decrease in the number of travelers. Business since January 1 had been satisfactory, he said.

ICE JAM YIELDS.

Small Opening Made in Niagara With Dynamite.

Youngstown, N. Y., April 23.—A breach was made today in the great ice jam which for ten days has held the lower Niagara in its grip and caused damage estimated at \$1,000,000.

Engineer Kunz and his men hammered away and at 5 o'clock the blast from 150 pounds of dynamite sent a tiny rivulet trickling through the east side of the jam. At dusk further explosions and the ceaseless grinding of the floating ice had broadened the trickle to a bold young stream.

Engineer Kunz expects that the channel will be widened during the night, and that by morning there will be a broad avenue.

The dynamiting attracted less than 500 spectators. Some chunks of ice buried themselves a foot in the earth. One crashed through the roof of the pumping station.

The main mass of the ice from the mouth of the river, 10 miles north, is apparently as solid as masonry. About 100 feet from the shore a narrow channel is swiftly running. About 80 feet north of the head of this channel is a good acre of green water streaked with chunks of ice.

The jam is of appalling proportions. It is 12 miles in length and in many places 60 feet in depth, and represents millions of tons and a strength power enough to annihilate the four villages along its border. If it should start to go out all at once. Another element of horror is its pestilential nature. Mingled with the slushy ice cast high on the banks is a week's sewage from the cities along the Niagara frontier.

SULTAN GIVES IN.

Surrenders All Power to Parliament and Awaits Decision.

Constantinople, April 23.—The Young Turks have won another victory over Sultan Abdul Hamid, but whether the sultan will remain as sovereign is yet to be decided, although he has offered to place the affairs of government entirely in the hands of ministers responsible to parliament.

The sultan also agrees to replace the Constantinople garrison with troops that have been investing the city for four days.

The chamber of deputies and some of the senators met today at San Stefano and are now discussing the question of deposing the sultan.

The concentration of the investing army is complete and doubtless the next 24 hours will decide the fate of the sultan, who remains passively at his palace, awaiting the issue.

For the present there need be little fear of bloodshed within the city, but there is much to be feared from the riots and massacres that now are sweeping over the districts under Turkish domination.

MASSACRES SPREAD NORTH.

New Regions Affected by Fanatical Wave of Slaying.

Constantinople, April 23.—The spread of the wave of massacre and death to Erzerum, the principal town of Turkish Armenia, in a district far removed to the north from that hitherto affected by the wave of fanaticism, is leading to the conclusion here that the outrages are being inspired by the sultan, more or less directly, as a counter move in politics to the constitutional movement of the Young Turks.

Weight is given this conclusion by the change in feeling on the part of the Armenians, who are now ceasing their enthusiastic hailing of the constitutional government, and appealing again for the laws of the Sheri and the sultan. That the Young Turks have been very friendly to the Christians is a matter of record; and the fact that the fanatical Moslems have been roused to attack Christians is regarded as an indirect way of bringing pressure upon the Young Turks by many in well-informed political circles. Horrible as this idea is, it is fast gaining ground, and the behavior of the Armenians themselves in abandoning their appeals to the Young Turks and placing reliance on the sultan is further proof of it.

Critics Are Welcome.

Los Angeles, April 23.—A unique innovation in municipal affairs is a clearing house for all city business which Mayor Alexander established today. It is expected to effectually end the insistent complaint heretofore prevailing that private individuals could not get access to or action from public officials. Under the new system the mayor will not only receive, but actually invites complaints, criticisms, new ideas and suggestions of all kinds which may result in the betterment of conditions in any direction.

Ice Dams Niagara River.

Niagara Falls, N. Y., April 21.—Ice conditions in the Niagara gorge are worse than ever tonight. Immense blocks of ice have grounded on a sand bar at the river mouth forming a solid barrier against which thousands of tons are piling up every hour. Tonight the river is five feet above the high level of Monday, and at the highest mark ever recorded on that stretch of the river. The ice is within 18 feet of the floor of the Lewiston suspension bridge.

Assassin Uses Dynamite.

Chattanooga, Tenn., April 23.—Rudolph Buol, aged 55, was assassinated at a late hour tonight while asleep. The murderer opened Buol's bedroom window and placed a stick of dynamite on his bed, exploding it with a fuse. Buol was killed instantly. His wife, who was asleep at his side, escaped injury.
